Yuri Tsubada

Dear Yuri:

It was nice to see you & Kan. Both look well. I hope books were auto-purged okay, but so much these days with only bird bones for myself, so I don't sleep much. I still have the ~~task~~^{to do} of one woman machine.

It was fun going home with Steve & Popie & not ~~stopping~~ one station before they stop. It was busy time so you & Kan ^{could} go directly upstream and arrive Trubie.

Be happy you are settled. My life is just beginning. I hope I keep my health to fulfil my goals.

Happy Spring -
My love M no
