13. First day of school. Spent with
Kam. Gee, it's a queer feeling. Only
thing that was wrong was that
I had the course upon me. The
first day too. Had an terrible
time getting my program
fixed because it was wrong. It
was account of Geometry. Had
lunch with Mae Speer, Rose
Speer and Grace Hunt. I also
came home with them. Now that
my program is changed maybe I
won't have Mae & Charlie John-
son in my class. Oh, gee.

Saw Florence Foley who was
helping Miss Tuddle. Also
met Kelly, one of Stake's
well friends. I like
Miss Jones already. I have

- Miss Jones for major, Miss
Hansen for gym; Miss Myers
for French, and that's all
I know. Small school. I
spent \$1.04 already. Well that's all
- 14 - Pretty good. My program is
O.K. I like Miss Graham pretty
well. Gee lots of homework
already. Went to town after
school to get gym things. That
met few of her friends at Maxwell
- 15 - met Florence Foley on the car
in the morning. Loads of homework
- 16 - Got my locker today
- 16 - They're going to have Miss
Jones for gym. Hurrah.
Gee, homework is homework
- 17 - It's taken around and
told the gymnasium works.

Gee, Miss Jones asked me loads of questions from the card. What questions!! Went to Mt. Eden to get cucumbers after supper. Oh, one week gone since school started.

18 - Stood home most of the time. Went to Ethel's a short while and also went to get cucumbers in the evening.

19. Sunday School and most the time studying.

20. We wore gym suits and had showers for the first time. It's "been". Getting a number of friends now. Went over Louise Murrish's house after-school and had

to wait $\frac{1}{2}$ of an hour. Vesta
& Hallie were too silly and
it got boring so it was
not fun at all. "Oddie" was
there too. I like her the
best yet.

21. Nothing special but regular
school day.

22. We danced or exercised inside
today in gym. Such fun.
Went to learning but she was
in bed sick so returned
home. Had a hamburger sand-
wich. Yum! Yum!

23 Sophomore Party. Great Fun.
I had "Kelly" for my guardian
or Hostess and gee I and
she went all over. She in-
troduced me to so many

people of most who knew
Hak. Talked with Avis Young
who was in charge. I love
both Kelly and Avis. Of all
the sandwiches that Kelly
didn't not eat. I think I
had most fun of most any-
one. Thanks to Kelly. I had a
shot with Miss Jones too.

24. Another week gone. Nothing
special today. Visted Claire ^{school.} after

25. Br. Very cold. Went to town
to get material for sewing. Hak,
Lon, Kaech, & Ma went to
Stanford. # * * - Yum.

26. Much ~~A~~ warmer. - Went to
the ranche. And went by
the Oakland Airport on
the way back home. What

a change. Such a stage.

27. I've got P.E. Roll Call No. & Shower No. in Hygiene today. Miss Jones a "kick." Kaech came after us at school. Don't feel like studying at all.

28. Had a standard test, oh boy they're hard. I've had our Geom. teacher changed. Took the train home.

29. In gym I had a big laugh when I was behind Miss Jones in like "a choo-choo." I tried to keep it back but it was not successful. Miss Jones laughed afterwards too. I love her. I went with Florence B. after school to Lockwood to see the teachers. What "shot" "Tummy" feels upset since lunch.

30. Practiced basket-ball after school.
Then stood until 5 o'clock to
see the Soph-Army game.

Had 2 doughnuts after this.

Oh, yes, the first assembly.

A candidate assembly. Goes

Young + Jim H. are running
for the president of the stu-
dent body. Ate with Florence D.

31. Stayed for G.A.A. Was with
"Kelley." Ate + came home
with "Flo", she's the one
that I go with most now.

My gym bag ripped today
in front of the lit! How
embarrassing. Nice, enjoyable evening.

1. Washed my hair and went
to library ~ main. Wrote
letters.

2. Went over Ethel's and

wasted about 3 hours
there. Expected to study
at night but when to
ゴキウツキヨウカイ to see my
first Japanese movie-
picture

3. Expected to study all
morning but didn't.
Expected to do my Eng-
lish in the afternoon
but I went to Mt. View,
Palo Alto, & saw the
Stanford's stadium.
Never got home until
6:30 P.M. so had to stay
up late in order to
get my homework
done.

4. At the beginning of 2nd period

or gym I was called to the office for the music lessons. When I returned they were dancing and I did not have any partner. I just sat down at first but later I had to be Miss Jones partner. Oh, gee. Thank the goodness that I did it good enough. I love her. I went to the car-barn. Gee, but my legs ached so much that I felt like going to bed but no, homework keeps me back.

5. Hygiene, Gosh, I don't like it & Miss Jones started today with doses of it but

she had to because there is a course of study. Avis did not get it for "Presy" of the student-body. Too bad. Went to see the music teacher and so I brought the slip to the office after school which detained me. Since I was late I met Miss Jones and she gave me a ride home. Talked a lot too. I hope that she stays at least my three years of high school cause I even "kinda" like her better than Miss Calner.

6. After gym playing was over I had to go back to get a ball and then

talked awhile with Miss
Jones. Took my first
music lessons from
Miss Burkman. Gee,
but she's so different than
Miss Santana. I like
" " better. After
school basketball
practice. Gee, but I
made an awful blund-
er. Since I ~~was~~ was in
the 4th group we were
the last ones to take a
shower & I had to go
home alone. I nearly
got a ride again but I
thought I had better not
so I looked the other
way so that I wouldn't

catch Miss Jones eyes. Evelyn Fair is jealous pink 'cause I got a ride. Em, Kaeck, Lon + Mo went to S.F. in the evening.

1. I really at last gave my speech on London. I'm glad that it's over. We had a assembly and gee but it was dry. A man, the head of the social studies department spoke too long that's why. No G. A. A. meeting and "Fls" went to another meeting so I came home by myself. After supper, I cleaned my small trunk

and drawer; also fixed them.
8. In the morning, I made
my bed, swept porches, clean-
ed combs, ironed handker-
chiefs and ironed dress.
I met to the lib. in the
afternoon at 2:00. Since we
went to Jackson's first, and
then to Capwells and Tafts
and Penroyer for my
lace I didn't get there 'til
3:45. After lib. at 4:20 I
walked around town. Gee,
I had a shot, I went to the
Metropolitan and the 10 cents
store too. I just missed a
train and then Lon picked
me up. And after all, I
didn't get home in time

to practice.

9. Went to the ranch and did my English there.
10. Started to practice piano for it was my first chance and we had company. So I did odds & in the afternoon I studied before I went to see King of Kings. Swell but I never cried so much in all life at a show. Slept almost all the way through it. Gee, Tok, Hak, & I had a shot. We had a soda and then of all the candy we did have. We never got home til 8:45 and I ate a whole meal then too. Off to slumber. ²⁰ Oh,

yes, I found out that if I
did stay home I wouldn't
have a chance to practice
because we had company
all afternoon. Full!! ~~zzzzz~~
~~It rained that night or this night.~~

11. Nearly forgot my gym
socks & had to come back
for them. A dancing test
in gym oh, yo, yo. Report
cards soon. After school
basketball. What fun. I
got car sick for the first
time since long ago. It
was because I was hun-
gry. Practiced after I got home
till supper. After supper, I
was so full, that I couldn't
do much but I did my
studies and went off to bed.

I strained this night.

12. Ugh, Hygiene today. Came home with Florence up to Fruitvale. Practiced.

13. Gee, I don't care for Miss Adams very much. She gets too impatient. Had my second music lesson. Wak came to school today and visited Miss Sheridan and the gym department. She told Miss Jones that I was "crazy" over her which I'm quite glad that she did. We then went to the Circulation Library and on the way home from there we had cut-cakes, a snail like and ice cream. Oh, boy, it's warm today. Stud

Oh boy, nice big dish of ice-cream with strawberry jam on it. Hot, baby!

14. Oh, the weather was horrid. It was not the real sun hot but stuffy hot. Awful! I had to laugh to myself when I saw Miss Jones today. Ugh, a French Test today but we sang. I can't like Miss Adams. Miss Palmer let me bring my sewing home. And when I got home I was silly and so was Wak so we had a shop. I made a small sock after supper and answered letter. Oh yes ice-cream again

with hershey - melted on it.
Yum, Yum.

15. I did my regular sat.
duties (^{sheep patches} clean combs ^{make my bed}) but
today I swept up the
leaves and for the
first time I cleaned
Nick's room all by my
lonesome. Pak, Tok, and
Kan went to see Oracala &
Ma and Lon went visiting
I practiced an 1 1/4 hrs and
then I did some sewing,
fed the chickens and we
also had a nice tea. I
did some sewing and
reading in the evening.

16. The weather was much
cooler and a little breezy.

today and it was much better than the other days. Mrs. Dykes came over with her husband, son, & daughter. They stayed 'til 3 o'clock and then I did some odds for a short while. Then I studied. Since there was some company we never ate 'til 6:45. Then I studied again which is natural. I won't put down studying everyday anymore 'cause it's a daily work as same as going to school. Practice will be done as treated in this diary the same. O.K. with the day gone by.

17. I got a ride to school from Miss Jones. She's a shot. I got a 4 for conduct in English, gen & it wasn't my fault either. Not ^{much} homework & went to sleep a little earlier and to I came home about the same car with car and then walked home with him.

18. Dancing. Avis was laughing and I did the same. Mrs. Dyke did so too. Miss Jones said that I'd make a good guard for after-school practice. Played inside. A pretty good game. Only a little geom. and a long "résumé pour français". Gee I'm glad it's over with. Was glad to get to bed.

19. Gave talk in hygiene today
and I think that I got a 1
I got report cards today &
I was the highest in our
majors. ^{Sym. 1} ^{Geom. 1-} ^{English 2}
Cloth. 1 French 2
Miss Palmer wants me to
continue my sewing
throughout high school she said
that I sew well and handle
it well. Miss Jones Oh boy.
Went to Lockwood with Florence
& saw quite a number of
teachers. Met Claire there
too. Walked home together but
"Flo" took a short cut. Ma
was sick. Lots of coughing.
I'm going to try and get
a one in English.

20. Started the day wrong by

- having a little quarrel with
Kan. He had ~~hygiene~~ posture
picture & then we had to write
about it, ugh. Gee, it was
roasting, horrid hot. Took
train home. Didn't go to the G.A.A.
party 'cause it was too late.

When I got home I had a
horrid quarrel with Kan, he
tried to get funny with the
chair. He wouldn't give up
and neither would I. (he had a
magazine & I had a
I had to go first 'cause I had
to go ask ma something. It
became cooler and I did my
work & went off to slumber.

Had ice cream twice.

at Weather wasn't than yesterday. Found my purse on rather

had it returned. Talked with Ethel
None special today.

22 This is quite cool. Just because
I wanted to be hot so that
my hair would be better
after it was washed. Went
to the photographer after
supper with Wak & she
treated me with a ham-
burger & did it taste good? Oh yes
Gee, all the candy I've eaten.

23. Went to Mills in the afternoon
and saw Lissner Hall and
the new music building.
Embroidered & studied. Wak
will soon be off for
Stanford.

24. Cold and looked like rain but
it did not. Nothing out of unusual

25. Cold today too. Dancing oh gee
Got on the first team for
basket-ball. Oh boy. Miss Jones
gave me a lift. I asked her where
she lived & she said on Euclid. Her
house is set in ^{tree} & many streets
around her house. She also said
that Miss Hansen told her that it
was against the rules to pick
kids up (I guess it means only in the
morning.) Didn't practice much.
Hate scoles!! Good night. Sweet dreams
Took $1\frac{1}{2}$ to do my geometry. ^{me 5} ₄₉ 1

26. Was shirring so didn't wear my
coat then when I got off the
street car it started to rain but
it was nice & shirring when
school closed.

27. A pretty good assembly

today. I enjoyed it. Just got $\frac{1}{2}$ hr.
of piano lesson but will get
the rest next time. Brought
Kari's books home for him 'cause
he went to the observatory &
went to get the pictures.
Nothing else unusual.

28. Lost my everdays and fountain
pen & only knew it at
the end of the third period.

Went to my first football game
held at Fremont & against
Alameda. We won 7 to 6. We
about 1 ft. more than they
could have gotten another
gold but they (us) held the
line. Met Florence Foley
there and I walked home
with her she wanted to go

to the library & so I went
with her but it was closed
I walked 'til 64th with her &
then I found out that I've
walked too far towards E. 14th
St. so I never got home 'til
6:30 & running too.

29. Sewed all afternoon & did
my regular morning duties.
Wrote letters & cut pictures
out for English. Wak will
be off for Stanford tomorrow.
She was packing when I
went to sleep.

30. Wak went to Stanford U.
We had a swell meal
I didn't go to Stanford. I had to
start putting hot water bags in.
Oh, when Kaech & Ha I took Jigg,

out he got a cat & what a time
trying to get it away from here
but thank goodness the cat
never died. It is gone.

1. Went to town after school to get
car tickets but couldn't get the
S.P. train ticket.

2. We had a dancing test & how I
do hate it. I think sometimes that
I like hygiene better & we have
it tomorrow. Saw the picture
of Douglas Fairbanks in "The
Gauchos" at school & it was
pretty good. We played the H.10s
after school. At the end of the
half, Marjorie put me on the
second team gee really I was
mad but no-one knew it so
that was O.K. The first team

won by 1 pt. - 16-15 and the 2nd team was a tie. The never got done 'til 4:25 so when I was ready to go home Miss Jones saw me & she offered to take me home so I got a ride home. The radio was on since I got home so I never got any time to practice. Put the hot water bag in for the 2nd time & spilt a lot of water. Study!

3. Hygiene Tests made 90%. Gee I had better be more careful in Geometry tests as I won't get my 1- again. Cold again. Timed H 12 vs L 12 game & L 12 won. I got mad at Kan & so got little practice. Good night.

4. We stood in in gym & we had Miss Hansen & oh boy boy what exercises she gave us. I'm mad at Maizone Evans 'cause she didn't leave me play in the game vs. H. H. She let Murrell's play who was really on the second team but ^{M. got} ~~let~~ ^{her} as sub. on first team & didn't even let me play 1 quarter. A tie score - 14 - 14. Hope L. I. O. wins. I got a lift from Miss Jones this morning. I'm crazy over her. Have kept all training rules. Attended my first rally for the beginning of the O. A. L. football season.

5. Miss Jones was sick today. Went to my first O. A. L. football game. It was held at Mc Clymonds & vs. Mc Clymonds. Mc Clymonds won 25 - 6. Got out at 2:25 to go. Never got home

until 6:50.

15. Practiced until 3x at 3:30
Mak came home and I felt
very sick & at 5, I went to
bed. Felt better after
supper. 1 time at night I
didn't feel so good.

16. Sewed all afternoon. After
supper I went to Stanford
University. Nice ride it
was. Got home about 10. The
Stanford is a "nifty" school
& saw Miss Jones. Felt quite
sick at 3rd period & not
so bad throughout the day.
Had loads of things (homework,
to do so good - night after
it was all done.

17. Got 80% in test. I'm careful.

I could croak myself for that.

Maijorie said that she would let me play & then when afterschool came she didn't even let me play one quarter. Gee I'm sore. Anyway the L 10s won 9-8. Alice was absent too and Lillian Hutchingson didn't come & Mabel Evans had to quit on account of her finger. Hurrah! ~~Had~~ loads to do for homework.

10. L 10 play L 12 for the championship game & L 10 won 20-16.

Maijorie didn't let me play this time either. Gee I'm sore. Dear Mary de Gama sympathize with me. Tok's birthday was yesterday but we celebrated

today.

11. Had a posture test today & gee I had a 1 'til the last moment then I got a (2) gee I'm mad. I won't get as many basis this time but I'm determined to get all the rest 1st

Gee I don't care for my music teacher. Cold today.

12. Football game today. This ends this quarters records. Football at Fremont against Roosevelt. Score was 0-0.

13. Went to town to get the material for sewing. I met Ruth Bued who I haven't seen since the 8th grade.

14. Went to my first wedding which was at 83rd Avenue church. It

was Christian Jensen's & Robert Wright's wedding. It was very nice. She kissed us when we went out. Went to play tennis after Sunday School. Nothing else of special. Horrid writing.

15. Nothing special then the regular school day & duties.

16. Nothing special today except I got a letter from Jake.

Miss Jones has nice big eyes especially when she was doing the doll dance today in gym.

17. Got a ride from Miss (dearest) Jones today both in the morning and afternoon. She said that she was suppose to go to a teacher's meeting but her sister was sick. Now I know she

had a sister. Got report
cards today & I got. Eng. - 2
Gym - 1 French 1 (I didn't expect it)
Geom. 1-4 Clack. 1. I'm pretty
happy. It was also elected cap-
tain for volley ball. Kelley
was nominated as manager & I'm
glad that she did & so was Miss Jones.
18. Real foggy in morning but
warm later. First Troupers
program & it was swell. Music
lessons which were pretty good
19. I got a lift from Miss
Jones this morning again
and she said that she was go-
ing to give a party soon & that
she was going straight home so
if I could go with her ^{home} I
thanked her & told her that

I was going to the football game
so I couldn't. She played
volley ball with us and what
a "shot". Went to the D. A. L. game
against Oakland & we won 8-7.
Sat with Kelley, & Quis & a bunch.
Kelley told me Miss Jones did not
have any mother, her father
was a real estate man & she
said that she thought that
Jonesy was giving the party for
an engagement or something
of that sort. No wonder she
said that she was sick to
think that her sister was
sick to think of it.

20. Very cold. & stood in house
all day & read my English &
cut pictures for English.

21. I washed my hair. I went to Stanford to bring Tak a costume. If we had come straight home we would have got home by 6 & then I would have got to bed by 10 but we went to Happy Garden to eat & then brought Tak back & never got home 'til 8:30 so I never got to bed 'til 11. Training rules but that once is O.K. I think.

22. Miss Jones is really engaged. Kelley told me that she is engaged to Robert Tennessee, she will marry in next summer, & might teach after that too. I hope so. I'm crazy over her.

Went to see Uncle Tom's Cabin
at the Vitaphone after school
with Tok. It was pretty good.
Got home about 8:30. Got
a letter from Stok. Kelley is
a perfect "shot," & I'm crazy
over her too.

23. Cold. Nothing else special.

24. Volley-Ball practice.

Nothing else of note.

25. A Sherman, Clay Co. game was
an assembly which was
"keen." Went to town after
school.

26. Came straight home because
there was not any O. A. S. game.

Read almost all the time.

27. After proctoring, I read
all the rest of the time.

It's son's birthday too. 24
years old, she is. Hak
came home too.

28. Hak went back. Nothing
else but study no usual

29. I trained for the first
time but just the same, there
was volley-ball practice.

Miss Jones took me home today.

I'm on the decoration com-

mittee for some party

that Miss Jones told me.

30. Got a ride this morning
from dearest Jonesy. Pretty

nice day today. Study. Oh,

yes, Jonesy was dressed

very smart today but

nothing else of importance.

Had company today so I

had to help & couldn't practice
piano. Had to do the dishes, since
the Son & Tok went to Tok's re-
cital. Found out yesterday that
Miss Jones went to U.C. for a year
so she's for U. C. in the big game.
She's also for Hoover.

31. Gosh, my day has been
awful, especially in French,
& Germ., & I'll have to redeem
myself tomorrow. It's Hollow-
een & all I did was eat a
extra lot at night but
that's all.

1. Posture Test, & I got a 1 gee
but I'm glad. Nothing else
special

2. O. A. S. game against Tech
today. B ee what a swell

game although we lost 14-7.
Gee if there was a little
more time, maybe we
wouldn't have lost
but that's all right. Very
cold. Gotta ride down by
"Kelley" Boat. N.S. or K.

3. Cleaned the "lib." and was going
to hear Souza's Band with
Ethel but didn't but practiced
and sewed on my dress.

4. After Sunday School & looking
at the papers, I sewed a
little then started on my
English never got much
done because Tok's friends
were here & didn't feel
like to but did it all
after supper & got it done.

5. School and I signed up for "Open House Night." Went down town and to the lib. Met Tok at Capwells and got Kar's gifts for him. Got home at 6:15. Studied.

6. The champion basket-ball team had their picture taken for the Lariat. Today was the press election day for president. HUNTER A. H. Hoover is our best president by a big margin.

7. School and study

8. Had to stay in for gym to practice for the Open House. Open House Night. Son and Tok came along. I introduced son to Miss Jones who was

glad; to Kelley; and to Avis Young. Mrs. Dykes was peeved that I put my dress on before everything was over but it was just for fun although, I did have an argument with her.

9. I talked with Miss Jones at the shower window before putting my gym clothes on. She said that she seemed to recognize Lon's face; she graduated from Mills in '22. She couldn't figure out if Lon was there or not and so I went to put my gym clothes on. The ~~was~~ beat Univ by 31-0. I found out that Lon was

at Mills in '22 but didn't
get the yearbook. I wonder
if Jonesy knew Santana.
10. My course came. Cleaned the
"lib" just the same. Felt
too sick to practice so I
took a nice long nap. Hak
came home during that
time. Ma, Son, Kaech, and
Em went to the coronation
ball in San Francisco.
They all looked very nice.
They never got home about
1:30.

11. Sunday school and we had
lunch late. Sewed a little. Went
to the 7:30 #737 01 but stood only
1 hour then came home again
and had ice-cream. Off to bed.

12. I was going with Don to take
stak back but it was too early.
It rained. Practiced in the morn-
ing. Made fudge in the after-
noon then sewed. Studied after supper.

13. School again. Told Miss Jones
that Don was there and asked
her if she saw him. She said,
"Sure!" She told me that she
was married (as I knew it) and
that she had a baby. Couldn't
have the chance to talk with
her any more. Got home before
the rain came pouring down.
Was going to practice but couldn't
because the radio was on & ma-
jority rules so I studied.

14. It poured this morning but
Nick took us to school. I found

out that Mrs. Bettercourt's baby
is a boy (Miss Jones thinks).
Volley-ball after school and
she left so quick that she
didn't leave the keys & Kelley
was mad. Found out that Hak
brought that French grammar
to Stanford so can't do it. Gee,
I'm sore! Studied madly.

15. Found out that Mrs. Bettercourt's
husband is a high officer in
the American Creamery Co. where
Santana's pop was president and
where Joe is secretary. Got all
ones but a 2 in French. I went
down. Miss Jones was suppose
to stay afterschool for the de-
coration committee but she beated
she would! Studied.

16. Played San Leandro & beat them by 46-0. Wrote letters and got one from Emma G.
17. Cleaned house. Was going to practice & wash my hair but had to go to town. Got a raincoat & a pair of goulouche or boots. Brought home eats.
18. Sunday school again but it's "keen" now compared to before. Went to see Stamp show with Lou but came home alone 'cause she went to S. F. and met Ma & Hob. When I came home, no one was home so I started to feed to dogs & chickens. But Kaech & Em came home. Much ~~has~~ has told me about not taking Kaech to Packard. He

also thinks that Kaeck & Em. are
funny. They want him to take
Son out then when it comes to take
it out they say they want to go.

(18) Nick told me that he has
planned to take Son and get
Wah to invite Kan for one
reason because of Em & Kaeck's
talk of wanting Son to go but
they say, "I want to go." ~~Studied~~

19. Had to go early for the G. A. A.

decoration committee. Stood
up until 12 o'clock to do English.

20. Saw Lowell & Lon at school
today. It was swell although
it was sad. Miss Jones was
crying too. Well, she's human.
Study again.

21. Played volley ball after school

never left until 4:50. Kelly and I couldn't get the shower room locked. Then I went to Christian's after supper. We all had a very nice time. Stood 'til 9:45, when Son + Em came after Ethel and myself.

22. Posture Test and ended safely with a 1. Jonesy says though that I ought to lean over front a little more. Since Lok (+ Kaech) were in Bed I had to do Lok's part in hot water bags. Study.

23. I got home early because we got home early for the championship O.A.L. football game. Since I didn't get I got home early. Lok is still in bed. Kaech got up today.

24. Did my regular house work + the dusting because they had to get dressed to go to the game. At last, Nick's sons Em, Tok + Kan went. Gee but Kaech was mad. Since Tok was sick I helped Kaech do the dishes which made it exact. We were equal in doing so. Washed my hair + listened over the radio to the U.C. vs. Stanford game. Hurrah the score is 13-13.

First half 13-0. At a 1 1/2 minute before the game was over, Stanford made their second touch down making it 13-13. Gee but I'm glad. The kids weren't home yet so Kaech washed while I swept + wiped. This is the first time for a long time that

I did so much. Hot Water Bags -
Bath too. Wrote letters etc. of
evening odda

25. In the afternoon all the
feminine of the family
went to Dr. Fujimura's
for a visit. (invited). I
was going to work on
my English but I went
there so I worked extra
hard this evening. Since
I didn't have my work,
I couldn't go with the
"kids" to take Tak back.
I found out that I was sup-
pose to take Robinson
instead of Markham for
my report tomorrow. I
could about kill myself. I'll

have to go early.

26. Went early to school but never got much. I guess I got about a 3 on that talk. Also found out that our favourite poem was due today instead of tomorrow so I'll most likely get a 5. Didn't bring my book home for my poem, "Smells," 'cause I was sure that we had it. When I got home we didn't have it so I went to the library. They didn't have it. Telephoned to the Main Library and they didn't have it so I'm out of luck. I could kill myself. Feel horrid. Went to Mills after supper which was 7:40

to try my luck at mills and
it was there. Happy Little Girl
but only half. Got home at 8:4
Menee left 'til late 'cause we
couldn't get the machine
going. Sleepy.

27. There was a assembly for the
awarding of the letters for the
boys. It was a swell assembly
Gosh, the football players sang
and oh yo, yo but other music
were pretty good. G. A. A. meet-
ing and volley-ball practice
The L10 come on the bottom of the
list. That's all.

28. Class Day. Roughriders'
Day. 's hr. classes & all in the
morning. The girls' jinks was
a shot. I think the L10s was

the best of all of them. The dance too. I stood for the whole thing & took pictures too.

29. Thanksgiving Day - I had a small breakfast & one bowl of rice for lunch. We were going to eat at 4 o'clock but the company never got here until 3:30 & we started to eat about 5:25. I ate a lot.

30. Made my bed, wrote letters. Went to the photographers and sewed the rest of the day. Was going ^{right} to show but had too much to do so I didn't go with them.
