1st Day—364 Days to Follow

rain a bit.

New Year's Day

Had this the New Year began. I was sitting by the fireplace watching the dying embers feeling a bit blue. After trying to complete my dress, I decided not to go for 1) Nan was asking just to be asking 2) He was dragging I'll anyhow 3) Work would be left. I did want to so much & when June came by today I had wished more than ever that I had been able to enjoy it but this seems to have been my lot & for how long it'll be so I don't know. We just ate — Mr. & Mrs. Senda, Kishi, Korematsu, Ishimaru (he's quit drinking) the old stand-bys were the only ones who came.

Kuech came over today with Titaroto &

Naoye. Titaroto certainly is growing

in leaps & bounds now.

3rd Day—362 Days to Follow

Stopped at Tak's in the afternoon. She was
arriving to prepare everything for training at
the U.C. hospital. She is fortunate in being able
to go on training & I hope that she can a job
afterwards — She's so gay-free-like — Stayed
only a few minutes for had to go home to cook.
She drove me back. Guess I'll try taking
the car some day.

16th Day—349 Days to Follow

Machine but cold.

Wak done paper over to Saw Matsuo + took
Ewa along so I was all by myself all afternoon
with my ironing. It was pretty quiet + I
expected Tak to come over but she couldn't
because she had to work too. We then went to
yacht meeting. Kaa very nicely forgot that we had
Thankham for the second lat. only + so we had to
move over to the Island School. This was bad +
a bit annoying. Meeting was quite dull except
Fukachi Nakagawa resigned. Can't do much about
it but it's funny because Roie + about 5 other
M. Eden people weren't there. Tak + I talked of it.
As soon as mtg. over everyone playing around +
Tak was cutting up - But don't blame her after
being cooped up all week.

- Ken wants to leave the nursery + do some-
thing else. Can't do what wants clash internally

cold

Decided to go over to the nursery to clean up some of my things but decided to go into town with Kan to get the duck. Watched some tennis at Therritt Cts. & stopped to see Noi - she was looking swell. Stayed about only 1/2 hr. but as always it was fun there. Hate dinner & so late to the cemetery. [Went to see Tak after supper but she had already gone - & what Wak. - I must have been funny running down the way yelling, "Wak!" To no avail! The working men there drove me home - (oops this was last Sunday) Today Tak came by just before she went to U.C. hospital.

Went to the store and did the usual thing - went
to the store shopping - paid. Saw Richard Kato
who is back from Europe's in. Dull for a
part. Still looking good. The doctor
was all right. Miss Robinson was all
right. Got to sort of clean-up at home. Bought
some very tasty pineapple loaf.

Did some shopping first. Saw Margaret Norton
who is back from Europe & in Deck. for a
few days. She's looking grand. The Intclub
Mtg. was all right. Miss Robinson was ill.
- We had to sort of clean-up a bit. Bought
some very tasty pineapple home.

22nd Day—343 Days to Follow

Out to Berkeley. Stopped at "Y" before going to Westminster House for the G.R. Supper. The girls prepared a grand dinner. Tita came too. We discussed the club in general - I think she resented a bit my telling her about the girls but I certainly wish someone had started with me this way. She is going to go East in 4 months. Lucky girl! Margaret Norton was at the "Y". It was good seeing her again - the grandest Int. Dept. Sec. there.

Called up Mai. She's studying again.

Probably will stop over Sat. night. How about

Saturday, January 23, 1937

23rd Day—342 Days to Follow

Sleeping 'til noon again but it is so resting & useful.

Tak came over in the evening & just talked

'til about 10:30 P.M. She tells me that

May Inamuro was not really loved by

Homer but he married her because it was taken

for granted by most people.

Sunday, January 24, 1937

24th Day—341 Days to Follow

After dishes, I went over to June's to play "poker". We played & talked 'til 11:30. Enjoyed it very much altho' I was the duce.

We practiced basketball at Hayward High this afternoon. It was all right as to quality but we had 2 full teams. - It went off pretty well. - Margaret was over to Tak's today. Would have gone over but had to practice so that was that. Muggie isn't doing anything in particular either.

We had a cultural mtg. of folk today.
Specially called in a hurry to raise funds
for the flood victims. Another late
evening.

27th Day—338 Days to Follow

Washed 3 loads of laundry and caught the
mail before the shower. Smooth my
mail and to, it was well. Went to
school. School to practice basket ball. I wish
I had some clothes to wear there for
though I like to play & talk - it means more
the way from home & away to school, etc.
I think that there are so many other things
at school that I should talk about.

Washed & most of laundry dried enough to
hang in before the showers. So with my
morning load too, it was swell. Went to
Subank School to practice basket ball. I wish
there was some one else to coach them for
although I like to play & do it - it means more
time away from home & money to haul, etc.
I think that there are so many other things
that I'd much rather do.

Rain-showers.

To Mills for the Midwinter Conference - Toshi +
Masa both there. Speeches quite good. - Program very
well planned. - Jan Rockwell there & is doing
good work. Is on vac. grad. & is to be a sec. next yr.
after graduation. - Mary Walker is chaplain there.
Thinking it all over I wish that I could
make up mind do something. Heard Tazu
Nakagawa is at Oak Ind. Institut now. I guess
I should have applied but can't cry about
undone things now. - Went into Oakland to
stay over-night with Nori. - we talked for
into night - from Christianity to the soul -
Mary Koda came back from Eden school
business -

run out.

Had a lovely breakfast. Although Noie had to go to see Catherine Healy - it was a very nice leisurely breakfast. Considered going to a show & home but Ken came after some duck so went home with him. Jack is to have a movie to raise funds for Miss. flood instead of asking for donations. Very sleepy in afternoon. Did nothing but read "Madame Bovary" & the newspaper.

Monday, February 1, 1937

32nd Day—333 Days to Follow

rain late aft.

The delayed Sunday sleep came to me today & it was good! One would think I never sleep at all but how few men can do without it. Just took time out to do some darning & cooking before reading "Madame Bovary" by Gustave Flaubert. - One wonders if there are many women who have experienced the thrills of a truly passionate lover - a drug it must become to a woman like Madame Bovary.

I feel sort of "up in the air." I would like to study voc. - crafts - business but all require money & I don't know whether I should use it or not.

I've "I don't care" attitude had made me just eat - eat & eat

Tuesday, February 2, 1937

33rd Day—332 Days to Follow

With several odd tasks to do - did them.

Probably is coming down with a cold for
he is feeling a bit low. At times like this I'm
lost. - not knowing whether to go ahead & do
things or not.

Wednesday, February 3, 1937

34th Day—331 Days to Follow

Not knowing that they were going to see the Ballet Russe I was wondering why she was getting dressed, etc. - & calculated that it must have been that & it was. It made me a bit peeved that she didn't tell me but she says she thought I knew. Well I'm glad Kan took her. She goes out so seldom. The Ballet must have been wonderful.

Tho't I'd go to bed early but Nick & I got to talking about Kan, etc. He is going to see Alice Ohasku - I'm to see her tomorrow. It's sort of hard to see or imagine how it would be with a bride & wife for Nick.

Cook I hated to go out to Berkeley in the rain
at Time Watches On - Met Alice Ohashi for
lunch at Target Burnham's. It was good.

I finally told her my message - a date for
Nick. - I feel sort of silly - a small "Baisha-
Kunin". Did I feel like a sucked "duck" -
was soaking wet. - Stopped at "Y" to chat
with Lucile Robinson. Am afraid I can't
talk correctly without much effort now.

I must do & learn so much & do so so much.

Friday, February 5, 1937

36th Day—329 Days to Follow

Min in aft.

Went into Oakland to buy a hat. And I was so disgusted with myself - I had my umbrella stolen at the H.C. Capwell's lounge. I just put it down - & was away a couple of minutes & then it was gone I should have been more careful. Gee with so many expenses I would have to lose something more. I'm so mad.

We had pb. practice at Hayward High. - H. Mrs. Tillotson - P.E. teach. there is very helpful & a very nice person. Can practice officiating there if I wish. I wish that I hadn't gotten in this now - it takes so much extra time.

Taj's father is in a pretty bad condition - Has T.B. - in stomach & lungs. She stays here.

Saturday, February 6, 1937

37th Day—328 Days to Follow

Wak asked me if I were going to show in aft. -
didn't tho't of it. So did with Em. I wish
- were able to figure out what she means
at times. Today I've been so puzzled.
- just haven't that mental capacity &
feel so helpless at such times. - The movie
Anthony Adverse - bk by Heller (?) - was quite good
and slow moving. Feeling of March not as
good as other times it seemed to me.

Tak came over in the evening. Talked,
popped corn & played cards. Bed very late.

Sunday, February 7, 1937

38th Day—327 Days to Follow

Not up with the dawn but up any how.
Had a sort of "on top" meal. Bought a cake-
tool bag. Since expected Tak over, did
not go to Oakland. - Had odds & ends.

Am still in the slumps - I must
get out of it. -

Although June asked me to go over
I refused since I was pretty sleepy.

Tak came by before she left
for the city.

What's so good about washday is that what you're going to do is set & no one cares & one doesn't have to think about it.

-So that & morning.

The Jack Benny movie tonight at Buel Haste School - A very modern far. talkie - the first I'd seen. Sound somewhat muffled. - It's too evening, I shouldn't have started it but they just didn't seem to get started. I wish that some day I'll be able to let things be as it is & not try to help all the time.

Kan's speech was pretty good - what I heard. I wish that he could get a new sub. It surely needs it.

Am considering going to the Jack District Convention

fair & nice

Tamaki Nao & her parents came over in the afternoon. Wak & Em had just left for S. Hanko. - Dear oh dear she came home before they left - very fortunately. - The TTU. makes me a bit uneasy. - Tamaki is very lovable I think. She enjoyed her trip to Japan but it is a pity that she can't find things to do - I guess with the money to buy clothes - no housework or mending work she has Time on Her hands.

Hucille Robinson called to ask me if I'd want to go to a Conference of sec. & advisors. I didn't know what to do but decided experience would be worth-while. I'm hoping it doesn't cost too much.

Washed hair in evening.

I ironed my clothes + went into Hayward to buy a few things. - Finally brought shoes to be dyed black. Later I wondered why I didn't make it brown. Well it's done so that's that.

I feel sort of guilty about going away but I've made up my mind about it + am going to make the most of it.

Called up Margaret to borrow new case.

Smiles all way down but not in Fresno.

Was picked up by uncle, Helen Grant & Mrs. Helen
Hobart at Hayward. - Norma Wise too of San Jose.

Mrs. Hobart is most charming & filled with enthusiasm
"mummy" too. Had lunch in Merced. Into Fresno

at 4:00. Rest 'til 6 at Hotel Californian - a

large hotel. Was well. - Bath, steam heat & just to

beds. - Expected Gay to come also but did not -

big disappointment - Had supper at an Italian

place. - Delicious - The Fresno "Y" is very

home like. - Persons there: - Grace Stiff - D. L.

McC. - Mrs. Ruth Henley of H. H. - Miss Herbert

Eden Dillon of S. Diego - Ruby Harris of Fresno

the above mentioned. -

We had a discussion this evening but

was quite tired & did not "feel" in the group as

well so did not talk much I'm afraid.

Walt's birthday too & I didn't do much

Since I couldn't get to sleep last night due to the unaccustomed bed & noisy neighbors - I was still a bit groggy in spite of the shower. More planning - tomato juice & crackers - plan the most sumptuous Russian food at The ^{agony pit} ~~agony pit~~. Omar Khayam - veal or rice - soup, dessert all very good - The turkey leg looked very good too. - Planning - tea - a sumptuous chicken dinner - rest & then a walk & then tea - Eat is right.

Historical planning has been fun. - I finally got my idea of actual program into schedule & hope it turns out OK. I've learned a lot about the set-up & all.

- Lucille is suggesting that I become a member of Committee. Would like it very much. ~~It's a rather experience.~~

A morning session - June Yoshida came
- I found soon & since it was in the middle of
hard budgets & life. We had lunch at the best
Chinese restaurant where they make their own
egg noodles - "Paris Cafe" on Kern. - The Tanases
Yoshidas came from Yosemite - We then drove
down to Visalia to the 7th District Council
Mtg. which was almost over but I enjoyed
the few hrs. we were there. 3-7:00. Tling & Roy
were there too. - Came back by Fresno for
up & home. - The highway was under water
I needed - an experience unknown to me - It
was splashed on both sides - almost up to
winning board - Orchards were under till the
caneles - A terrible sight. - We got back about
10:00 - How afraid I hurt Qi's feeling when we
were discussing Buddhism & Christianity
I must learn to be more careful

Out to Berkeley. To hear Miss Grace Stiff at
anchors. Quite good. She does not seem to be
"speaker"—is more interesting in grp. discussion
& personal contact I believe. — saw Rockwell
rashed interview & may be in trg. this yr. —
she's grand & I hope she gets in. — Talked with
J.S. of my possibilities — It seems I must
get in more core work & almost must be that
type of work in connection with group work.
— I wish that I could work in a home in
Ber. & take some more grad. work. — May be a
possibility — must investigate. Must talk
to pa about it. Depends lot on work.

Mara came by at "Y" & we went to see
"Tak" at 2432 Webster — now at Alta Bates.

She's having a few difficulties with club.

Saw "Sammy" & Pearl Kurokawa today.

Wanted to go to the show but since

I expected Wak to take Em to the show but she says she doesn't want to bec. Em is talking too much. I tried to tell her to go but Tadamu Yoshioka & jolled it by asking her if I'd like to go. Gee how it makes me so angry when she doesn't just take the chance & go & not give in to me when it doesn't matter - it makes me feel like a piker. Oh hard!

I did get after all but well - Papa told me not to go with him often because he wasn't just the person - My gosh he's so young & all - my word I was a bit pleased to think pa tho' he's me so dumb - well!

Went to Beck. "y" for the all-Beck. Hi. Q. R. mtg. Wished I hadn't gone & then made it possible for Wak to go see Camille. I told her that I'd be home early & did but I guess since K. & Nick were both out she didn't go! Gosh I feel terrible because I'm going to be away tomorrow & Sat. too.

* Had a nice chat with Jan. She is a great person. Her parents didn't want her to go to college so she broke away & worked for 2 or 3 yrs. & then came. Her mother passed away at Christmas & now she has no ties & is independent. I envy her this but she hasn't had much family life. I hope she gets placed right away.

Probably the new month has made me feel new but the gloom which has hung over me is gone today. Probably the added hrs. of sleep have been advantageous. - Jack called up today. His father is coming home Wednesday.

We went into San Leandro & then stopped at Mamma to get a pattern for B.M. - what fun. She thinks she's a "16."

Mr. Urematou of h. H. here for supper, is buying some camellias. I just had fish too so leaving for some other thing. Oh well, might as well get us to it

61st Day—304 Days to Follow

Just picked up *Gone With the Wind*
was so thrilled by the first few pages
did nothing the rest of the day &
evening. It's marvelous. and (after
finishing on Mon. evening) I think Scarlett should
win Rhett Butler's love after all that hardship
she can't did just go right ahead. I like
her a lot. I guess Clark Gable could
play the role of Rhett but I can't
figure out who would be Scarlett.

R.

What a day! Such an uneventful day in the morning
with just reading stories but my gosh I hope I never have
to spend another session like this aft. - En was angry because
we did not let her have some more food & she is getting fat
because she hadn't had much & no breakfast. Then she was leaving
& trying to cut her dress cutting & when I asked her
to place pattern on acid. to directions she wouldn't. So I
aft & then I heard her start cutting & so told her she had to
do it right. She said, "I don't want to!!" I tried to reason with
her she got mad & slapped & hit me - pinched my arms - all
black blue at spots now. So I decided to fold it & then take
the scissors but she threw the scissors at me! I started to
hit her when she did but decided had to just stop her &
so just got the knives & scratches
so just held her & the nurse pulled my hair, etc. - I finally
with oc. & mother
got her to stop - went away & then came back & then she
said "You want to fight again!" And then got another
gr. of scissors out. Gosh! I got her calmed but her eyes
shined!! Did the dishes - she says, "Do them yourself"

for she doesn't get much pleasure (should be allowed

On March 30th, I write so memory may have faded

All things should go out in the wash.

Cleaned up.

Washed & ironed today.

Waited for Tak to come by for me for the
pitch mtg. She didn't come til late so we
missed the business part. Judge Harder was
speaker - very informal & quite good. - Some
more bothersome talk. - I want to see Jack
do things but back! It's too annoying to
have to always remind Kan, & I know
he doesn't like it so much so an passive
interest I guess is all that I'll have to
be content with - I don't know. - We
drive Kan back to Berkeley.

Sunday, March 14, 1937

73rd Day—292 Days to Follow

fair & mild:

A very nice long morning sleep. - Kaech called to ask if one of us would go over for a few days. Didn't know whether to have Wak go or myself but it being so busy around home - I tho't I'd settle since she drives - Must learn soon -

We went over to the nursery - she drove me to the house & got there about 6. Kaome was here - but not in the evening as to be expected. Kaech is very high-strung & nervous these becoming very irritable with the children. -

Did the dishes, etc. Slept with Kaech but Naoye & Masato kept waking up - & so just got little catnips & Kaech at most none! No wonder Kaech is down - who wouldn't be with such nights after a continuous day of house work & looking after the children. Naoye with her eczema & cold & Masato a bit restless too.

Monday, March 15, 1937

74th Day—291 Days to Follow

no rain here at Keechi but on Butk.

The routine of up about 7 - washing every other day, getting breakfast - etc - started.

Keech went to the doctor - Dr. Hsh for a complete examination in the afternoon. And what a complete one it must have been. No verdict as yet altho' nothing in particular is evident.

I slept in the day couch in the parlor - but heard Naoye screaming aloud & crying. Haoru certainly gets threatening-like & Keech was yelling too. Didn't know whether to go & put ~~Naoye~~ Naoye to sleep. Decided vs. it but don't know whether it was the wisest decision. Haoru certainly doesn't understand child-care - or perhaps his ideas just do not coincide with the usual ideas.

Poor Keech - Poor Naoye too! She's so high-strung too. - Dad's fault? - Some this too but what it is nerve-wracking.

75th Day—290 Days to Follow

No washee today—

No details of day remembered

except daily duties of my household.

Oh, yes! I went to Pacific Heights School to get Nancy's hat. — It was a nice walk up towards

the bay — Could see the Golden Gate Bridge —

It was beautiful & would have liked to have

gone all the way down by the hill was so steep & I had to

go back to get lunch. — A Chinese laundry (?) diver

followed me for awhile — looked like Hki. — Walked all

the way down Fillmore — Passed the International Clay

theatre. Didn't know it was located in this part of town.

Since we got things cleaned etc. — & weren't

doing any thing & she I think was going to bed, I

went about 8:30 to "Tales from the Vienna Woods" at Clay —

very tiny theatre — In German. leading roles were most

interesting — probably diff. faces made diff. had to wait for

the show. Started to rain again!

Some ironing today.

The family got up early for Naage went to school but it was too bad - since she just got rid of a cold. I went after her. Many girls & men were there too. We took the st. car home, - the 6 blocks.

The Kindergarten ~~is~~ is good for her I think. → Today is St. Patrick's day - & nothing high around these parts.

The day was good - for what? The lady upstairs
came down to insist we go to see "Matinee" with Nelson
Ledy & Janette McDonald. So, we went to the 12:30 show,
leaving Naoye & Masato. Keech told Naoye that she
was going to a Dr. I wonder if it isn't wiser to educate
her to the idea that she can go out without her - perhaps
mentally but maybe Naoye is too highly developed
mentally already. - The picture was grand - costumes
grand singing. McDonald played the old lady part very
well & Ledy was quite captivating. - We got back
about 4 so it was quite a bit of fun & well-timed

clean just the one play rm. + so Koro didn't
get much of a sleep. Stayed 'til the very last
game - kindness to a Flice Hinaga made me
lose my whistle - Mikado's are good - champs.
Ref. ^{ing} wasn't bad. - Met a Masao Satou of K.H. Gym.
was with May Morioka + Kiyoko Kitano. Saw Mergal
Sonoda there also. - Kyoju ~~made~~ gave me ball

What a real nice day for the Easter Day Parade but not for
Kaech phoned to say she's coming. Fortunately Tak

sprach too. Kaoru came - sleepy as ever - Nick & pa
the dinner first - customers. - Ham, sweet potatoes, spinach,
egg-overs, lettuce & hard-boiled eggs of course. Plain cake.
The time we ate & did dishes it was 4. Tak went to
party with Nak. family. They stopped at old home -
with improvement. Supper about 7. -- We were
going that evening - Kaoru didn't even come home
Friday to help Kaech. hid & to show in aft. & making
the evening. Titasato is cute & so much like
Hyo chan - Kaoye is growing up. They sold
all lingue on!

cream on jello. It was very late by the

Kaw had no chance - that just read the
newspapers.

Kaw & Nick had an argument at supper
this evening. It made me feel terrible.
Kaw saying that he just does it the way
wants anyhow + won't concede that it was
good at times. But Nick answering - so usual
usual far around home - but dealing with
from sore spots. - I wish Kaw could be
establish himself elsewhere or as landscape
architect where there is no clash on who
which - who is responsible for what.

95th Day—270 Days to Follow

run in p.m.

Unlike Mondays of past weeks when I do not have to ring the alarm & wing the clothes (pardon my pun) - I got up at 8:30 & was wide awake - So, with pins in my mouth & scissors in my hands, I cut out a long layered yellow paj. by noon. And the cutting pattern is so unbecoming on me now, but I can't be helped now - It was fun sewing & a change - To clean up a pile of my longings took me most of the evening.

Business certainly has been good but I wish they wouldn't do money matters in front of Em because she sees so much & can't see why she can't use it - at least it seems to me that it is so. I'm so mean sometimes too - I must really try - My cold is almost over.

Tuesday, April 6, 1937

96th Day—269 Days to Follow

fun but cool

Here it is my 22nd birthday + I don't feel at all different. The 21st was something but today is almost nothing - & very uneventful too. - A call from Mass got me up at 10 - not very early I realize! Washed my sadly neglected hair - at least I start with clean locks on this unimportant real day - just sewing a pajamas in aft. + clearing up general f.H.C. business in evening.

However the U.S. celebrates its Army Day - entered the World War 20 yrs. ago. - And so is today Lowell Thomas, Walter Huxton, Douglas of the aircrafts - birthday. - And Perry de C. N. Bale too if I remember correctly. - We did have some well pie & candy tonight oh so much sweets!

Resolutions - Get down to 130 in 3 mos. Try to be more careful + nicer to Em - Both hard!

The Berk. High School Faculty + G.R. dinner was held this afternoon. Masa didn't come til late some were a bit hurried and Margaret came to play the piano for us which was just swell of her. She is working out in a Berkeley home now.

Everything worked out fairly well we went over to Masa + chatted about the publc program. Stayed overnight with her. It's funny how in spite of how long I've known her I've never gotten really chummy with her.

It was pretty good & we were able to get an idea on kinds of concessions, etc. Ken & some of the others went bowling. Tak & I went with Masam & altho' we wanted to come home earlier, he didn't. Wak came over & together we went to Dot's

started at 2.

We had lots of fun anyhow. We went to
the show later & as a result had to stand
almost the whole show for it was Country

Faye, Dad & Dick went to Tok
where in-laws lived. He understood
she wasn't feeling very well the previous
night & called up today. Dick & Tok
layed up 'til quite late & then that
morning when she wanted to go
to the office, Tok & the aunt & Faye
in the way back she collapsed. Although
they called a doctor, etc. - it was
quite late.

stayed up 'til quite late & then that
morning when she wanted to go
to the bath., Tok & the aunt helped her
on the way back she collapsed. Although

114th Day—251 Days to Follow

We went over to S.F. to buy our
pipes from Suwata Trading Co. - The
Yoshioka's took so long to get started
I didn't get the chance to buy
the material I wanted - I could
have done so if I had left when I
was ready. - Then it was so late
by the time we got through, we did
not even get to the J.A.C. mtg. - We
stopped at the carnival in town &
met most of the people there. And, god,
did I hear disappointing news -
hardly anything was accomplished.
now we've got to get our concession
things, etc. done otherwise! We
won several dolls & such things! Had
a hamburger too!

116th Day—249 Days to Follow

This week has been filled with rush, rush & rush of making a dress & checking up on things for the carnival.

What a mistake it was to depend upon what June says as is done when not done. What a sad state of affairs on Saturday when ~~she~~ found out she had not asked certain people to be there at the time stated. Oh, well! She showed her colors.

120th Day—245 Days to Follow

Went out for Kumi mtg. to discover that the girls had not met. Wondering what it was all about, I went up to the Y. & when Nobu & Toni came in I discovered that Doris did not have one.

Unfortunately Doris & Masa never get things straight & here I was at a mtg. — in fact no mtg.

Home & then to the Burt Harte School to get things straightened a little. Not half enough members there to help & so much yet to be done. The janitor has been swell to us throughout the entire affair — the drawing room is going to be swell for the dance.

121st Day—244 Days to Follow

what a day! Went up there early to get the
things out - had our lunch there & everything
all afternoon. At five - nothing complete. Do-
ing things at door - Had of all times, Jim, Mary
Rosie not there to get food served with
people pouring in & no one to help Yasumitsu.
was angry! Had rush! tickets got mixed &
people did not stay at booths as much -
never Ken & Rosie; Tanizawa, Yonekura &
Mitsunori abbingo did part. But it
made me to hear people criticizing when
they didn't even offer to help at first. Papa,
Nick & Dick came over too. Didn't even get
a dance jumpie or raffle chance since
had to stay at foods. Next time I'm going
to organize the whole business myself &
not take the word of others - fine ordered
too damn much food too - Oh well !!

122nd Day—243 Days to Follow

Got up early enough to help for an hour
& came home to cook dinner - Min & Tok
were up & on their way to S.F. so Wak
went with them to go to the Davis
Cup matches with Kaech (I guess) w.
Japen. Am glad she's going. I hope
that she'll go more often to places.

Oh, but my feet are tired. Mr.
Kishi & Min had supper with us &
Tok came home just in time for
some too. Used a canned $\pi t^{\circ} \circ^{\circ} 11^{\circ}$
no more & it wasn't at all bad.

Rosie had a messie roast
but of course couldn't go!

135th Day—230 Days to Follow

Went shopping in town & then over to Sammy's to
dress for the jubilee banquet - She looked just
a real & fine & so did Kiyo Kitano & the few
people who went. I was so surprised to see
only about 6 undergrads - There were only 24
of us all together in Pm. 3 which seemed very
empty. The dinner was grand but it certainly
lacked the festive air that we use to have.
Miss Wolne gave a very understanding speech &
Sammy was very amusing - Oh! Boy! Did
I take a spill on the Int. House steps. Plop!
A beautiful hole in the knees as one could ever
get - Then Sammy almost plumped too later.
We must be clumsy, Mrs. Obata & Mera were
there too. - Mrs. Obata was coming to the Suburban
so I got a ride home. How she & her lady
friend do talk - chatter is right. - Well, who
cares anyhow - what a nice black & blue spot.

Got things ready for Dad's party. What fun!
Tak & Raie are! We got things a-going & finally
Dad came & we did surprise her! She tho't
that it was for Tak as we told her & then she
got this basket of kitchen things. The food was
pretty nice too & the ice-cream! My! we had
plenty. We talked, & danced around. I think
everyone enjoyed herself—those who came were
Tak, Raie, Momo, & Kage were May Minami, Yo Ishii,
Hanayo Tsuguki, Rose & Mary Shinoda, Iwana Hiramoto,
Masako & Yoshiko Tamura, Miyako Akagi, June
Yoshioka. — We wanted to go to the show
afterwards but transportation problems
made it impossible so that was out. Tak came
by just before going back to school.

— Those unable to come: — Chiyomi Kato, Mary Haruo
Mitsuo Okada, Selly Fuji, Kage Hiramoto

Wak went to Toki on an evening train to help Tok for Roy's wedding tomorrow.

So, didn't go to the JALH mtg which I heard was quite fun with Kazu Okada as auctioneer.

Mun & Fukashi Nakagawa again made lots of fuss with the latter resigning from the club. Oh, well it's to the better but I think he ~~told~~ hurt Kan's feelings a lot.

142nd Day—223 Days to Follow

This is Roy's Big Day - We went down
& was it warm sitting between Em &
Oji-san. Had Roy does drive sort of fast
at times & that made it all the more
uncomfortable - Tok looked very lovely in
her new dress. The bride is Mary -
as usual have forgotten again. - Stayed
'til quite late - Roy was brought back
by friends in night gown - It was quite
nice. Only she changed to a reception gown
& I'd certainly would like to stay in
wedding dress for longer time. - Got
back about 11:00 & to bed about two.

Papa stayed there.

Wak, Em & I went to see Seventh Heaven with Simone Simon & James Stewart at the Hayward Theatre. She is completely adorable but not like Janet Gaynor & I don't think she can act much - just gets very cute & party photographic shots. He was much better than she. In all, was disappointed in picture after having heard so much of the picture when Gaynor & Charles Farrell played. - And they didn't act as did the first pair either.

Had a laugh - Romeo & Juliet is coming Wed. & guess will have to miss it.

148th Day—217 Days to Follow

Got my first orchid corsage this evening when Hiroshi Kurematsu took me to the Yach Anataw Show at the Scottish Rite Temple in S.F. & to the dance there after. It was sort of fun going to a place like that. Saw a few people I knew but danced with only a few - Met the Henry Tani of Stanford (slightly different from ~~the one~~ ^{what} I tho' he'd) Masamune was there. - The program was really so much better than I tho' it would be & how nice Suki the winners voice was the best of Jap. I've as yet heard. - Dance ended about 1:30 so we didn't get back 'til quite late.

It certainly was a week to go out to club & week back to get ready - only to have to wait 'til almost 8.

fair warm.

Memorial Day

How sweet is the - Sup. Sadness goes & excitement
Yuck is the name - So up about 10:30. First full
A.M. with the papers. We went to the cemetery
& there met Kreck with Waayer & Masato. They
came back with us. Masato is growing up
& cute too. They stayed for supper. Walter
Nick drove them back. Kreck told us
about Uncle's efforts to find Nick a wife.
This same Nick is nice looking but as I
understand is ugly & hasn't a very nice
reputation. Now - believe it or not we
home this evening. Finished reading "Crimes
Cross & Cop" by Bollman & Baker. The police
certainly can discover a lot from so little
the hamster case was a pitiful example of a
faulty court system. Most information & leads
had been. - Heard Mary Kiji has already
got her M.H. & is joining an archery & 4 exhibition.

152nd Day—213 Days to Follow

Went into town in A.M. to buy Dot a wedding gift. Finally found something I liked at Rubins - a glassware shop across from the Post. It was really quite cute. Then, went to see "Star is Born" with Janet Gaynor & Fredric March. She can act and did look lovely. He was very good & as attractive. It was so sad to see him slipping from the star rank to nothing & then to commit suicide in the setting sun to make way for her. - The funeral scene was so pitiful but her last grand act was saying, "This is Mrs. Norman Foster." The technical was beautiful & quite new.

Today is Jot's wedding day. This morning she told me that it was going to be at the Alameda Buddhist Church instead of the Oakland Academy for a public wedding. I'm glad that it wasn't a public one but I'm awfully sorry that she had to make all these last-minute changes - she had on a Japanese kimono & did look very sweet but I don't not as happy as a bride should look. However, they're going to be really happy I think. Kawr I didn't stay for the reception but came on home - both a bit - he anyhow needed sleep - especially since he'll be getting up pretty early on Sat. & Sunday.

Cleaned house in A.M. + shopped around in P.M.
going to find something for Setee + Hideo for their
first anniversary—a picture—Then ate a little
dinner + went out to Y. for Ikuo's party. It got go-
ing. Kacelle came + we chatted for awhile. She's grand!
believes I'm in right niche of career if I go into it.
Mits. came + after clearing everything we left 11:30.
was so tired too. Had a soda—then Meted—he offered me
his arms + just felt so comfortable not saying much +
when we came home we just drove by + then stopped
about a mile away. He kissed me—+ finally my mouth
didn't give but later did too. Never have done this
before but I guess I do like him + he even said, "I love
you!" I wonder if he really does. What he should've + have
done was jotted round legs + thighs but was so tired didn't
resist. It was about 2:45 when I finally got in. It
was all so rapturous tho! and yet I wonder what he
thinks— I've never done this before.

went to Pekin hall for Hideo's annis. Most of the
people there were older, either married or couples
at anyhew. Yo Ishida was there & we danced
together so had more fun than I would have
if she was'nt there. - No orchestra but
played the orthophonic - 5th record. - There
were June Nishiyama, Mitsu Tanji,
Jirino, Grace Fujino (S.F.) Dick & Connie, Mr. & Mrs
Denheim, Lavaine Iwata, Sotwi is. & bro. - in-law.
& others - Home about 11:00.

- Finished reading, "You Can't Take
it with You" - Hal & Kaufman play - just
good.

165th Day—200 Days to Follow

Up about 11:00 but not much good for anything today. Just sort of roamed & finally wrote two letters before preparing supper. But, I keep thinking about Sat. night - I hope that he'd call me up. I want to see him again to see if I'd feel the same - probably happened to let my emotions get away with me. I must tell him that I was tired & don't know. I wish I knew too. I hope that I get a chance to see him before the 15th meeting. I probably should feel ashamed of my self but can't - do I really like him a lot?

* Buddy has again put my name in his Talk-of-his-own evening after I told him not to - it is embarrassing. I don't like it - especially when it was ~~in~~ a mere letter - only a list of graduates of Hayward & the awards. - Evening - trying to fill in 2 mos. ^{absence} of you.

Tuesday, June 15, 1937

166th Day—199 Days to Follow

Wrote in evening

Got up about 8:30 - Head Lark - Gosh, but I wish she could go away on at least a month's vacation - Her nerves seem so overwhelmed. It can't be mere fatigue - but she just doesn't have any other outside contact - no friends to which to go, no one outside of my family with whom to talk - I sometimes even hate to mention my friends 'cause I know she's been unlucky - not to have had the chance to make friends

Wrote a letter to Pak & then in P.M.

went out to Berl for kumi - Masa there too! Got the business off. Up to Kuzelle's, Janis & Kathryn here & I cooked sukiyaki for them. Kaiji in-law was there so not as much fun as might have been. Do't. manja - they didn't like it very much. Had again they seem to have, - Jan is going to be up at camp for the whole time - so are Mivast & Virginia Seaman. Gee but it would have been fun!

pretty hungry! — Wak away most of
day doing the income tax reports.

Gee, Metz hasn't even called. Wak last
night asked me what his first name was & I told
& then asked her, "why" & she didn't
answer! I wonder if he had called or why
she should ask — she had no reason to otherwise!
I get me angry when she asks things & doesn't
even answer herself.

In the evening didn't do much — cleared
few things but am not good for much —
this here?

168th Day—197 Days to Follow

What is the matter - I just do things -

- 1 Got some of my things at nursery. - When went shopping didn't know what to get - whenever I do with Wak I get an awful inferiority complex. - she seems so sure & I feel that I may be getting the wrong thing & queer enough if I'm buying the same thing myself I just go ahead without dithering! - When I was getting supper Wak had gone after pa & Dick - Doty came had important, Mits - He came right in hitches - It was so good to see him & we kissed & I feel O.K. about it too. And I night I wonder Oh, gee - but they came home so he left. I how know - he did come Tuesday & oh I wasn't home! No wonder Wak asked but she could have said he came. - Came across some letters! How naive I was not to realize that Unno Ichisaka & George Negishi did like me a lot & I didn't know it. Those letters! 100

169th Day—196 Days to Follow

Just before twelve midnight - Came out of bath &
too hot to go to bed. Wal & Em went to the
this evening. Managed to force myself
read "Wingless Victory" a dramatic tragedy
by Maxwell Anderson & enjoyed it thoroughly
but my mind just won't stay still. I keep
hoping he'll call - hope he goes to work tomorrow
& I'll know whether to go to swim - depends on
time. - Gee I think of Em - Wal - Dick -
nothing will tie up - I shouldn't. This
may be just an infatuation - my first. He's
been around & have had girl friends & perhaps
knows his way with them & thus has me there
easy now but I do feel so comfortable with
him - I'm a bit afraid of myself - shouldn't
be giving myself to a person not to be my
husband -
last night I kept on waking
up ~~not~~ not sleeping
but restless
Cut out a dress in p.m.

170th Day—195 Days to Follow

Did a bit of sewing in AM. & after
food shopping in afternoon did very little else except
Tak + Ruth + kids were home & they came to the
Jth mtg. The Washington Township composed
1/2 of not more of the dull mtg. Finally did
go in swimming. Rosie came down & it was
fun. Did several standing dives - not so hot
but fun. - Metz did come & I was very
conscious of his being there but did not dare
make my self obvious for obvious reasons. In
swimming we didn't say much & he
left before I knew. I've been kind of
quiet but now I realize how foolish I
was to get so ticked up about it - it's just
another q. f. to him! - We had a sundae
& then went over to the nursery to cut some
glads. for Tak at the ungodly hr. of 12.

up to cook dinner and oh, gee! I burnt the
apple upside down cake & I did want it to
be good. - Rosie, Tak & Ruth came by in AM to see
nursery but didn't go - In afternoon we went
to Nat's in Niles & had the grandest time - kidding
each other, having some swell eats & then getting
into intermarriage, marriage - Knowing the fellow,
- Rosie says that she wants to know person 2 yrs.
before marrying, hates divorce, wants someone who
is older to calm her down - gets tired of kids who
are hunking for her & running around - says she
is spoiled in dates for gets to go where she wants.
likes to dance with & going too but not miniature.
Had supper at Tak's - sateyaki. Helped
her get it ready & dishes & nudged them off to bed.
And then foolishly ate some more when
was getting Vick's breakfast ready.

cool.

Did finally get the washing started & done. Had the ironing sort of lingered too! Cleaned this 'n' that & then the ironing seemed so tedious today.

Was clearing up some of my notes when Rosie came over to ask if I wanted to go to the show - solvent. Her young brother, Roy too - is a nice little fellow. Ginger Rogers & Fred Astaire in "Shall We Dance" dancing not as impressive as others but enjoyable - Harriet Hoda the ballet dancer is most graceful. Horton is a comedian. Rockwell Hudson in "That's My Man" was good but entertainment too - We had a hamburger before coming home - Bed 12:30 or so. Lot very sleepy.

at work.

Still some living to do & took most of day
with exception of hair washing & usual run of
errands. — However a "Yamagi" — a tramp
undesirable in sense he goes all over
looking & pulling too undoubtedly & we
decided to give him lunch. He says he came
here long ago too! His uncleanliness was most
pleasant — Wak, Len & I ate in the
kitchen & found it probably more tasty.

Read High Tor by Maxwell Anderson
in the evening — Half of it.

Yes, the way I've been eating the
past 3 days — I probably have put on
what I've lost.

174th Day—191 Days to Follow

fair

A full moon tonight & it's so beautiful. Went into Hayward in AM. - finished High Tea while waiting for paper to get up. Was over-dramatic or as stirring as the tragic Winkler's Victory but very good too!

Sowed in P.M. & then we went to play some tennis at Bunge courts. Put some of things away at nursery - & in evening too!

Lucille called up to ask me if I would chair a camp group up. I'm going to at least see it & it's going to be a new experience. She is going to Vancouver with Margriet after Hilomar. Gee but she's grand.

arm
The letter from Lucille arrived & the trip
going to be fun & expenses paid too.

Wak & I went to play tennis for
few minutes after supper and
we watched the swimmers — wanted

to jump in. — Hemmed my dress
after we got home 'til Ken came home

with Brit. C. Society constitution &

with Wak we three tried to rewrite

— what a scream.

Drove the car back from the
nursery all by myself this morning.

What a lifting feeling.

hot - 90° anyhow.

Just the good old washday +

were out after supper on the pack enjoying
the summer coolness - Mitts came along
wanted Ken - went to see Shiksa + decided
back for me - to go to show but already
9 o'clock so went out riding to Nile's Camp
It was so nice out there. Patted! Gee I was
but was not carried as before - must be some
feel he likes idea of having conquered another
He says he has loved me for some time - I fear
that I've taken Tak out but this has never
happened to us " - "Didn't take someone
who called to Hayward Sr. Ball." Of course
that was Momo. - I'm not sure whether he
wants me to make me believe it that he
denies me always but can't feel so but it
is so nice - being killed. - Back about 12.

177th Day—188 Days to Follow

Hotter 26th in yrs. + hottest day of yr.

AM. cleaned house. My but it's hot! Ken
went to Jr. Agricultural Society of N. Calif. at
YMC A - We got there just when they were
considering the Constitution - Ken of course took it
up + Mits. followed. Too bad for Henry Wada for
I did not know how to conduct. Tried so hard to
be quiet by talking to Sally Fujii but they were
answering things out so much I just had to get my
voice in - And consequently got myself in
a sweat - am sweating so. - I hate such
an intense job especially because it prevents my
taking part in discussion - and gee it means
no way from home too much! Thank goodness it's
just to the end of the year - Dinner was oh too
much! Dancing, cards, etc. - Kenji Fujii is
so much fun - Dancing - Hiroshi Koematsu there
too. - Danced with Mits. of course - I must wear
lets next time - Had to wait for Ken - Home 12:30

178th Day—187 Days to Follow

Still hd.

Got up about 8:30 - Too stiffing to stay in bed, went over to Junie to help clean flowers for the JCh flower donations to hospitals - up to Fairman. - Why do I get so peeved at people who go running around from places where they are being called for! So far Monro but soon forgot it! - Did not go with them to hivesmore - to cemetery instead & we had late supper. Tak came by so went over & we chatted. Told her about the Buddy Uno affair at Santa Rosa & how wished hadn't. Must learn to listen more. Her parents & sisters Kazuo & Go shiko came back from L.H. - Kato looked so tired & of course was more interested for Mits. seems to have liked her a lot. - Home finally.

Did some dress making - hemmed up blue pint dresses. Rosie came by so went food shopping with her & then afterwards finished cotton pint dress.

Waka Em went to the show & I caught up with this & also Waka caught up with me with red fireworks.

Had them when I did get to bed I couldn't sleep. - The radio went on the blinks when we were trying to get Japan on the air. Heck!

182nd Day—183 Days to Follow

The day was quiet without the radio
We went to the JFC cabinet mtg. at

is warm.

Went to Oakland to buy a few things. + then
went to library to do some reading on Sex Education
about 3 hrs. Met Mrs. Hikara with
Umeko, Michiko + Tetsuko. They have grown
up so much - with Michiko going to jr. Hi
school now quite a young girl. - Called up
Masa to ask about club, etc - she certainly
was very abrupt - + Muggie was her usual
good self - Called up S. T. "Y" + found
out that I have to come right back on Monday
& not stay overnight -

Since it was so hot + I lazy did only a
few odds + ends in evening.

Received notes from Mary Higashida +
Nobuo Higashi today. They are enjoying it a
lot.

184th Day—181 Days to Follow

fair & hot & no fooling.

Had shopping in AM. & P.M. was sort of a day off—doing letter-writing, etc. Could do a few odds & ends around house but no desire & something I just can't go ahead & do—like rearrange garage & other oddities!

Read Dead End—first Act of Sidney Kingsley's play.

Ran went fishing with Mr. Afari—
Wah went to S.F. to Kaeck's & then to the park I suppose. I went to meet Wah at the bus about 12:00 but just missed her but it was fun driving.

to cook dinner. Tak & her 2 sisters came by

AM. - didn't go along naturally. Our 4th was very quiet - to cemetery & then home again.

Tak wanted me to join her for supper but that was

not. Drove over later in evening & stayed 'til

10:15. She was home alone & angry for

everything had gone wrong - Sisters gone out -

parents - no chira-meshi, etc. - However she

talked it out - We came home & she waited

til 12:00 when she went to pick up Donald.

- changed my things for tomorrow's

trip & to bed past the strike of twelve.

186th Day—179 Days to Follow

fine + warm

Walt drove me to S.L. to catch a bus - the driver being in a very good mood + me too. Got out to Beck. a little after 8 - much too early but Dead End kept me entertained til the train came. Mrs. Jordan of S.F. + I got them on + then no trouble at all. Htho' warm. Then Saito + on to Colfax where only 1 bus there. We waited for 1 1/2 hr. before our bus left + consequently a few miles from Nevada City + Camp I had to change buses with Helen Grant + didn't even see the camp! How futile but the scenery around there was beautiful! The snow on Sierra too! And so, back to Oakland about 8:45. And then she busked the fireworks crowd at h. Merritt + so not home 'til 10:45. - Didn't even see Helen Stebbins for Rockwell, Scamnis, Miwa, Emmetta + surprised to hear Rusty Dunlap was up there. Such a funny day - Ran home from fishing

Scrubbing was done early - Thank

day too. Wal went to Oakland to shop.
Mitz. came over to talk about the
institution & other things too. Wal & I went
to the library & bought a few things.
I came back & joined Mitz & Kan, Nick. He
started to go & then stayed a few minutes
more. He certainly has spent some money
in his going-around, but I wish he
wouldn't talk so much of all he did. & he told
us of Mary Kondo's last plight - sort of tragic
but shouldn't go around telling it to
everybody. That's just him tho. Easy
money & easy living

191st Day—174 Days to Follow

Hot & foggy in S.F.

Took the 8:25 bus after doing the ironing. Stores not opening 'til 9:45, I didn't have time to buy shoes so just window shopped & went to ferry to meet the girls - only 2 came. May, Michiko & Sachi. But we all had a good time at the beach with Nobu & Mary - went to Merry-Go-Round & Dipper & then had China-meeki. Met Tak for 8:23 bus home - She seems to ^{be} getting along fine & has been complimented by the hd. dietician - At the after mtg. we just danced & ping-pong & few other games. Tak got sort of wild & chasing again. Mono & I had a swell time dancing. Had a checkered game with Shimi Shibata & found he was quite serious about it - glad it was a draw - Ken & Mits. came from the outfit mtg. - We went for hamburgers after.

Sunday, July 11, 1937

192nd Day—173 Days to Follow

fine & warm

Tak came by in early afternoon so we went over to nursery to get the typewriter & then picked cats, shot the rifle & drove around. Came back finally about 3:30 & Kaech with Masato & Naoye were over to enjoy the Hayward sunshine. Mits. came by for Tak but they had just left. He asked me to go to supper kept me back. He asked about who was who & since I couldn't lie he knows & probably wonders why I couldn't go with 2 sisters at home & Ewa so embarrassed me with her dress lifting. - Ah, God I guess I just better not have friends around. - Min. If one knew had supper with Kan - Tried to go out with Mits since he said that he'd be by but didn't even phone so just read & off to bed.

194th Day—171 Days to Follow

I probably can never get over how quickly the days go by - here it's been 10 days since I've written in you. Finished reading L.C. Douglas' White Banner. Not as good as Magnificent Obsession but the principle brought out - Do not fight so, things it makes you more powerful - Got a letter from Tak + found out that Mrs. had taken them out to dinner + then to the beach + amusement park. She says that she had a good time + I'm glad for her but why didn't he at least phone me to say he wouldn't be by -

Finally got my pink dress hemmed - played some tennis but spoiled by man trying to tell how good, etc. we were or weren't. He just made angry - We played only a short while + then picked some cats - Had a nice walk after supper - addressed some Hch letters - did girl's nails + you again.

196th Day—169 Days to Follow

Walt is busy jamming & whenever
I try to bot of help it makes things
awkward - it seems as if the wisest
thing to do is to just let her do what
she pleases altho it makes me look like
a pill! I'll just make some myself
but I never know what she'll feel
about it - a vicious circle I
run in. And she ties herself so
much too that God had I wish
that I had more brains to know
what to do - Oh, if she could only
find a suitable man next year (any year)

Friday, July 16, 1937

197th Day—168 Days to Follow

Went into Oakland & bought a pair of
white & brown sports shoes — hesitated
a long time before I did — was never
into anything & she needs another pair!
But won't get it! I often wonder if
she feels that it is absolutely necessary
to economize there — the \$3.00 won't be
as needed as all that! I go out — more
money & more clothes! I just am one
Big Dum as far as the rest of the
family is concerned I guess!

Mia & Mr. Kishi came over in
early AM & after supper. To K didn't
come. How pretty sure she's expecting but
won't have said! He usual I'm the
baby of the family.

198th Day—167 Days to Follow

Cleaned the front & lining room. & went
food shopping - Ken, Nick & Pa went
to a Nurseryman's Picnic in Niles so
supped for three in the kitchen and
that was fun! Started cleaning the
garage in the afternoon - Went over
to Tak's for Yoshiko's party - Fair fun.
Tin Yoshikawa was over to see Ken & drove
me over & was invited! I felt badly
about this but it was O.K. (Mostly dancing
Ken came later). Mits came about
10:30 and he didn't say a word about
breaking the date last Sunday so
neither did I - no scene - but I've
made up my mind to have a talk with
him - no more getting! He's too busy with
his girls! Home about 1:00.

10 & went to town with her & when I came
back, everyone had gone to the nursery so
I leave me over & then I didn't know what
to do! Go with Tak or Wak. Golly I'm so
indecisive about things like this & yet so
decisive about general matters. Heck! I
don't want to ever hunt her so I guess that's
why I can't argue with her either on books, etc.
I finally went with Tak & didn't do much
except play with Geney & help with dinner &
play I had so much again. Drove Tak to
her from home. Blacks then looked
at newspaper. I must not go over
like that any more - it's a day out &
means I'll have to forego when I do
really want to go some place!

warm.

So much working today! Ted in early afternoon helped Wak Jim keep some with "Pete" + Naoya + Maloto on way home from picking cots so didn't do anything except entertain—so to speak.

After coming in after supper + just in midst of writing letter, Min stopped for article from buying a truck — wrote letter Wak went out — Nick was going + so probably went some place together. I am with that she would tell me when she is at least — not before by bus. but before leaving anyhow — but again I'm just Yui.

Miss Freeman called PM. to say that the broken girls didn't get their money + I'm worried. It's a bad day's doings, Jap C. + me especially. Oh! Gee!

203rd Day—162 Days to Follow

Thursday scrub day + then I made some
spicob jam - and the worse of it when
Wak + Em came home from town, I
found out that she didn't want me to
use it - what's the use at times! Well,
just have to try my luck I guess.

Carpenters are removing the stairs in
front + putting it on the side. I don't
know why but it's Nick's to say.

Stopped in at Rocio's for a few minutes
this evening. She gave me some more
cucumbers. Such a swell girl -

With Sab. comes the house-cleaning. In late afternoon expected Rosie to come by but didn't so went over myself & stayed

Chiyomi Kato & Mrs. Usakawa(?) were there. Pleasant evening & grand ~~becker~~ toasted sandwiches with punch, & potatoe chips were delicious.

Things seem to be getting along just fine. We have Momo, May Naruo, Rose Shinoda & Yo Ishida home. - but even at that looked at Examined before going to sleep

But, believe it or not was up early enough

going to the cemetery. Oji-sent treated us to
a sundae at Eastmont. It was delicious

Since Pat did not come over - she didn't
come home today - had the day to myself

In the evening, started to work on
my serpentine hot disk pad. Something
different to do & was quite fun for that
reason.

came with Kinoshita-san & 2 other people
so by hustling we prepared for them. Ran went
to ching-meehi with the boys. By the time
everyone had gone & we had the dishes done—
was 4:30 - just time enough to start supper.

Man was over 'til 8 - waiting for Kan. & then
read awhile.

got up. Drove over to Nursery + to Hayward
with them to do food shopping. Didn't get
back very early to do much except to cook lunch.
Burned some rubbish + scrubbed; cleaned living
room a bit. — Wak + pa didn't come back 'til
almost eleven. — Muggie called to say she
~~couldn't~~ ^{can't} come tomorrow. Was swell to hear her
again — # Mrs. Ellen Hodghead — a friend of Ma's
now lives at 603 Rice + stopped in just as I was
finishing dishes. Chatted for awhile. She is still
going to U.C. + her husband works at the B. Co.
Fairly interesting person.

Read in bed while waiting for them to

211th Day—154 Days to Follow

Up about 8:30. Pretty good all week! - Went
and talked with Tak's & Rosie's for awhile & then town - waited
till Tak came over for me. Kiyo Kitano
looked & is as sweet as before. She certainly is a
grand big sister for her younger sis. & bros. We
had a grand dinner - talked & then Tak drove me
in the old Dodge cheq-a-truck & did we
look sweet with "kerchiefs" on our heads &
rambling the four of us - down B St. -
we cooked supper of course - Wako's car went to the
store. Papa went to bed very early - 8 o'cl.
so took an early bath too. However waited
till Japan over before hitting the hay - well
well, good night & only 10:30 too
Sweet

212th Day—153 Days to Follow

Home cleaning - Went over to Yoshiko Negi's + Momos to check on transportation for night - Was able to cook supper but no time for dishes. Tak - the crazy fool - came all the way home for this. Rosie, she + I played baseball, etc. + had so much fun! - Had to help with "inventions" etc. but what got me is that they had no entertainment, etc. planned + had to do some things which was very poorly done. Had to judge as for that + it was awful - not knowing the H.O.C.'s of J! Alred Hiota was very kind + helpful though! Enjoyed it a lot. Took Tak all the way back. Ken + Yo came too! Home about 3:00 + plenty sleepy -

Wished Ken hadn't offered to take her back overland had left me home first - but the ride was nice!

As much as I wanted to go to Tak's early,
I barely got my ironing & work done to rush through
supper to go — Went out to Deck. to see Mo & to
pick up Sally out there. Kage came with us too.

The mtg. was mostly constitution but did
I feel rotten with my eyes, etc. & so in headache &
pains! Eyes started to burn & got chills & burns

as in the past week. — W^m Enomoto, Fred

Okuma, Mitsu & Kaw too all talked. Fred is

certainly a nice person — it seems. Refreshment

of ice-cream & cookies were good!

We have to entertain the Southern Division!

And how forward they are! Wanting to meet the

Have a little past eleven — not at all bad

JFK's 2nd Gen. Program - full. - some high grades
2 straight H's - Mary Keno & Denise Muckamob
about 8 girls with B+ & A- grades. That's certainly
swell. Wish I had made at least a D average.

Lorraine also there. She's looking as peppy as
ever. - Went over to house. Darius for
lunch. Elizabeth - was also there. Chatted of
his & that - she of her Trip out. Left about

Mass's for a cabinet mtg. - Hope we don't
go to Mill Valley. - Stayed for supper with
Mass & her mother. Chatted about college
careers 'til 9:00 & then home - She is also
quite undecided about things - As she has
time for herself & I wish that she would go

Shopped in afternoon & did very little except cooked my dessert custard & green salad before cooking supper. Read the Sunday Examiner & then started my paper jottings book.

359th Day—6 Days to Follow

Christmas Day

John & Muriel came for Christmas. We went
to Oakland - John visited Adele too.
They left quite late. - Haswell Christmas
dinner was had for us.

A nice neck-square from John; compact
from Lew & Nick; Ballet Ruse ticket & money for hat
and waist, handkerchief & shorts from Em.

'Twas nice but not exciting.

360th Day—5 Days to Follow

Today I drove the girls to Alameda for basketball & imagine I too played! It was so much fun! Guarding still wasn't hard & we kept them to 1 pt. victory—but I was just plain pooped! — We had a ride later. Ted, Roie & I came home altho' the other girls stayed. Ted came from & stayed for supper. Min Yonkusa came too. Ted I was so vexed when he insisted upon taking shots while having supper — wouldn't have if I wasn't so tired. We did the dishes & chatted. — later to Tali.

(It took me several days to get over stiffness of game but it was just swell. — such exercise).
