1st Day—364 Days to Follow

New Year's Day

A very unauspicious way to begin the New Year. Let's hope the rest of 1939 will not be like it in importance. Korematsu, Ishimaru & Senda came. From the first we learned that Goro Kinoshita is critically ill. A sort of malaise one terribly disheartened to hear of his being so young & at his peak in business. Stopped by to see Sak a few minutes but she had gone out with Kenji & Miss Yonekura to a show. Came back to spend the rest of the evening just lulling around.

2nd Day—363 Days to Follow

rain.

Pa went with Kun to Orenda to look at some plants, etc. Oji saw some but did not stay long as papa wasn't here. We took him to Okada's tho' he wanted us to take him 'round to several places we couldn't since noone was home. I stayed at Zaki for the rest of the afternoon. We ate & ate & played hopchig & talked. Kinoshita-san passed away this morning.

Go & Zaki came by in the evening & we were going to have a nice evening but Fujii saw came so we stayed in the kitchen. Later went in for a few minutes when I took them back.

7th Day—358 Days to Follow

Stopped in town & bought a sweater before going out to the Q.R. Midwinter Conference at Int. House. Oook but my feet did ache after taking a grip on a tree. Danguel was all right. Mima & I left right after to meet Ken to see the Ice Vanities in Oakland. Missed some of it but I especially enjoyed the ballroom dancing of a couple - so graceful. Wish I knew how to ice-skate. Had a bit of coffee at Mima's before going home.

Met Toshi Koba there & as usual we had a good time together.

Happened to meet Mura Sato by Sather Gate. She's looking all right & seems to be busy working. 'Twas good seeing her & Lucille Robinson again.

11th Day—354 Days to Follow

Miwa came up to Hayward to stay ~~for~~
the night with Sally. They came by for
the evening. We just chatted. 'S funny
knowing how ^{Miwa +} Sally ~~to~~

Thursday, January 12, 1939

12th Day—353 Days to Follow

not a foggy day

Ohsawa arrived from Japan today!

We wonder what will happen now.

Didn't do much except read. Then went over to June's where Miwa & Sally were for awhile. Drove Miwa down to San Leandro.

She seemed to have had a good time.

Went to the Florie. mtg. altho' didn't care to & wished I hadn't afterwards. The mtg. just sort of got me down. - Yoshimi seemed perturbed because of rumors that he was the one that held the mail. Am concerned for I'm sure he thinks it's me. Left mtg. before refreshments. Pd. dues - such news! Probably won't join this year.

Friday, January 13, 1939

13th Day—352 Days to Follow

Received a phone call for

Think it was this evening that Yoshimi Shibata came by to ask Nick about some eastern schools for roses. And after we talked about C.H., etc. He's all right tho' perhaps a bit nervous. He told me that he has tactfully told Mito to spend more time on his business than clubs, etc. - He wants to be sure his business goes all right 'cause of brother & knows father has already suffered a heart attack. He also has to be a son of god father to Kinoshita's boy too. I do think Yoshimi is a grand fellow.

14th Day—351 Days to Follow

Pa & Wark went to pay Alva saw a visit -
Got a phone call for Tak. She gets an offer from
Alta Bates - She came by on way back & by
gosh, she's starting tonight for a private diabetic
patient. So decided to drive her up. Yo & her
we came along too. Tak didn't sound too enthused
scatic but guess it'll work out all right. Yo &
I went to the mtg. later. Gii is pres. a banquet
at Alabama is in the offering.

15th Day—350 Days to Follow

This morning went to see Nori in Oakland. We chatted very generally at first & talked of current problems just a little before I had to leave. Really didn't get to any points that she wanted to discuss ~ feel a little differently & maybe I'm a little scared? or superior? for no reason but only because she's become a so called "red" - don't see much real difference in her. Must see her again.

Monday, January 16, 1939

16th Day—349 Days to Follow

Went to see "The Cowboy & the Lady" at the
Hayward alone & enjoyed it very very much.
The grand - Guy Cooper - & Mule Obern was
also pleasant.

Tuesday, January 17, 1939

17th Day—348 Days to Follow

Wrote a few letters today & caught up
with all my mail - the first time I'd
accomplished this in years & years.

Wednesday, January 18, 1939

18th Day—347 Days to Follow

Unexpectedly Ted called me to ask if possible to go after Yo for she seemed to be in trouble. I asked Ken if we could arrange it & he said, "Yes" I certainly wish he had said, "No!" & then not called as he did. Good, gravy I didn't know what his plans were! Next time I'll not ask him. We drove around toward Richmond while Ken visited Miwa & had a grand hot-dog too. Home quite late. We of course left Ted at her place - She's enjoying it immensely, the first time I've seen her looking so darn chipper. ~ Don't know what made Yo stop working there.

Talk about fast service, I mailed a letter to Miwa about 9:30 & she got it in the same morning's mail!

20th Day—345 Days to Follow

Went over to Junes for the Ch. Cabinet mtg. & had a grand time. Brought my req along & finished quite a bit. So funny how definite Gii wants to be & how month by month Mito wants to be. Hell in all, we had a grand session - At least I did. Yoshimi was there & very good company too. He says Yo probably will go with them every morning now.

Saturday, January 21, 1939

21st Day—344 Days to Follow

Picked up) Tak when she came home
about 10:30 - We all had a hamburger & I
did taste oh so very very good.

Sunday, January 22, 1939

22nd Day—343 Days to Follow

What a momentous day. Oba san came with Oji san & Kozo. Ah, what a dinner—fried chicken & cream puffs went over big. She seemed so much easier to talk to—perhaps because we are older & she "aged to more softness". She had on a fap. kimono & looked very nice. Ted laugh! Uchi's & Em's "aunt" came today too. Almost tho't it'd get me too. Got of tired in evening.

Obasan looks so healthy too!

Monday, January 23, 1939

23rd Day—342 Days to Follow

Wal went to the show with Em but of course she didn't care to particularly.

Tuesday, January 24, 1939

25th Day—340 Days to Follow

fair & cool.

Walt's dentist day. Zak came home & was here all aft. She did some sewing & washing. I went back with her for the evening. She treated me to fried chicken at Fat's Place & it was good. Did I travel into Oakland - It was sort of fun going out of fast. - We sat 'round & did nothing in particular. My luck to have the speedometer go "whizz-lang" on me. Did some dry-cleaning after shortening my blue nape dress.

Thursday, January 26, 1939

26th Day—339 Days to Follow

What a joke - Qui came by to ask if I'd like to go to the Washington Township Installation Ball. He's very nice & I do like him as a friend but imagine, being able to have a married man! And all I want is an occasional date with a single one - Well, every time anyone comes I have to keep fingers crossed because of Em - Oh, well, such is such!

Friday, January 27, 1939

27th Day—338 Days to Follow

rain.

"Rained so no washer". Aids & ends I did.

We certainly felt pretty cozy tonight - Had to mend Ken's trousers in evening. How I hate to do that after supper. - Ironed my dresses.

Told Ken that he had better go easy on Miwa altho' I know he likes her a lot & she's a grand person, I hate to have pa & Ma's cast wary eyes on him especially when he gets in late.

Erin's birthday but is she sarcastic!

Saturday, January 28, 1939

28th Day—337 Days to Follow

cool & fair.

Of all the tough luck - my regular came this morning - Washings morning on top of that too! The dinner at Centro Villa was very informal & peppy - wished I could have felt more up to it. The drinks made even Yukachi Nakagawa get on the floor & Min danced with me. - He's a very smooth dancer. Tak had a couple & was feeling tops. & did Mike show "amorous" - he certainly knows how & in spite of his faults he's just fun! Wish I could get him to take me out once more just to show him "no more of that!" Ken left a little earlier - wasn't over til 1:30. My oh my

Jii wanted me to decide when to quit, etc. God wish people wouldn't always ask me! - June tried to persuade me to go to Ch. mtg. but I guess I had to say, "No!" - Venno Khisaka, pres of Washington Township Ch. was here. He's certainly the backbone of that C.h.

Sunday, January 29, 1939

29th Day—336 Days to Follow

rain.

I came by in agh. but am afraid that I
wasn't much as hostess. Feeling sorry for
myself I guess. She was just bubbling over
from the good time last evening. How I wish
to have a free rein at times. Psh what
a funny world this is! —

Monday, January 30, 1939

30th Day—335 Days to Follow

~~occasional~~
sun in between the showers.

The late eye this P.M. - worked on my rat tail for awhile in aft. & in the evening. Stopped to write a letter to Tak in late aft. Have gotten over most of the blues which hung over me yesterday. But god, this waiting for things to break is getting on my nerves & on Wal's too. Em is becoming so much more "sassy." & today I found out she sort of wants to go out to dinner as I did Sat. - the every right to want to but god her manners (but perhaps we should do just that) & the constant bickering over stocking makes me sick. How I would love to go the W.C.D.C. mtg. in Monkey & to have dinner Friday but god I even hate to use any money now! And I really haven't a thing to wear - but more than that so what can I do! I ought to be ashamed of even complaining.

Tuesday, January 31, 1939

31st Day—334 Days to Follow

occasional
rain

Taking advantage of the weather, I'm just out of making time + getting "caught up" with this + other things. Didn't get anything except a lousy sleep in the morning. Finished a ball of string for the reg.

Spent the evening reading. Wak + Em went to a show.

It snowed on hills this - a hard one.

Wednesday, February 1, 1939

32nd Day—333 Days to Follow

very cold but sun out

Since Wak didn't go to the dentist, I went to the W.P.A. project Recreation Trg. course at Marlham School. First lecture all right but the next 2 were terribly elementary for me. Discovered all were on W.P.A. projects except myself & at that I went in late. Got talking to one of workers later & then didn't get started for home 'til almost 12:30. Tak via home - was waiting for me. Drove her home - had lunch then & drove her back to town & dentist. Shopped in town & then home. Just caught up on 1938 diary after doing some washing & came in evening. Wanted to wash hair but tho' I'd go to a show so didn't but spent time at home. ~ Nick certainly made a faces-pas. Went to wrong rty. on wrong night.

Thursday, February 2, 1939

33rd Day—332 Days to Follow

rain.

~~scrubbed in the morning.~~ Did very little except wonder what to have for supper. Had edou no chawan-mushi & it did taste good — Picked up Zak 'bout 7:30 to go to see The Citadel with R. Donel & Rosalind Russell at the Grand Hotel. — also that Certain Age with Deanna Durbin. — rather bit disappointing. — Donel's performance at all very good. English made — no terribly over-flashy — simple but strong in lesson. Enjoyed it immensely. We had coffee + cake & when I got home I very silly by wrote Zak a letter. And after I got to bed I got to thinking about what to do with my life / prepare to go back to ^{take} social service? a business course? & I wondered if I really could write a book by letters — starting from college grad. — Every day events. This sort of thills me. I'd like very much to try it.

via too

The idea of last evening or I should say early this morning has been with me all day. Perhaps house Murrieh & Claire before would be the ones to ask & perhaps J. H. Jackson for professional advice. Am I letting my enthusiasm run wild?

Had fish only for supper & then they came home with ice-cream. So I tho'.

Why not give a more desirable meal at little more expense & then really save on these "extras"?

Saturday, February 4, 1939

35th Day—330 Days to Follow

noice at least

Cleaned the living & dining rms. - went shopping in aft. - Stopped in at new Jayward Food Center which opened yesterday. Very crowded & looks nice. Several salespeople popular as large McMan store there. Shoppers at McMan considerable here. Opened today only beginning.

Met Gii on streets. He tried to persuade me to go to Monterey N.C.D.C. again but refused tho' I would like it. He even asked me to call this evening if I decided to go. (Just if only he were a single man - it would be grand) ~ Jack & Yo dropped in & stayed til almost 12. Talked of everything in general. Funny but Nick stayed up too. That idea I had some time ago about his liking her may have more substance than a "passing thro'". tho' I'm not sure I think she'd be one for him -

Too bad dropped can of dog-food on lady's foot - every # 1.

of all things! Jim calls up at 6:00 PM. to ask
if I had intended to go! E.E. took

rain late afternoon.

Keech & the two children came today saw
husband. Since Rosie came by just as I
was going to do dishes, didn't talk with
Keech very long. Wak had to go over to
nursery so Keech & I'm afraid was left
mostly with pa. The children were getting
a bit bored 'til just before supper.

Since Nick had to take some flowers
over, he took them back. He asked Wak if
she wanted to go but she said, "No, because
then I'll have to take Em." I didn't see why
they both couldn't go - decided to go - Em
wanted to come. Wak wanted us to leave but

no rain after 10 - cold wind but sun out

And was I fooled, expected it to rain so didn't do the usual Monday wash altho' did manage to get the hand wash done in afternoon. And some mending too. Received a letter from Son today giving the usual news. Found out that I've had the date of mi yás both wrong - 67777 instead of 66476.

Worked on my wig in evening & finished the light blue.

Haven't been in spirits. Gee this waiting 'round is awful. How I'd love to go a few places & have friends stay ~~me~~ in more often but such is. ~ Miwa called up for Ken this evening. ~ The Ballet Russe is coming to town again. I'd give anything to go see it this year again.

Decided to go see "You Can't Take It with You". Very good acting but did not enjoy join in the hilarity for tho' I know it was funny I didn't care particularly about it. Home about 9

Wak + Em walked to the theatre tonight. I cleaned up my trunk. Wanted to talk about Em, Nich, Wak + Japan to go but no use felt so concentrated on cleaning things out. They got home early.

Wak + Kaw talked for some time after he came back from Miwa's. She has an offer for a job with the Exposition. lucky father.

fair.

Since how went over to Treasure Island I had to wake up earlier. - Cleaned house & we went to play tennis in afternoon.

We talked about what was what - & I frankly said that I believed we were getting on nerves & about feeling we just got to get someplace but she was so non-committal it made me a bit angry - so peered. She went over to the nursery to Dick after supper. Wished I knew what they discussed. - Tak came by on way home 'bout 9:00. We just talked, she crocheted & I read. Told her that I was going to see about going back to school. She's so awfully happy now! Bed about 10'clock. - How I wish we could all get together & decide what the best course is!

Rosie came by in aft. with Tak so we drove to San Jose & then stopped in to see Dot Kato for a few minutes. She was looking just fine. To Oakland & home again. Gave myself a decent manicure & wrote Tok a letter.

I'm very undecided what to do about the Bay Region W.H.L. advisors'hip. Want to do it but don't know whether I shall. extra expense, time away & need of few clothes.

Wak's birthday — of all dumb ticks. I had put the watch band on Em's & not her watch. Dumb cluck!

To some ^{play} reason, I met deeply with I were going to C.H. dance on 15th.

on conditions - can resign on short notice - not
always met, & wonder if I did right? Espe-
cially since Ken is definitely going back.

Went out to Berk. to see Miss Chickering & the possibility of entering the social service curriculum. Got an application & asked her to write a recom. for me. A lovely pre-spring day. Cooking dinner in morning. Rosie came by as doing dishes & soon after she left Tak & Go came by. Tak tells me that the Jusc is having its banquet this Sat. She wants me to go but don't know what to do. Gah, I'm getting too damned money-conscious. Hat it but it seems inevitable under the circumstances. - Go went to the Ch Dance in S.F. last evening. How silly but I've been enjoying her - everything I want to do but can't! ~ Papa went to Rinokita's 49th day ceremony so Wak & I were able to get a good 20 min. of tennis in before supper. ~ Saw told me that he feels more than friendship for Miwa & tho' I think he wanted to know what to do I just said that I think that no definite bond should be set since he still has so few yrs. before getting established & she's going to Japan to study after the fair is over. - If we could.

I don't know.

No Rec. Come today so came back with Ken. He spent the morning packing + part of aft. Clearing up his things at the nursery house + oh all things well + I went to play tennis only to get in 15 min after over an hour of waiting. ~ We ordered a Chire-meski + it was so good! Miss + Ken came by - Mr. Fujii + Yoshida^{too}. Qii too late. Nick drove to San Jose. Wash, Jim + I went along ^{the dept on way down.} too. Had plenty of time. A. Gee, it's sort of hard to realize he's actually going. - We just came back after seeing him on Train altho wanted to wait til Train left. - Wash + I got into bed + then started to reminisce. And somehow it almost made me cry when I realized that it was almost always Ken who came up to me when I was crying about anything. ~ Gee, when he used to ride me on his bike; held Norma's skirt at the creek - How much we owe Tok for patience all those years.

After doing the dinner dishes with Bob at the sink, I scrubbed the old kitchen floor.

Wal went over to the nursery to help Nick to clean up his "desk" a bit. Ernie & I went over to Oki's to get some green vegetables & since started to talk, it got sort of late - Bob was home already & a bit peeved 'cause I guess I didn't get back earlier.

55th Day—310 Days to Follow

Em + Wat went to the movies - started to look over past material for my soc. rev. application, but pa wanted his nails cut. It sort of "got under my skin" when he said, "well, Wat isn't here, so I can't get my corns cut!" I suggested that well she won't be here all the time + there always has to be the first but he merely answered, "She's a smart girl!" Good-gosh, don't I know it but well it isn't her fault that he shows such preference for her - Surely understand how Kan must feel many times.

Decided to go to the post beyond tomorrow

Went & Tom drove me to S.F. to Sakaki's Jewel

Masa & Margaret S. too but neither going. Went
into Hayward & when got back at 6:00 - Tak had

Had to get up early for off-Sunday morning because
the sun was also coming. The table had to grow
big again. She had dressed her hair in a peculiar
way now. She wanted to know about En but am
afraid wasn't as informative as I may have been.
for I'm not sure of her. — By the time we had
dinner & had gotten the flowers, etc. was almost 3:30
before Tak + I left for his. (dropped off relatives)
his is going to Japan with mother. She's being sent
by the orphanage. How grand! We stayed 'til
4:30. Togy was ill so didn't get here. Oshu, Shizu
Hitopda, Tomi there & Ruby Mikami — We stopped in
to see Mura in way home. She's up now but still
a little rest chad. Came right home 'cause Ruby with
us.

Before we started prepared her to leave. Gee, I wouldn't
have the nerve to say anything more but on thinking
it over, Tak did right in that Mrs. apologized — Did
not in 'til almost one o'clock.

58th Day—307 Days to Follow

All day I tried to write my "statement" & finally got something very inadequate written about 7:00 - Packed with dishes & dress to go to the WHU mtg. - wanted to stop at Claire Gless' hairline to ask her to read it for me but no time. Called her later & she wasn't in - Note she is doing a great job as Pres. but wonder if I should have taken the advisory! Keizer & stopped for coffee & doughnuts in San Leandro

Reread my statement & it sounds awful!
Tried to rewrite but words don't seem to flow

UP

Sunday - I almost tumbled back to pa when I was taking the corner at the Wilson part of highway & I either rubbed the pole or a rock knocked us the fence. He said, "My, God! Be careful!" I was so damn mad! He never says anything like this to W. - But what can ^{one do} about it anyway

59th Day—306 Days to Follow

Went to the library to read up a bit on social work to try to get ideas for my paper, one Sewey
my. good. Spent most of day & night (until
4:00 AM) ^{reading} writing, rewriting, cursing, trying
to type - falling asleep on it several times
& the end result was awful. Wish I had ^{had}
someone ^{read it} for me. I finally told her what
I was doing for my official transcript come
from the UC registrar. & she left looking at
me. Don't know whether this pleased her
but well, this can't be helped. - Gee
but I hope that I'm accepted altho I
don't know whether this is really what
I'd do if I could go or be free in the fall.

Had another new month - had no news to
a sisterhood or trip to Japan.

Washed my hair in A.M. & cut it 2 1/2 inches
shorter. Well, I'm went to see the Sakaki's,
I just sort of lulled - half to sleepy queer.
But we did go hit some balls for 1/2 hr.

Accounter diary in the evening. Nick
came home from S.F. with some very nice
flaky Chinese "manju". 'Twas very good,
but the exposition picture of tea is awful -
looks like Joe Louis & Wick is so much more
handsome than that. - Heard from Tab
who is on way South with the Stems.

robbed of \$1.35 for dues, we took a long lay
ride. Ken & Min told Qii ^{his car} ~~was~~ ~~was~~ was at home so
Qii started to take him back only to hear that
I was at Ken's. Qii said that "Just for that
he was going to drive 'round' til we got good
luncheon & Bay I knew that would have to
be a long time because we were stuffed with
potato chips & peanuts. - We drove to the district
road - but 'twas moonlight & the lake shore
very lovely. - Qii & June - Min - Me & Ken. We ended up
near Mills College - But the time! When it was
almost 2 when I got home. We couldn't have a
chicken 'twee too late - only Queenie's, & of
course I didn't have a key so had to wake
up the whole house. - = Mrs. Hester Dickman.

Kioko somehow makes me nervous. Tell
that she doesn't try to converse + of all
things I would have to spill my soup!
Gosh I was so embarrassed. They use Dan's
head goodness. Poor Oji san certainly has
to be stuck to die. -

The tall centered about Em. Mr. Amata
has someone for whom he's guardian that
thinks well be good for Em. What gets
me is that pa should let Oji san continue
when he hasn't made up his mind
whether he's going to even allow marriage
worse of it is that Amata expects Arch
to teach him everything + that means
he'll have to look after Em. That gets me

mad because I certainly don't want that to happen. — And even with our telling Eric not to say anything 'bout marriage to Em he mentions it to her a few Sunday later. He thinks he knows everything but he certainly doesn't understand how hard it is if she decides she wants it & we can't get her. Heavens! He still doesn't understand his own son's case. I most certainly don't think Em can care for her own personal self well enough to set up a household.

& supper. Wonder what she said & how she

Beautiful up at Annos - Big Trees 3/31

got up about 4:30 & Tak, Yo, Min, Qii, George Kawata & I on Qii's car - Drove to Marteca. hard it. but must have scared them at times - Qoba little ear sick - Jene's outfit fitted swell. - We were hungry. had the skiing & tobogganing. - was able to "drive" tobog. before we left with only one spill. The snow is like icing on dead's food cake - So clean - once broken not as beautiful but it was so nice & deep - imagine 3' to 5' anyhow. - Q.K. teased us by continued huntinging - when realized how young he was realized shouldn't have been so sarcastic but gee whizz - he was a pain in the neck at times - Qii was certainly swell 'bout fixing things. - Yo surely made Tak & me laugh or? when she yells, "Where you going?" when going to the pivvy - An open door business with the snow melting & dripping down your crevasse - The Am. boy who was going to get us down sure gave us an awful fumble. I loved the trip in spite of everything. - On way home we didn't take winding road past Mines but a grand road. - However lost time when Jim drove & went to Douglas Island - a camp - Of all things - & it was getting late & we were all plenty tired. - We spent three Walnut Creek - passed a sketch too. - Hit heavy rain in Lafayette. Would have better time via Tracy. - Stopped at Tingy's in Oakland - Drove back from there. Dropped Tak off there - Q.K.'s comment on driving sort of made me mad! - Home 'bout 1:00 - Yo's red pants a scream.

my hands off me! Gee, I just can't seem
to be able to resist him. But know I shall
have to for did it for the doing I felt no heart
beats as I else to ~ Since I do talk of
remaining a "virgin" + it is all too sacred
for the giving. I know now I'll be able
to stop 'cause I know how.

fair.

3/31

Heard from Jan today. Of all things she mentioned Mitz - "a good kid but should get wise to himself". I guess she really likes him too for she writes of him. 'S funny when he probably is sweetest on yo. - We heard from Ken today again. He's been very frequent but seems to be getting well with the Yeners again.

went to WtHl gen'l. comm. mtg. Home about 10:30 tho'.

Called up Marguerit to tell her don't think I'll go to "White oak" with Barry now on Sat.

Some mending today.

cool.

3/31

Wrote several letters in evening

Mended ~~this~~ red dress in afternoon.

Took me practically all A.M. + part of P.M. to get Ken's package off to him. What completely stunned me was the parcel postage of \$1.91. I just couldn't get over it. My gosh that's terrific.

33,

Slept so late had to ask Neal to drive me to Trig. Course. Stayed all Am tho' 3rd lecturer did not appear. Miss Hefner (?) spoke on Industrial Rec. at 10:00. A very dynamic & attractive person. She leads community singing. "I — my hand" is a very cute song.

Pa went to bed early & so did Em.

Nick was over at nursery. About 9:30 when we were getting ready for bed. I tho't it would be swell to have a pie a la mode. So we went to nursery to tell Nick not to bring anything home. But what do you suppose? We went & had noodles & they tasted mighty good too. — Gee, Wak & I laugh at the way we get our periods of continence but really it isn't at all funny!

After I went to Oki's to get my veges. I washed my hair. Weal went to town in afternoon to get the car. Was going to take Em ^{to buy a hat} to school couldn't because her hair was so messy. Wish she would buy Em a dress shoe but I know that she wants to know what's what before buying cause it makes a great difference. - Worked out in the garden all afternoon. Wrote a letter ^(finished) to home. Qii came by to get the Edward upon & Iwen entered notes. He didn't leave until 10:30.

fair & warm

As I write this I think—"Tomorrow's April Fool's Day" but this life is certainly no joke. We were sitting outside after supper & the absurdness of the evening was marred by tho'ts. of "another month gone by & yet nothing done—Pa just continues on. Good lord I'm getting weaker & naggier at 6m too. And she's getting tired of us & I don't blame her nor do I blame us—

Ma's over at nursery doing the bills this evening. This morning I cleaned the dining rm. drawers & opened one for 6m alone. ~ Lined on pattern this aft. & then Ma & I played some tennis tho' not very long for it was too hot.

Poppies do look nice in the orange vase!

rain evening

Gosh haven't written since March 31 but
oh it has made me feel so good for Mr.
McGuire today said I was getting along fine
& that he liked my way of working & my
attitude toward soc. serv. & that he enjoyed
working with me. Gee, it just made the whole
day brighter. We talked quite a bit about
why I went into soc. serv. & any feeling of
sore resentment, the possibility of getting
into the S.R.A. in Hayward for the 2 wk. con-
period. He certainly was well about
getting me extra dictation, etc. — So funny
that Bonnie should have mentioned it lunch
that she tho't he lived a happy bachelor life &
that he did not strive for more for was satisfied
with informality of job. — Gosh, Yari, I think
you're falling — Well, I know the limits anyhow
but gee if there were some jobs more easy to
