

REPATRIATION

"The persons listed below have been named by the Japanese Government for exchange or repatriation to Japan on future sailings of the exchange vessel if they wish to go. However, it has not been possible to locate them to determine whether they wish to return to Japan. Anyone having information concerning how these persons may be reached is requested to notify the Project Director. Making available this information will contribute to the success of the exchange negotiations between the United States and Japan."
