

Hello Honey:

1-5-45

Went to work as usual.
Quit little earlier + pectin
finishing silk on my own
time not enough steam so
only taped 3 dresses. it is
coming back to me now
The way these girls finish
dress is simple. All I have
to do is top them + Press
the skirt with the presses
I pressed them any way thou
Don't put the head down.

I went to Band-Bod
that is the place where Min
was working Mrs. Muller
is her name. She is a
nice lady + talks very nice
of Min. She asked me
if I am going to stay in
Denver. If I am I guess

I can get a job there.
Mr. Watanabe says she would
not pay more than \$45⁰⁰ a week.
He is getting \$50⁰⁰ now.

They sure got a old style
Machine in the shop. As
min said she sure dose a
nice job of cleaning furniture
That is one thing I like to
learn. Every one says
Band Bon do ~~do~~ ~~do~~
first class work and ~~charge~~
charge for it too.

Getting use to Denver
but don't like Hotel life
Staying here alone isn't
much fun I like to have
some one to fight with
Like I always did in
Caldwell.

Say be sure and

Pay for the Rent. We better
try to keep the house as
long as we can Tell them
that Father is coming out
as soon as he come pack.

well I got a surprise
for you or am I going to
~~be~~ catch it from you for
buying such a thing but
this is all I can find
that is awfully good. Hope you
will like it! This is
strictly my own fist —

So if you don't like it I
know what to do with it.
You will know when I
come home so just
guess what it is until
I see you. You ~~is~~ are
not going to know until
I be there. You remember

What you did when I got
that ring? Ha! Ha! Now
you are going to wait
this time.

Well I have been writing
all most every day and
not a letter from you.

You better write me if
you are sick, other wise
I presume you are well.

Give my best regards
to Bunny + Harriet

Better close for to-night

Good night Dear
