Well Yochi:

I did the same old thing yesterday. Working on dresses on my own time and press suit (men's clothes) for eight hours. It was really hot yesterday sure made me sweat. I drink lots of water as usual.

It is a plain old day nothing to think & nothing to write. Niki forwarded your letter to me yesterday so I will be getting one to day. Will have some thing to look forward for

By the way by the time you get this letter I will be on the move so don't write to me any more

until I let you know where
I will be. I am out on
a run with your permit
so one never knows where
I will land and stay for
a while.

Well it is getting time
for breakfast. so by for
now. Don't know why I
have to take time out
in a morning to drop you
a line? Do you?

Top of the Morning to you

Phil
