

Ogden Canyon is one of the chief scenic features of Utah, at the very door of Ogden. It is traversed by a paved boulevard and affords a short route into northern Utah and Wyoming over the Monte Cristo Highway. A truly beautiful scenic drive.

Here I am in Ogden after one night's cold bus ride. Was the bus cold! My feet are still frozen. Made reservation for 2:45 PM. be in Denver 10:30 AM tomorrow if I am lucky. Take it easy and don't work too hard. - guess will run around and see what I can
