

May the twenty fourth

Dear Bill;

Yes, I know that its about time but I just couldn't help it..... Got finals coming up next week and so I got to catch up on some early work since I registered late at this school..... Golly, there ain't much news since the last time I wrote to you..... I've been going out some but just to dances..... I've made friends.. with Tom Niwa, he played first string halfback on the UCLA frosh last year.... Also the Naganos of San Luis Obispo.. we see them quite often... Pat Nagano made his letter at Stanford in baseball....he use to take out Yo Uchida.... Nellie, his sister is very pretty and just about the right age but gosh, she gets such a big rush that a fellow just doesn't get a chance..... In school I go around with Tom mostly and go out with him on dates and such... We went to a formal banquet last Thursday... I had a pretty good date..... she was pretty but can't say much more.... sort of scatterbrained.... guess you get the general idea...

My dad goes to Lindsay everyday which is about fifty miles away.... don't know what we are going to use for tires after a while but still we've got to pay our old debts somehowToday ,wh ch is Sunday, is my turn to go with my father.... my brother and I trade off each Sunday..... It sure is boring.....

Heard from Yas this week.. she's in Chicago... at a music school there..... She says it isn't bad except that she is very lonely.... guess she would be.. a popular girl like her who built her life around her friends would

really miss them.....I hear from Tanforan... from Joanne,
from Minnie, from Moto, and also from Taz, Sakae, and Bus
ter in Sacramento..... Golly, our old gang sure is spread
far apart..... remember all the fun that we had ? sure
miss them good ole days..... Sakae wrote yester day and
said that they may start to take Japanese again in the
draft and in thataway we, Moto and Sakae and You and I may
meet again.... who knows.... I very fervently hope that
our meeting will come about soon and that we may get
together and talk about the olden times again.....

Well, gotta go to Lindsay so I'll have to close shop
and so Until I hear from You, I remain.....

As usual.....

Willie.

P.S. Your picture hasn't come yet.....are you suppose
to send it or is your family to send it...
