THE ELK

The Elk are, next to Deer, the most plentiful and familiar game in the mountain areas and parks of the Rockies. Ranging in the high hills in summer they gather in large herds in the lower valleys, and parks when winter snows close the high districts.

Hi Bill. —

arrived safe & sound,  
Camp is situated about three  
miles from the Arkansas  
river, house, food, & public  
facilities are good! also  
a few rattlers around.  
Yuke is leaving camp to  
work in sugar beet fields,  
for a couple of months. Will  
write more later. — How  
are you getting along?
