

THERE'S STILL A BIG JOB TO BE DONE!

We have won the victory on the field of battle. With our allies, we have demonstrated to the aggressor nations of the world that they cannot cope with the power and might of nations aroused by a just cause.

The victory has been costly. The price we have had to pay for our triumph in arms is staggering. Our losses in men and materiel can never be recovered. We can never repay those who made the supreme sacrifice. But we can dedicate ourselves to protect the freedoms which their victory won.

THE JOB AHEAD IS THE JOB FOR YOU—The aggressor nations which plunged the world into the frightful war that we have brought to a victorious end must never again become a menace to the United States or to the peace and security of the world. They must be neutralized and rehabilitated, and eventually, by the establishment of peaceful and responsible governments which will respect the rights of other nations, be restored to their proper places in a peaceful world. To accomplish these purposes, we must have armies of occupation composed of highly trained men who have chosen to perform this important service of safeguarding the security of our country and the future peace of the world.

AN ARMY JOB IS A GOOD JOB—The man who enlists in the Regular Army to help do this big job is assuring his own future. He has a job—a good job—an interesting job that will not only provide him with a good living and a steady income during his earning days but will also provide a comfortable income for life after his retirement from active duty. His job will be one of constant variety, enjoyable experiences, pleasant associations, and broad outlook. His job will be one of patriotic service which will merit the admiration and respect of his fellow citizens. The many other favorable aspects of service in the Regular Army make it a career of outstanding attractiveness that has few equals in other walks of life.

The Regular Army has a big job to do—and the Regular Army has a good job for you! Now is the time to make it your career!

A MODERN CAREER — THE REGULAR ARMY!

The United States Army is the best army in the world. It is the best army because it is composed of men who are proud to wear its uniform. It is the best army

because it is the most modern and progressive, and affords more opportunities to high-class men than does any other army. Here are some of the many advantages it offers you:

TRAVEL—By enlisting in the Regular Army for three years, you may choose the branch of service and the overseas theater in which you wish to serve.

EDUCATION—The Army educational system will help you develop your abilities to the fullest extent.

CAREER—The Regular Army offers you an active career of service to our country and the opportunity for a lifetime of interesting and broadening experience.

SECURITY—Your future is assured when you join the Regular Army. The pay is good and opportunities for promotion are yours. You will receive the best of medical and dental care. You will have the privilege of National Service Life Insurance. Your dependents will receive family allowances during your term of enlistment if you enlist or reenlist before 1 July 1946. You may take advantage of the G.I. Bill of Rights after your first enlistment or reenlistment period. Your retirement benefits accrue during your active service.

IMMEDIATE BENEFITS—Furloughs up to ninety days will be granted to men with six months or more of service, provided they enlist or reenlist within twenty days after discharge. A furlough travel allowance to his home and back to the place where he is ordered to report for duty, except for distance traveled by sea, will be paid at the rate of five cents a mile, and in advance if desired, to a soldier granted a reenlistment furlough.

Mustering-out payments of up to \$200 for domestic service and up to \$300 for overseas service are payable to men who are discharged to enlist or reenlist in the Regular Army.

A reenlistment allowance of \$50 for each year in the term of service from which discharged is payable to men who enlist or reenlist within ninety days after their discharge.

WHO MAY APPLY FOR ENLISTMENT?

Men who are now serving, or who have recently served honorably and faithfully in the Army of the United States, and other qualified male citizens without military

experience, are eligible for enlistment or reenlistment in the Regular Army. Enlistment is for three years, two years, eighteen months or, in specified cases, for a lesser period.

REGULAR ARMY MEN—Members of the Regular Army may apply for discharge for the purpose of reenlisting in the Regular Army. They will be enlisted in the highest grades held at the time of discharge and will retain all authorized benefits and privileges. No physical examination will be required, as performance of full military duty will be accepted as conclusive evidence of their physical qualifications.

MEMBERS OF AUS—Members of the Army of the United States not having a Regular Army status may apply for discharge for the specific purpose of enlisting in the Regular Army. They will be enlisted in the highest grades held at the time of their discharge and will retain all authorized benefits and privileges. There will be no physical examination, as performance of full military duty will be accepted as evidence of fitness, as in the case of members of the Regular Army.

MEN WITH PREVIOUS MILITARY EXPERIENCE—Honorably discharged men, regardless of their age, may enlist in the Regular Army within ninety days after discharge. They will be enlisted in the grades held at the time of discharge if they enlist within twenty days after discharge, provided such enlistment is effected prior to 1 February 1946. Men thirty-five years of age and over who apply later than ninety days after discharge are eligible for enlistment according to their age and length of previous military service.

MEN WITHOUT PREVIOUS MILITARY EXPERIENCE—Qualified men between the ages of seventeen and thirty-four, inclusive, are eligible for enlistment in the Regular Army. Applicants for enlistment who are less than eighteen years of age must have written consent of parents or guardian.

YOUNG MAN, WHAT'S YOUR FUTURE?

High wages or salaries are not clear income. Your cost of living, such as food, clothing, rent, medical and dental care, taxes and other expenses, must be paid out of your income. And what about the future? In the Army, you are provided with excellent food and clothing and comfortable living quarters. You are given medical and dental care. You may have the benefits of the best of life insurance.

You may have a month of furlough each year with full pay and allowances. You receive a five percent increase in pay for each three years of service. You receive a generous cash allowance for each reenlistment. You may deposit your savings at a good rate of interest. You are allowed income tax exemptions. You are given free mail privileges. You are assured of retirement with good pay. These substantial benefits are only part of what an Army job will pay you. Look at the table below and see what you will receive in addition, every month, in CASH!

PAY OF ENLISTED MEN — U. S. ARMY

Grade	Monthly Pay (Service in U. S.)	Monthly Pay (Service Overseas)
1 Master Sergeant First Sergeant	\$138 to \$207	\$165.60 to \$234.60
2 Technical Sergeant	114 to 171	136.80 to 193.80
3 Staff Sergeant Technician, 3d Grade	96 to 144	115.20 to 163.20
4 Sergeant Technician, 4th Grade	78 to 117	93.60 to 132.60
5 Corporal Technician, 5th Grade	66 to 99	79.20 to 112.20
6 Private, First Class	54 to 81	64.80 to 91.80
7 Private	50 to 75	60.00 to 85.00

Family allowances for the duration of the present emergency and six months thereafter are provided under current laws. Family allowances will be paid to dependents during the term of enlistment of men who enlist or reenlist before 1 July 1946.

CAN YOU NAME ANY OTHER JOB WHICH WILL GIVE YOU SUCH LIBERAL RETIREMENT BENEFITS AS THESE?

Each year that you serve in the Regular Army adds to your future security. As a reward for faithful service, you will receive a monthly income for the rest of your life after you retire from active service. After twenty years and not more than twenty-nine years of active service, you may request a transfer to the Enlisted Reserve and retirement from the Regular Army. Your retirement pay will be in proportion to the number of years of your active service. If you retire after thirty years' service, your retirement pay will be 75% of your active-duty pay. Here are the actual cash figures:

MONTHLY LIFE RETIREMENT PAY OF ENLISTED MEN

Grade	20 years' service	30 years' service
1 Master Sergeant First Sergeant	\$89.70	\$155.25
2 Technical Sergeant	74.10	128.25
3 Staff Sergeant Technician, 3d Grade	62.40	108.00
4 Sergeant Technician, 4th Grade	50.70	87.75
5 Corporal Technician, 5th Grade	42.90	74.25
6 Private, First Class	35.10	60.75
7 Private	32.50	56.25

HOW TO ENLIST IN THE REGULAR ARMY

MEN NOW IN SERVICE — There is a recruiting officer at every post, camp, and station in this country and overseas. See your local recruiting officer and ask him to give you full information on enlistment or reenlistment in the U. S. Army.

MEN NOT NOW IN THE ARMY — Go to your local U. S. Army Recruiting Office. See the recruiting officer and ask him to explain the many advantages that will be yours when you join the Regular Army.

**BE A GUARDIAN OF VICTORY—
JOIN THE REGULAR ARMY NOW!**

See the job through!

**Be a Guardian
of Victory**
