

Nice, September 21st, 1945

Dear Billy,

Next⁷¹ week, I spent the afternoon at Mr. Lodin's house with Jany and her mother and I received your letter with a great pleasure. Forgive me for not writing to you much sooner but, and it's the truth, I was beginning 2 letters and as I didn't know what to say you I stoped them. No Billy, I am not attending school because I have not⁷² a mind to study. But I continue to study English and I should be so glad to receive letters from you. Reading your letter, I learned many words and expressions unknowns from me before. Billy, when you write to me say me the mistakes of my letter because I don't write often in English and it's necessary to connect me.⁷³ I'll close for now because it is mid-day⁷⁴(twelve o'clock) and I must go to my aunt's house and hope to hear from you again.

Sincerely,

Charley
