My best greetings for the good news! So, Billie,
you are a civilian again. That's wonderful!
And I'm very glad for you, especially by these
days: Christmas and New Year at home.
I guess and I understand how you and
your dear parents are happy -

I just regret to have not seen you
before you leave France. But I still hope

your visit in the future. Be a good student and deserve the trip

Please, Billie, tell me if my letter reaches you because it has been pretty hard for me to make your address out (pardon me, but your hand-writing was not so good) Tell me too if you stay for some time in Winnetka or if you will be soon in Oakland. Please, don't make me anxious -

I remain your little french friend
Sincerely
Suzanne
