

Nice, France - July 7, 1945

My dear brother Billy,

Hello, dear Billy! How are you? I hope that you are not too much sad after to leave of¹³¹ Nice. I hope so that you have get a good travelling. I guess that you must miss Nice too¹³² much and too much and that you must remember five wonderful days in your memory. And Jany? You must write very often to her and you must miss her very much too. Poor Billy! I have seen Colette the girl friend of Suzanne Thursday in the Red Cross and I have tell¹³³ her that you are go seen Suzanne and she was not home, and you have given one package to the neighbour for her. She goes tell Suzanne of this. The evening of the day where you are leave,¹³⁴ I have received a sweet letter of¹³⁵ you of the 22 June, and I answer to her to day so. In your letter you send to me one picture of one nice shirt. I think that she is very, very beautiful and I like her too much. You

ask me for my size, I don't know the number in America because in France it's not similly,¹³⁶ but it's one small size may be 12 (I don't know what is 12) but please you ask Tommy, and he shall tell you because I think he knows the good number. You are very good think to me and send to me one very beautiful shirt as this. Thank you very much dear Billy, your sister is very happy. I am sorry I have not nice things for¹³⁷ send to you and Tommy. I leave to-morrow one o'clock afternoon for the country, I am happy stay one month to the fresh air and in the fields. I like too much¹³⁸ the country and it's very good for the health too. The travelling is enough long now, it's too many people and I don't know when we shall arrive. I go write to my Tommy after. I hope that he is always in good health and good. Time goes very slow now when we are far of each other. But you must know this Billy too and I guess that you have too many things to tell Tom. I guess that you always go swimming with Tommy in the beautiful lake and you must talk too much about Nice. Dear Billy I close my letter for to-day in sending to you all my friendship.
