

I guess that ~~to~~ you always go swimming
with Tommy in the beautiful lake and
you must talk too much about Alice.

Dear Billy I close my letter
for to-day in sending to you all my
friendship.

Sincerely your sister.

My dear brother Billy,

Hello, dear Billy! How are you?
I hope that you are not too much
sad after the leave of Alice.

I hope so that you have got a
good travelling.

I guess that you must miss Alice
too much and too much and that you
must remember five wonderful days
in your memory. And Gany? You must

write very often to her and you must miss her very much too. Poor Billy!

I have seen Colette the girl friend of Suzanne Thursday in the Red Cross and I have told her that you are gone seen Suzanne and she was not home, and you have given me a package to the neighbour for her. She goes to tell Suzanne of this.

The evening of the day where you are here, I have received a sweet letter of you of the 22 June, and I answer to her to day so.

In your letter you send to me one picture of one nice shirt. I think that she is very, very beautiful and I like her too much. You ask me for my size, I don't know the number in America because in France it's not similar, but it's one small size may be 12 (I don't know what is 12) but please you ask Tommy, and he shall tell you because I think he knows.

the ^{good} number.

You are very good think to me and send to me one very beautiful shirt as this. Thank you very much dear Billy, your sister is very happy. I am sorry I have not nice things for send to you and Tommy.

I leave to-morrow one o'clock afternoon for the country, I am happy stay one month to the fresh air and in the fields. I like too much the country and it's very good for the health too.

The travelling is enough long now, it's too many people and I don't know when we shall arrive.

I go write to my Tommy after. I hope that he is always in good health and good. Time goes very slow now when we are far of each other. But you must know this Billy too and I guess that you have too many things to tell Tom.
