

I hope that you get good travelling, and that you stay in good health you and your family.

I hope too, that you shall always remember a few, Alice, the Red Cross and your sister Andree. For me, I no forget and always I shall remember my brother Billy.

I shall write to you again and if something is not o.k. I shall explain to you and may be you help me.

I close for to-day and I transmit to you all my friendship. Good luck and good travelling if you leave.

Sincerely  
your sister Alice

Sunday afternoon.

My dear brother Billy,

There is long time now that you have no hear from your sister in Alice. But, I have not forget you and to-day I come send to you some news of Alice.

Tom has told me that you are going home, may be next month

I feel very happy for you and I guess how much you must be glad to be able to come back and see again your family and your country. I shall have been happy too, to see you again and shake-hand to you, but maybe we shall see again in the States.

Maybe are you sad because you can't see Yany again? Poor Billy.

Now that Com is still left, life return sad and I no feel too good, you know, how I am, dear brother, I am worry for everything.

Billy, I think it is not too good that Com be in Italy alone because I know in Italy the girls and people are

very, very bad and I no like because they talk to the soldiers all the time, and they talk to Commy also. Please, tell Com, that he must no stay with the bad people, tell him that this is very bad. Okay, Billy?

Excuse me if I talk simily to you but I am sure that you shall understand me.

You must know, that maybe in two or three months it possible for get married and that maybe Com get transfer in Nice in one month. I hope that every-thing shall be o.k. I am happy but I am worry too.

And you, Billy, when you get married? maybe very soon in the States when you come back.
