

know it is hard for you but, think too much that you go see again your family, your friends and your country and I am sure that you shall feel better.

My mother shall like too much write one short note to you, but you know, she can't, also I come transmit to you, from her and my Pa. then all their best remembrance for you and they said that they shall never forget your kindness and you. We are talking about you, very often in my home, and my mother never forget you.

I close for to day, Dear Billy, Hoping that my letter found you in the best of the health. If you have soon, I tell you "Good luck" and I send to you all my friendship,
Sincerely
to you - Your ^{sister} ~~mother~~

Saturday afternoon

To my dear brother Billy,

Dear Billy, I was very glad to read your kind letter and see that you no forget your sister who live very far of you.

As you ask me, I am in good health as well as my mother and father.

You are very good explain every thing to me, and give to me good advices.

I have understand everything that you tell me and now, I promise not be worry

and to have confidence all the time.

You know, Billy, when you are far from somebody, it is obliged think too much to everything; now I understand better and I see how many girls and womens are bad. it was for this reason that I was worry.

I have received too many letters from my dear Tom, he always write good to me and never forget me. I know that he is good boy and I liked very much when Tom was staying with you, because for Tom you are the best friend and I know that you are good and reasonable.

As I have told Tom, I have been sorry that he be obliged, to stay still long time without see his family, I know it is not good but now time go quickly and in

two or three months we shall get married and we shall ^{be} very happy together. When we shall go in the States we shall go see you and your family. It is very kind to you, tell me that though no matter what happens you will always help me, I never forget this and you too, you must know that you have one sister who no forget you.

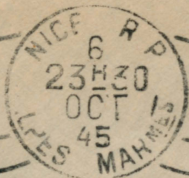

I understand very well, how you must feel now, that you are ready go back to the States. I know that you must be sad to leave from your friends and from Mary. She has talks to me one day in the Red Cross, she has spoke too much about you, I guess that she loves you very much and I know it is the same for you. Life is not always good Billy, and sometimes you must be sad and unhappy, I
