

Division of Language Services
Department of State
Washington, D.C.

Dear Sir.

I am taking the liberty of writing to you at this time to inquire if there are any openings in overseas or domestic work specializing in Japanese affairs.

As for my qualifications, first of all, I am eligible for the position at the U.S. Information Agency as Foreign Language Information Specialist (GS-9). The numerical rating I made in the examination was 93 points. ~~The~~ My past experiences which may be considered as qualifications are as follows:

- 1) From 1933 to 1942, I held the position of associate editor with the Japanese Newspaper published in Seattle, Washington.
- 2) From 1943 to 1945, I was an instructor at the Navy Language School, University of Colorado.
- 3) Since I was raised in Japan my English is weak but I have considerable knowledge of Japanese.

The reason I am making this inquiry at this time, is that there seems to be no vacancies occurring for a while at the U.S. Information Agency, and my personal circumstances do not permit me to remain idle for such an indefinite time.

I would appreciate it very much if you would assist me in this matter.

I am hoping to hear from you soon.

Very truly yours

Takami F. Hibiya
