MISCONDUCT-UNNECESSARY!

Recently in a newspaper article, a statement appeared concerning the conduct of some of the boys that left camp for outside work. These boys went to a bowling alley and had the fun of their life. They were having fun but not the owner of the alley not the other persons who came to play. Why? They were not rowdys, they just forgot their conduct. It is natural that freedom from camp would want to make them go out and have fun which we miss. The Caucasians and even the Japanese of the town complained.

Misconduct is not only in the outside but here in school also. In critical times as this, do we want to create a bad impression upon the teachers? The school system is not exactly what we want it to be neither the desks or seats. Books are few and most of us do get bored of the subjects, but are we not trying to learn for the future?

Just think--if we went outside to school and forget our manners and courtesy many Americans are going to think the Nisei must be like that. We will not only make things hard for the people outside but even for ourselves.

Let's not howl and jeer and make cracks about student's name and answer when they are absent. Boys are not the only "angels" with horns", but girls also. Cracking of the popcorn paper, cracking of peanut shells could distinctly be heard all over the classroom. "Yeah!" Or, Heck, cripe--and G-----", are words not exactly nice to our ears, but they are common around here.

Why is our conduct necessary? Relocation to the outside is near and our future depends upon our conduct. Not only will the individual hurt himself but also the people in the camp. Come-- let us all cooperate and look forward to a bright future.

Canal Makes It Two Straight

Taking it on the chin for the second time, the surprised Butte Eagles dropped a low scoring contest to the towering Canal Bears 33 to 13 recently.

Through most of the first half and all of the second the Bears held the long end. Ryono paced his teammates by sinking 16 points. Tachihara led the losers with five digits.

Both teams used a man-to-man defense. Canal controlled both backboards as time and time again the eye leaguers made follow up shots.

LIFE GUARD JOINS STAFF

Help! Help!, used to be the familiar cry to tall, broad shouldered, Thomas A. Pavelin, Butte High coach. Some years back, coach Pavelin was a life guard at Lake Michigan and during that period he rescued 132 persons without any drowning on him. The fact that Mr. Pavelin, at the age of 15, belonged to the South Chicago I.C.A. swimming team which broke the 160 yard International relay record and also holder of Chicago's intermediate back stroke, well qualified him for such a responsible position.

Coach Pavelin was graduated from Arizona State Teachers College.

Meeting in the first student-faculty game, the "we'll pay you back for those hard exams" boys of the Butte varsity gave their profs a 39 to 33 licking last Friday.

The game produced a variety of comedy; Mr. De Leon warning up on his two hand shots, 6'4" Mr. Biggs playing center against 5'2" George Toyoda, John Tachihara and his "wrong way Corrigan", and many others.

The varsity squad had a tough time trying to stop "Little" Biggs from dropping the ball into the bucket. He rang up 17 points to become the high scorer.

Among the highlights of the game were; Coach Pavelin and his half court shots, "Hot Tamale" De Leon, his last minute savior and Hank Freeland's great defensive work.
