Dear Tomah - How are you? I
finally located this story of yours and am returning
it. Thanks a lot for letting me read it.
I am leaving Sunday for Heart and will be back
to Hunt in two or three weeks. Hope you will let
me work with you on the story again then. How is
it getting along? The best news yet is that I am

taking Gordon with me - we are holding our breath
but it looks certain this time, we have authority from
the Attorney General himself and I don't think the army
will stop us as they did before. I don't suppose
he will get to Hunt - likely go on to Chicago from Heart.

The plan is that he will work on our relocation
committee. His appeal hearing comes up a week from today
in San Francisco. Love
Floyd Johnson.
