Found out

For the most part the religious adventure, it  
 begins with the <sup>awakening</sup> of man's conscience  
 & the fearful struggle of circumstance when  
 is a little girl I heard Tanya in the  
 next room & I sat in the rocking chair  
 there so there that the chair stopped rocking  
 & I went. I heard someone trying to  
 calm down the situation. I heard people  
 talking about Tanya. I think the bedroom. It was  
 the appalling gesture of explanation in  
 everyone involved that was terrifying.  
 I found for the first time. I found

Essentially this will be the story of a woman. Perhaps  
just the story of a modern ~~woman~~ product or that  
she is a ~~side~~ - this will be the growth  
of a woman, watching the growth of ~~one~~ woman. For  
it is not true that everything one does ~~is~~ exhibits

in turn <sup>reflects</sup> reflects ~~is~~ ~~in~~ ~~turn~~, environment and time.

One morning when the story opens, she is 7 years old  
and sitting in a rocking chair upstairs. She is alone  
in the room and so there that even the rocking chair  
remains still. From the next room can be heard the  
loud cries of a boy and a man ~~conversing~~ ~~beating~~ ~~in~~  
~~conversing~~ ~~with~~ ~~her~~ ~~father~~ ~~in~~ ~~beating~~ ~~the~~ ~~beating~~

staring still & watching. She begins to sweat forth

She felt pained for the boy but very talkative  
continued for more and not helped. The last  
certainly it was not the boys fault. He had  
not asked to be sent to Japan a change of 3 &  
then to be permanently dislocated - life - to be

Personal Story

~~My mother's story~~

This is the story of a girl born to Japanese immigrants in the U.S. about 20 years ago 1901. The parents worked and improved their position from laborer to a small retail business man. # 1,000 JAPANESE SEEK ARMY DUTY

WASHINGTON, March 25.—(AP) —More than 1,000 men of Japanese ancestry have volunteered for the Army combat team to be made up wholly of American citizens of Japanese descent, Secretary of War Stimson disclosed today.

The applications were received by officials at ten relocation centers in the United States, where persons of Japanese extraction now are living.
