Dear Lili

I am very much regret that I didn't study English when I was in Shool. It is too late to feel that way but I try my best to write a English letter.

I got your letter this afternoon and I am sure glad to hear Masako is still love her Daddy so much.

End of the last year I met Capt Heartman and he told me that my record is good and first part of this year Japanese Committe want see me so I went Ad Building, they said they know I didn't done anything bad and they told me they feel so sorry for me and my family. As you know I always staied in home and play with Children. I even doesn't want go to Canteen for you Ha Ha. Ther is must be something wrong some place. I am sure that I go back home to join my family pretty soon. I hope. So please do not worry any more and told my Childen that Daddy say be good to Mother, study hard on home work, obey your Teacher

and go to bed ealy and eat lot, then I will Cam home as soon as my work finish,,

I feel so Sarey for You and Sayuri and Masako but time like now it can't help some time, there is lot Case like this, Remember that this is not only my family.

I moved in to the C Barack from F. Because the people in the C. Barack going to bed 10. at night & get up 7 at Morning And room so Clean and Quiet. I want study and try to get fat like Sayuri while I am here. Just imagin Every Morning I get up ealy and eat breackfast then Clean my Barack.

I took Vitamin pills every day. It seem to me very good, I wish you to take Vitamin pills too. You know Why Ha Ha when the day we meet Each other I guess we both feel like Newly wed Yang boy & girl. I hope Ha Ha

Sayuri's school is kind a too far for her, So when she Cam home from School You letter give her what she like such as Cake, Candy or pope Corn. that will help her lot

Give my best regard to Mr Hayashi's family and Mr Furuyama's family. The time like now everything have to be very very careful. So don't talk too much, don't do anything. Just take Care of our childlen that all I want you to do. please do not forget. This is very important. Don't listen the rumor. Rumor is always Bad or Wrong

Do you understand my poor English. Let me know, will you
