Dear Francis:

Many thanks for your note of March 9th and the copy of Commander Ringle's report about the Japanese situation on the West Coast.

I spent some time on the West Coast, returning yesterday, and while out there I talked at some length with Commander Ringle and other officials of the Office of Naval Intelligence, 12th Naval District. I was greatly impressed with Commander Ringle's knowledge of the Japanese problem along the Coast.

Sincerely,

(SIGNED) JOHN J. McCLOY
