Darling,

How are you now? Did you have a nice day off to-day? Gee sure do miss being with you and our little daughter. Hope that we can be together one of these days soon.

I heard that I've got a letter at the mail room and no doubt the letter is from you. I won't be able to get it until tomorrow but will answer it soon dear. Thanks ever so much for writing.

Went to see movies and heard lectures all day to day. It seems that I've heard them lectures and seen them movies a hundred times already. It seems that every time we get into a new camp or Co. it's the same ole thing. Oh well I guess it is for the best or something.

Well hon I may not be able to get a afterlough for some time but I will try to get one before I do go overseas. The only thing we can do now is just wait until the time comes.

Hon just went to the mail room and got the letter. Thanks a million hon it really does me good to hear from you. It really is a shame that I can't write as well and interesting letters as you my dear. You really do write such lovely letters hon.

Dearest I really am yours and only yours and always will be. Hon please don't ever worry about me getting into trouble again cause I won't. Darling lit really does make me feel happy that your mines and that you love me cause you really do mean so much to me.

See how I really do pray that this war would end soon too. I really have been very happy and really enjoyed every minute with you and Yabri. I really am going to try my darndest to make you and Yabri happy from now on. I am really going to save every cent I can so please don't ever doubt me or anything now. I love you so very much. I know that I've been a very poor husband and father but things will be different from now on. I guess and in fact I know for sure now that I really and truly love just you and only you. The love I have now is much deeper and different than the love in the past.

See how I'll be so really  
happy when we have our  
next child. I am happy  
as ever now cause I know  
that you love me and your  
mind. We really do have a  
cute and wonderful daughter  
how but sure would like to  
have another. How please  
don't worry about me cause  
I'll really come back for good  
one of these fine days but  
until then we'll just have  
to make the best of every-  
thing.

See how I hope that my  
letters aren't any to boring.  
I know that my letters aren't  
interesting and colorful like  
yours but I guess I'll have  
to do.

Darling please tell Sue  
and the others that all is  
well and I said hello.  
They really are swell people.  
Darling your tops and I  
love you so very much.
