Darling,

I thank dear for your letter written on the 18th. It sure does makes a world of difference whenever I receive a letter from you.

Well how now you know that I won't return to the states until sometime in 46. Most of the fellows coming home now are fellas with low points who are going to the Pacific. It seems that the point system isn't working any too good but they'll have to live with it some day.

How I am glad to hear that my not getting any rating does not matter. I was afraid though that it may bother you in some way.

See how what are your intentions when the camp closes? See I sure wish that I could be with you but that is out of the question.

Well how whatever you decide I'll try my best to help you in every way I can.

My finger is still sore but it is okay. Thanks for worrying about it my dear.

Darling I sure hope that all will go well when you have your tonsils

to be afraid of and I hope you are well by now.

Darling the mail situation isn't any too good but I believe I have received all your letters. Sometimes it takes certain ones a little longer to get to me or something in that nature.

Dearest we won't have another child until you are good and ready to have another. By that I mean that I'm not going to beg you like I did before I came overseas. I know that Yuri would enjoy having a sister or a brother. Well how will see

2/  
what happens in about eight  
more months.

Yes how I sure wish that I  
could share the little apartment  
with you. Well some day I hope  
to have a nice little cozy place  
we can call our own. Then you  
can fix it all up and I know  
we will be very happy together.

Darling I am going to close  
for tonight but will write you  
soon again. Please write to  
Lake View  
Illinois.

Love you sweetheart

Always Faithful  
To You Mrs. Abigail  
Love,  
or

always Yours,
