My Darling,

How are you sweetheart?
How is our little daughter
these days? Well how as
for myself I am okay.

The weather out here
is rather warm and
it gets cool in the
evenings. Sure hope that
you are having good
weather out there my
dear.

Went to see Archie to-
day. He is going to
Switzerland for however
you spell that country.
He is going there and
a leave and I hope
he has a good time.
I know that it is rather
a nice trip and I wish
I would have the time
to go some day. The trip
costs \$75. Archie was
broke so I had to give
him the money too. And
please don't get angry
at me because I can't
see him missing such
a wonderful trip. It
really is wonderful to
be able to go and
visit there how and I
wouldn't have him miss

7 it for the world.

Darling what size stocking do you wear? I don't know how these Italian numbers run but I am having a fella get me a couple of pairs from Milan.

He is also on a 7 day tour of Italy. I guess I'll never get a break to go anywhere like that but I don't mind cause it cost money to go. I would like to save up all I can for cause we may be coming home soon and I'll need some money for train fare and so forth. I would hate to ask you to send me money so I can come on a furlough or have you spend any money to join me if I can't get a furlough. I had planned a lot of things for but I guess I won't have the money to do anything. It sure is tough to be married to a guy that broke me? Well any how I have very high hopes for the future.

Received a package from my sister Mae. It really was swell of her to send me a package how cause I don't remember asking her. Well I've got to write her a letter of thanks. She sent me a can of peaches, some candy, and some cigarettes. It really did surprised me how.

See how I sure am going to hate going on guard at six p.m. Well how all I do when I am walking, standing, or sitting, in my post is thinking of you, Aileen, and the future. Some day how you are really going to find out how much I love you and Aileen how. Right now everything is all in letters but when I come home I'll make it up to you my dear. Darling you really are going to be surprised what a good husband you have how. (A. Lem) Here I go bragging about myself again. Darling you really are an angel

4 and I love and miss
you so very much my
dear.

Funny darling but I
really am happy and glad
that I am what I am.
I don't care what other
people think nor do I
care of fells with stripes
or bars. I always wanted
to go high in ranks in
the Army and everything
but some how I don't care
any more. I just want to
be myself and that is
what I am. I've got you,
Aileen, and no money but
I am one of the happiest
fells around. Yes dear
you and our big little
daughter makes the world
of difference.

I well how I am going to
close for now but will
write you soon again. Please
write soon my dear.

Take the best care of yourself
and Aileen. Be good dear.

Love you sweetheart.

always yours,
Hubby Alvin

always Faithful

To you

Mrs. Alvin E.
