Marling.

How are you my dear? How is our little daughter these days? Gee but I sure do miss you both.

Went to see a show this afternoon. Slept all morning and am caught up with my sleep. I had to work Friday night and slept Saturday all day and night. I really was tired and sleepy. Boy they sure do like to work one around here and there is no rest for a pot.

How how is your hands getting along? I hope that you have seen the doctor and etc. Gee how it really must be awful having your fingers all chop and so forth.

Gee I am hoping that I'll get sent to one of the Company around here soon so that I might get a pass. I will try my best to come home next week end if I can.

Dearest I don't know how long I'll be here or anything but I'll try my darrest to come home every chance I get.

Darling did you get the \$10 I sent you Friday? I thought I'd get you a little something but didn't get a chance to so I thought I'd send you the money. I know that you can use it and get yourself what you'd like.

Darling I am going to send you the money for Yvris bed right after pay day. Gee I bet she would feel tickled to get a new bed eh. How

I am going to send you every cent I can spare from now on. I am going to save all I can so that we will have a little something left when this war ends. Well dearest maybe some day we will have a little something in the bank eh.

Dearest in a way I'm happy that you're not going to have a baby because the way you feel. Now I do want another but it sure looks as though I'll have to wait until I come back or until the war ends. However I am kinda hoping that you will change your mind soon. Now I sure would like to have another child now than waiting and I pray that you will see it my way or rather feel the way I do.

See dearest I wonder how long I'll be in this camp. I got a feeling that my stay here would be short but where I'll go \* I wouldn't know.

I may go overseas from here and I may not. One never can tell. See I'll be glad if and when they would assign me to some unit. This being unassigned and moving around is sure getting

the best of me. Well I guess I shouldn't pick cause there are many thousands like myself. Sure am hoping that they'll do something soon.

This camp isn't much of a place but I guess the only reason why I like it a little is because I am closer to ~~you~~<sup>home</sup> than before. At least I have hopes of coming home on a 3 day pass. The heat here is just as bad as Beale. Gee but I sure wished that I could be home with you and Ailee for good. I guess that day will come some day. I always say that the war can't last forever.

Some how I like camp Beale better than I do here and it could be because I knew more fellas out there. I don't know any of the fellas here but they all seem to be pretty regular fellas.

Darling I love you so very much and am praying that you will always love me. Sure do miss your cooking and every thing about you how you just grand I sure miss hearing you talking and pray that I can see you both soon.

Well how its going to close for tonight and will write soon again. Please write soon how. Please please take the best of care of yourself and your. Love and miss you both with all my heart. Am always thinking of you both my love. Love you sweetheart.

Always Yours,  
Hubby. Al
