Darling,

Received your telegram this morning and I really can't express how much I appreciate you helping me like this. I am very grateful to you my dear.

Well how how are you and everything else around there. Gee how sure wished you were here with me. I really do miss you and the baby dearest.

I haven't done a damn thing here the past week but I guess I'll have to go to classes and etc here un-til I am assigned. Gee how the whole trouble with this place is that one can not find out anything

Cause no one knows how long we will be here or anything. All they say is that we may be here for a week and again might be here for months. Gee I really do wish that they would assign me soon. Well I have a nice soft job to-day and I'm all through already. Gee sure wished that I'd have a job like this every day that I'm here. Oh well all this waiting around is sure getting the best of me.

Now am going to put in the allotment for you and the baby in a few days. Will have to apply for my insurance again and will attend to it as soon as possible.

Next am going to apply for a furlough at the end

Service Club

of this month. Sure hope and pray that it will be approved. Well I'm going to try my best to get a 15 day furlough how cause I sure would like to see you and the baby. I hope that I can have some good news for you real soon darling.

Well how how is Sue and the rest getting along? Please give her my best regards.

Has Sue heard from Tom lately after he has been in Europe someplace? She how I wonder how she feels about the whole thing? Oh well I guess I'll be over there one of these days too.

It sure did surprise me when I found myself back

in the Medical Corp again.
If this keeps up much
longer I may ask for a tran-
sfer into the Infantry. What
do you think about the
idea hon.? Would you rather
I stay in the Medics or what?
Well anyhow hon I'll wait
until I hear from you be-
fore I do anything like
that. We can talk it over
after we are together hon
or when I come home on a
furlough. (If I get one.)

How is Capt. Glascock still
Company Commander of the Med.
Co. there? If so please ask
him if he can't have me
transferred there cause I'm
not doing anything much
here except waiting for an
assignment. at least it
wouldn't hurt to try eh?

Darling I love and miss you and Yuni with all my heart. I ~~hope~~ ^{pray} that we can be together soon. Gee how its been so long since the last time I held you close to me. How every night I lay awake and wonder how long it will be before I can embrace you in my arms and kiss you how. I sure would love to play with our little daughter how and pray that it would be soon. Darling please love me and never stop loving me cause I need it. I pray that you love me and miss me how. You really the tops and there never will be another like you.

Well hon if I only knew
how long I would be here
than I'd know what to
do. If you were here I'd
get to see you every nite
and spend all day on
Sunday with you and the
baby but it would be
just my luck to be shipped
out by the time you and
Yan get here. Well hon
please don't get discouraged
cause I'll try my best to
get a furlough and be
with you soon.

Well I guess I've got to
catch up on my writing
cause I promised a few
officers back at the R.C.
that I'd write them. Well
hon sure pray that I
can have some nice
and good news for you
in the future.
Love me darling?
