My darling -

Its such a nice day.
Wish so much that
you were here. We
could go out to the
beach or someplace.
Hon. I feel so terribly
lonesome. My whole
chest feels so heavy.
I've been feeling like
this since Thursday
and gee, I don't feel
so happy. I feel so
lonesome that I can't
hardly eat. I don't
feel like doing anything.
I want you beside
me so much. Hon.
I do miss you so.
Everytime I look at

your picture tears
come into my eyes.
Gosh, all I want is
you hon. I don't
know why but my back
aches and I sure
feel tired these days.
Honestly hon. I sure
would like to quit
working. I'm so tired
and so lonesome
for you. I sure wish
the army would
settle you someplace.
so maybe we could
join you. I love you
so much that I feel
miserable with you
so far away.

Honey I hope you can
get a three day pass
maybe this coming
week-end. I sure
would like to know
before Thursday; so

I could change my day off. If you are going to come down, wife or call me up by Wednesday, ne?

I've been feeling like calling you up. I wouldn't mind if you called me up sometimes after six. Its cheaper then.

Hon. I do hope we will see you soon.

Received a letter from Alice, Jim and Charlie the other day. Sure was glad to hear from them.

Alice, sent me a picture of herself.

I hope you have been writing to the

folks.

My hands are getting better it seems, but still itches something awful once in awhile.

Don. have you found a reasonable place that we can stay and visit you for a week or so? I would like to and it would be so much fun.

We haven't got very much — do you think we should visit you anyway?

Don. if we do go to visit you I want to stay in a place where you could come to us every night. How about on Sat. and Sundays? Can you get off? Rayhook, honey I sure hope we'll

see you soon. Gosh,
I miss you so darn
much.

How. have you had
your picture taken?
Hurry up.

How. if I want the
kind of bed for Yuri
that I spoke to you
of I'll have to have
it ordered and it
will take 4 to 6 weeks
to come. First I thought
before I order the
bed I would like
you to see the bed.
Sue, has the kind
of bed I like to get.
You know, I think
Yuri will be sure
happy to get a new
bed. She sure was

all smiles when I told her, daddy is gonna get 'yuri a new bed'. That gal sure ask "where's daddy and wanna see daddy". She misses you just as much as Mommie does. Hon. Yuri is sure fresh and talk so tough these days. Honestly its terrible. She must of learned it from the boy next door. It really makes me angry when like she says "give it here" whenever she wants something. I know that some of the words she learn from Jean. I sure wish she could learn more Nuhongs now. I know its my fault

that she is spoiled, but gosh, it can't be helped living in a home like this. Really I sure wish we could have a place of our own. Maybe someday, I hope.

Yuri is taking her nap now. I think I'll go join her. No doubt she'll get up before I could even get on the bed.

I sure miss your company. Hope we can be together real soon. Hon. Be good and take care of yourself.

All my love,
Fathy

You know what, on one
of your envelopes
you wrote your address
as Camp Beale Calif.
I just noticed it today.
I sure had to laugh.
You move so much
I guess you're all
mixed up, eh?
