Darling,

How are you my dear? How are the folks and daughter Aileen? Pray that all is well. How are your fingers and hand getting along? are you taking care of them like you should? all is well out here. The rain is terrible and the place is all muddy again. Outside of that everything is still the same.

I really haven't got anything to write but I thought I'd write you a few lines. However most of my letters hasn't anything interesting in it anyhow. It is always the same ole things only worded a little different each time. I bet you can tell just about what I have to say in each letter before you read it. Oh well it isn't any fault of mine if I don't or can't write an interesting letter like you. It really is a good thing that you can write an interesting letter cause it makes up for me. Oh well how sure hope that I don't bore you with my letters.

21
sure do miss you and Yuri
with all my heart. words can
not describe how much I love
and miss you both and how
much you both mean to me.
Now please don't ever worry about
me cause I am being good,
faithful, and true to you and
you alone. I'm yours and yours
alone until you change it my
love. Sure do miss playing
with you and daughter Aileen.
Aileen is really a sweet and
grand child just like her
mother. "Mommie" is so beautiful
and everything that daddy can't
help but worry every so often.

Well I guess I'll get paid
for last month in a few days
and I'll send you a few
dollars my dear! I only wish
that you'd get it before or
rather in time to get Aileen
and yourself a little some
thing for Xmas. I pray that the
Christmas after this we will be
able to spend together. I only
pray that it will be sooner
but I doubt it. all I can say
is that I'll be home some
day but when that day will
come I don't know.

3/ I wrote to Frank and asked him to send me a picture of his son. How I want you to remind him of it and have him send me one. I sure would appreciate it my dear. Who does he look like? Daddy or mother? If he is chubby he most likely look like his father. I can't hardly wait to hear from Frank and what he has to say about his son. What is his name hon? Well I've got Aileen and I really am mighty proud.

Well hon I'm going to close for now but will write you soon again. Write soon my dear. Take the best care of yourself and daughter Aileen. Be good my love and think of me often.

Good night darling and please have pleasant dreams of me. Love you sweetheart.

Am always so
faithful to you
