AMERICAN RED CROSS Nov. 28, 1944

Darling,

How are you my dear?
How is our little daughter
getting along these days?
How's mother and dad?
Pray that all is well
hon. I myself still have
a cold and this weather
isn't helping it at all.
Outside of that all is
well.

as I am writing this
letter I am hoping that
this text doesn't fly
away. It sure is windy
and it has been raining
most of the day.

Wrote two letters tonight.
One to Alice and the other
to Jimmy. I received a

letter from them yesterday. James told me to write home more often cause the folks would like to know how I am and every thing. It is all my fault cause I haven't been writing to them as often as I should. I never thought the folks would worry about me but I guess they do. Oh well I'll write them as often as I can from now on.

Have been expecting to hear from you hon. Guess you have been writing every night or so but it is some where on its way. Sure hope you have been

writing how. Oh well it could
be that your time has
been taken up by something
more important. How sure am
hoping that you are getting
my letters regular. I have
been writing you every
chance I get how. Like I
have told you before I
haven't got much time to
myself any more. Sure
pray that this darn war
would end soon so that
we all can come home
soon.

My darling I love you
and miss you with all
my heart. You and dillea
mean everything to me
my love. You are my
one and only. How I've
been such a poor husband

to you that I'm afraid
that you may find some
one else.

Sure do miss your son.
Is she being a good little
girl? Please tell her that
daddy loves and misses
her very much. I guess
it is getting cold for
her to go running around
eh? You take good care
of her because you have
enough time to do so.

How how is your cold?
Pray that you and Aileen
have gotten rid of the
cold my dear. Hope that
your fingers and hands
are completely well darling.
Please wear the ring
all the time.
