

FRIENDS HISTORICAL COLLECTION

March 26, 1984

George L. Townsend
[Redacted]

Dear George Townsend:

I am very pleased to add your "Service with the War Relocation Authority, 1942-46" to the Friends Historical Collection. This is a topic which we are beginning to have questions about--particularly with regard to Friends' attitude toward the relocation of Japanese-Americans and their involvement in it. We have had one graduate student write a paper on the topic. So I am particularly pleased to have a first-hand account of one Friend's experience and observations.

I hope you will have another chance to visit us. We hope to be in a new expanded facility within two or three years and we will be wanting to show it off.

Sincerely yours,

Carole Treadway
