Got the box with contents in perfect
condition. Red cup please P.
no end & she is very delighted
& so am I. Thank you for the
tumble — where did you locate
one & for how much?

She eats much better due perhaps
to the fact she can spoon her
own food a little & has plastic
dishes of her own. Henri's bowling
friend's little boy who is P's playmate
got a cut from forehead, across
eye, cheek, to chin, falling on
a thin glass tumbler he held in
his hand. Thereafter I've been care-
ful with our child because it could
have happened to anyone.

We are having heat & wind in the
daytime & cold at night. Gibbie
sleeps at 7 or so each night & naps
once for 2 hrs or so in the daytime.
The jacket is practically finished — I only
work a few minutes about every other day.
Superstition I have counted up & say this
next baby'll be a boy but the doctor said
maybe another girl. Love Louise
