

Monday

Heard - Sunday was warm - so was Saturday - and  
8° in the house in the apt so we had window door  
open. I played out side in the apt for several  
hrs. both days + therefore slept better + ate with  
appetite.

Tell me more about the Freeborns - in which women  
are they + what do they do all day + ask Ida to write to me  
& tell me. I don't think it's a good idea to emphasize or  
even mention other boys in Co's inasmuch as her 2  
boys ~~are~~ <sup>are</sup> sailors, volunteered, + 1 dead. Get her a gold  
star flag for the window - actually it's for the home but  
get it in her honor. Are heathens coming in or not?

No, no one's come re: house - Mr. Shikata neither - he's  
going thru hearing now - mm. man is here. Nidas are joining ship  
in another 2-3 weeks, Noboris leave tomorrow. Tsuchiyas left yesterday  
to join children in Sanbendro (Rose garden).

When did you get curtains I sent - did you like them?  
I sent for 6 pairs + only 2 came. However will try for more when  
you send dimensions + maybe morning mail will bring it. No sheets  
or pillow slips. All out I guess. But I can keep trying -  
you too - shipments do come in once in a while. Woman  
who sells 'em - Mrs. Goodrich, 4<sup>th</sup> floor Weinstein came to  
Sanforan couple of times - friend of Mrs. Morishita who  
owned hotel - (Ted + Leo's <sup>4</sup>) knows me + house on Inguello  
ask her to save you - give her post card addressed, to  
tell you when they do come in.

Papa is stubborn as ever about everything & you can't change him  
any more than you can Helen or anyone so you have to take them as  
they are - In Helen's case, subject her to good influence - it will  
be more effective than all your lecturing. No amt. of talking to her ever  
changed a person for better or different except to drive them away further.  
I hope you realize the truth in that & stop lecturing & criticizing taste  
& ways & habits. Influence of friends & superiors & those whom we  
admire is way more effective than propaganda poorly done. There  
must be admiration & will to copy & imitate & be like others in  
the person themselves. After so much, any more lecturing becomes just  
so much words & ranting which are not listened to.

Just got morning mail - stopped writing to read it - thanks for envelope  
and glad to know you find Frederic quiet people. Are they lovely? See next  
be! So far way from home - \$190 one as joints is deemed good -!!  
What a small world is right! Mr. Faber & Mr. Tucker in the same place!! Well well.  
And have my fingers crossed for you old job. What a chaos the  
basement must be - I know positively there were no mice in the room upstairs while  
stored there as it was to be - I am sending you red squill use it too. I found  
dead mice in the basement at Reg. after Eggleston would out, & it has been a  
known fact that Bernardskye have mice in their home all the time. Our basement  
has mice.

Speigel sent a catalog - so did Sears - very little in them, & lots smaller,  
& many items crossed out, etc. Today bet 2:30 - 3:30 He & I went to Kean  
noki's tailoring class graduation & had an interesting time. Played outside in  
the sand & dirt & had a good time meanwhile Margaret watched her with Dale.  
Has Mrs. Freborn started work yet? What does she do around the house?  
Thanks for sending keys to Mariba. She'll appreciate it.

Papa made a "bucket" for P by putting on a wire handle to the awl box can  
& she takes it everywhere. She climbs up on things & can get down from the  
any cot to the floor by backing down & sliding off. Mighty nice of Tak  
to do what he's done & Norris Jones too. They sound OK - The atty (Buchanan)  
stopped in Sat AM to say he became very friendly with Thorlakson of our I  
(Chairman & appointer) & would put in a good word for you by writing to S.F.  
W & L - now whether Norris Jones will get it or not, I don't know. It's a  
just go to Thorlakson. Suggest you go see Thorlakson who knows your  
father & has heard of him, & see that Norris Jones gets whatever you  
Lloyd Buchanan sends him. Thorlakson 25? 27? yrs. in Japan.

Velen has had her stay extended to 17<sup>th</sup> & may stay longer if ans. doesn't come. I don't know.

Wed. I'll take P to clinic for typhoid shots so they'll all be over by the time hot weather comes. Tuesday - tomorrow - 10:30 - 11:30 I start tanning class. Looking forward to it. Martha sent me material at only \$3 yd. & entire cost of lining cost me 79¢ + 30¢ for thread & finished product I expect to be valued at around \$30 - 39<sup>50</sup>. Makes me feel good already. You felling out at the best so I suppose I'll have more milk this time. Hope so - anyway my best measure is quite large compared to the time I bent. Best love to you.

No more news now - will write again tomorrow or this aft.

Love,  
Tom
