

May 2

Dear Tommie + Hank:

I've a favor to ask of you — Mr. Memott is in need of labor on his farm, he needs someone immediately as his turkeys are due on the 15th according to Ray, 100 a month + Km, plus a possible bonus as a reward for good work done, (a la Ray Tanner), is the offer. Reno may run down to Topaz the coming weekend if he can get workers. If you know of anybody that wants work under these conditions, phone me immediately after lunch, any day before Thursday — after Thursday will probably be too late. I'm phoning in to Topaz tomorrow for Mr. Memott, and see if I can't get one man for him, Reno needs two, but I know of

only one who wanted work on a turkey
farm. If he can or does get a fellow to
come out, I may return, with Mr. Memott
next Saturday, to Topaz for the day -

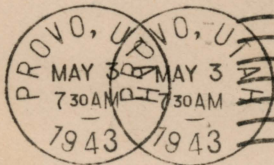

I've enclosed the snap I owe Mr. Yonicki,
will you please give it to him, with my
apologies for it's late delivery - Thanks
very much.

Yonnicki, how do you like returning to
Topaz, hot! I bet, but a soft life to
compensate for the heat, eh? - Did you
purposely misplace the negative to the
enclosed snap of yourselves, your father, and
Mr. Yonicki - for I can't find it here; didn't
leave it at the Yanner's I'm sure, maybe
you know where it is -

Write won't you, I'm hungry
for more word from Topaz -

Ben
