Dear Tomoye.

Please excuse this delay in answering your card, but have been very busy. Business has been very good and there is so much detail work too.

Yes, I received a inquiry from the Government and I made good report for you and also for your Father. When they wanted to know about J. Nozawa, I didn't know if it was for you or your Father. So I sent in a report for you both. I see you still use your maiden name.

Nudy has been in the  
Navy since January  
, at and he has not  
been home for some  
time.

I informed them that  
you were a honou  
student at U. C.

Mr. Beck is operating  
the laundry in fine  
shape. He bought some  
additional equipment.

Some boys started a  
fire in the empty lot  
area next to the  
laundry building and  
he caught them. He  
phoned me about in-  
surance and I found  
out from Mr. Hellball  
that you have the  
building insured. There  
was no damage.

I'm taking care of  
the insurance for  
Mr. Beck.

Hope you folks are  
all fine.

Best wishes to you  
all -

Sincerely,  
Bill

J.S. You should see  
Mother's garden now.  
I have it full of  
vegetables. Also twelve  
rabbits.
