

Dear Donoye Sam

How are you all your family getting
along? I am so sorry I have neglected
to write you.

To day our headquarter officially
announced that all the internees
be reunited with their families in
very short time. We understand
that internees and their families
be transferred to some center and we
single men will be put into bachelor
quarters. Last Friday I received
notice of the repatriation have
been cancelled. We don't know why.
Until we get further notice.

Since we were notified by our
headquarter some time ago, that all
the letters to the internees and from the
internees are to be censored at N.Y.
office. Which will make much
delay or delivery.

I will write you again

Best regards to you all

Yours Truly
Josephine Hoza
