Dear Papa and Henri —

Thank you for the letters. I received the Eiko Takushita reference too. I will write it today.

Please change our address at the Post office. All my mail to Henri is starting to come back to me. I enclose a postal.

Mrs. Tanner treats me very nice and never bosses me. I have to

tell her "Let me do
the dishes" "Let me
clean the bathroom"

I am teaching the
girls how to sew because
Mrs. Tanner doesn't
know how. She wants
me to bring back the
sewing machine and
sew for the girls and
her, too. She says so.

This is a good
place and I certainly
like her. She is very

kind and doesn't
ever scold. Even
her own children.
Yesterday a boy
came to wash the
wallpaper and clean
the walls. She
makes him do
the heavy work &
I do the light work
like dusting. When
I wash dishes she
always wipes them.
She is a large
woman - size 18.

And now her
condition makes
her very tired
all the time.

She is getting her
baby in July and
she is pretty big
now, but makes
herself very pretty.

Only 3 rooms so it
is very easy. I sleep
in the living room.

I will write again.

Tell me if you want
to buy an electric clock.

Yours
+ tomoye
