

Tues PM

Dear Henri -

Mrs. Tanner is still nice to me - she & I are a whole lot alike. She doesn't have much company now so she's lonely. She never goes out - even to shop for food. I haven't gone out at night yet even once. But tomorrow night I would like to see a movie "White Cargo" Gaugin's life, I think. I moved living room furniture around a thick rug & pad, etc so I feel I accomplished a lot. I'm almost through with her bedroom except for the waxing of the woodwork & part of floor exposed around rug. I cleaned the closet & brushed off the clothes, etc in there yesterday. She has poor taste.

to Fairview for Easter. This is why they tell me I may go to Tozay. I may go to Salt Lake. I may not do either one but stay

here + get something done instead as I can't go to the home soon. How is the new setup? Please write

me often, dear. Sending back the book so you can read it, too. Change Tozay T. address to dear - please. They say they will write me in 2 or 3 weeks. Please tell me, <sup>dear</sup> <sup>soon</sup>.

clothes tho she seems to pay a lot. It is late now I bathed + am writing this in bed. I didn't have to do all this work of the furniture today, but I insisted that turning the rug was the only way to let traffic wear on it right. I would like to have it done to mine if I were she. Last Sunday - I washed Sunday, we had the walls cleaned in the 2 rooms + hall way - all AM + PM ~~evening~~ not evening, by a high school boy son of a friend. He did the front room tonight, + got paid 6.00 plus materials he bought. Easy money. Sunday evening dinner Ben came over, + Mr. Tanner + Tok got here just in time to eat from Fairview. Tok took bus to Salt Lake to go back to Tozay for a few days he. family wanted him. He took the

8:50 PM or something + made it be  
Mr. T drove him down. Mr + Mrs  
are very affectionate. He's been  
here 2x since I've been here, +  
expect him again in a day or so.  
He + Mrs T went to bed around 10  
but Ben + I visited each other  
in the living room for a while, + he  
left. The dorm rules are strict  
+ getting more so. He + others  
went Sunday AM for a picnic to  
Utah Lake - as big as SF Bay - +  
some of the boys went fishing + got lots  
of carp - on the way home to the dorm  
some of them threw the fresh smelly  
fish out of the NYA truck at people  
downtown in the street. So their  
Sunday bet, the people were infuriated +  
evidently reported to the police, for  
they arrived around 1:30 - 2:00 at dorm  
for investigation + took 2 hrs to question  
them to get guilty to confess. I finally

goods gone. Whitt if  
want some.

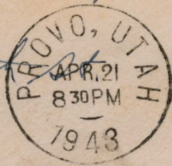

PS - 154 Lane here is

did after coering — that the entire group must spend night in jail. The 4 were jailed. Rest were kept in until 6 o'clock. About 7:00 he showed up. It is rather far to this place — he came to see Mr. Tanner. Mr. McMath was here earlier Sunday to lend us a ladder. He said quite possibly he'd go down to Toxay ~~next~~ this week — Easter weekend, taking Ben to get his friends to work in Peru. But they aren't sure. There is lots of mending to do & lots I would like to do ~~and~~ I am getting out of patience with hand work. I would like my machines. If they go I will send for it. I was told to go down, but if I do it would post you my finishing the work that much ahead. The setup is so perfect I go to town shopping every day. I'm not buying much. Got swell canopener 10¢ & sharp kitchen knife 45¢, some buttons, & today bought a cats doll bc. looked like Ben's face & your eyes. I have not seen a movie nor gone to a dance yet. Dan has been telling the Mrs. that we made his bed, that I made the best pies, that I fussed over him, that I could teach her a lesson
