Dear friend - I am sorry - your very nice and
interesting letter reached me some time
ago - but owing to more sickness I have
not been able to write - I was very much
pleased to hear from you - it was very
sweet of you to tell me about that program
which you heard on the radio - I wrote
a card to me to all for information - have
not heard from him - of course I have
been with my eyes so I got a perfect
picture by touch on the typewriter - called
workers in the Melrose office from four
to ten at night - we talk about
your getting the office - Rich would like
to have you some and out with her
her some time - she has a nice little apartment
just a little ways from here - Will
you be at the fair this summer - I
don't think I will - I have not forgot
that I promised you a palm leaf - I
am still confined to my room with
stomach - I would see you while with
one of my friends
