Dear Tommie:

Since this is the beginning of the month I'm trying to clean up on many belated pending matters.

I believe that I have received no answer from you on my letter addressed to you on February 19 in reference to your letter to me of February 16, 1940.

There may be a possibility that I misplaced your reply, as to what you were planning to do about Henry Yoshino of Alameda. Will you let me know what your decision was, so that I may check this off the pending matter list?

Just finished placing a fellow as an organist, a Sunday school teacher for a church, a house-cleaner for a residence and just before I typed this out to you, I was jotting down some references to a young man interested in "Red Jade". If you have some information about red jade I'll certainly be glad to tell the young man.

A few minutes ago I made some phone calls to the president of the Wanto KKK and the president of the KKK elders for a coordinative cabinet meeting to be held here for Wednesday

in order that I as National president may get things moving for our convention some time in June. You will recall last year we were guests of the Japanese Pavilion on that Sunday, August 20.

It seems to me we had barbecued ham sandwich together didn't we?

Thursday evening I'll be with some staff men of the Oakland Chapter American Red Cross to qualify 23 scouts for first aid when we interview them.

So goes the days.....

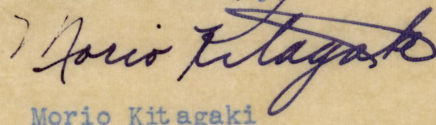

Excuse me a moment I must go and take a look at a roll of negatives that I'm developing for a young lady that is in a rush for them ( instead of sending them to a photography store)-----Just poured the hypo solution off of them and now rinsing in clear water.

I heard Henry Yamamoto is now a patient at Arroyo Del Valle, Livermore, California, about 33 miles eastward from here. Visiting hours one-to-five Wednesday and Sundays only.

Would you like to visit him with me some Sunday in a few weeks to come, going in our old car? I'm sure he would appreciate a visit from you.

Well, I'll close here and rush on to some more correspondence, I hope to hear from you real soon.

Yours sincerely,
