

Good morning —

Anata —

which reminds me of a rotten pun — "I'm anata  
'bout you." Funny how I can think that way about  
3:30 a.m.

Oh, I just remembered my nightmare. It  
was of a squadron of airplanes which crashed and  
fell. I distinctly saw a body land near me, just  
barely missing a person who was running.....  
Just a few lines to remember me by—

I can still see your face before me.  
So comforting. So full of understanding....

You know, Yuki, writing letters at 3:35 a.m.  
is not a regular habit of mine. And I don't intend  
to make it so. This is probably one of the few that  
you will ever receive from me at such an ungodly  
hour.

I hope you can read my handwriting. Am  
writing while in bed.

Just got a new photography magazine today -  
Want to see it?

Well, see you later — Saturday — I hope.
