

Just into you

Dear & Kenji - Came across enclosed typewriter piece
so am sending them along.

Paid 50¢ plus 14¢ tax to block shopkeepers got a long Pyrex dish for
me in Delta - so I guess we can have ice from now on at Koji Murata's.
The last 2 days however did not indicate ice because it has been cool on account
of rain. Papa is packing little by little. I hope he leaves soon so he'll be happen away
from here. I only wonder to what amt. of money he was made a sucker of by Sumi
as she won't collect if he leaves.

I am feeling OK - but this baby kicks as I never did - which doesn't
hurt or bother me any except that it is amazing to find myself practically
rocking or to watch my stomach bulge like a fist was pushing out - I
probably the buttocks. The kicks are more pronounced & determined than
Pinkie's was. The baby is also located quite low. Not conspicuous &
high like Pinkie was. I think the sudden high protein diet is helping.
Hope so. I'm not as hungry as I remember myself to have been last
time when you used to give apples or me when I had tankings
to eat. Many times a cookie at 4:30 or so spoils my appetite for
supper - then later that same night I don't feel hungry enough to
want to eat either, tho I am often thirsty thru out the day. I sleep
more & eat less than last time.

About Okubo's to bother - shall I say that this OWD
man from Minidoko's coming fills the rooms due to Papa's going
back? I don't like to have him bec. he wants to stay until he
finds permanent quarters for himself. If Kurooka had a
hard time despite OWD assistance, why I guess Okubo (Oaki)
will have a harder time leaving. I think we should limit our roomers
to short term leave people, not terminal, or indefinites.

What have you done about fencing in the day couch? Shall
I try to get baby bed etc. here? Please comment. I guess my last letter
regarding this has just reached you & you haven't had time to answer!

I understand the 442nd boys in Italy now are talking
of volunteering as a group to fight the Japanese. What a bunch
of gluttons! But I hear fighting & killing gets in their blood & soldiers
get to feeling that way toward the enemy & to hell with their families.
Like a million people will go to Madison Square Garden to see a
prize fight but won't listen to a sermon.

Tomorrow I'll go to welfare & find out about baby beds. You have to be
starving & destitute before you can get that household assistance they boasted

Dear Mother - I have received your letter of the 10th and was glad to hear from you. I am well and hope this finds you the same. I have not much news to write at present. I am still in the hospital and will be here for some time. I have been thinking of you very much and hope you are all well. I will write again when I have more news. Love from your affectionate son, [Name].

Is it difficult to find a car in good running order in SF? Papa wants a sedan + will pay 6-700 I guess - more if necessary. What is the market - of the type in Gettaker. Quora. He'll want to drive an American - imported car back to SF + that is me is sort of dangerous.

Wed 1 PM

Just saw Yabuki's off - gave them 20 senbeten plus one magazine 35¢ to read on train. You never said what I should do regards send-off.

No mail this AM at all, not one. So I guess I'll just mail this to you as is.

Went to welfare for 40 min. before lunch + if you get statement from employer you work only 5 days a week and average actual total earnings \$36.44 or whatever, or better, if he'll only say 5 days a week as chief man at \$/hr. & not say how much total.

(the less the better) we'll get a grant in lump sum for household equipment which will go towards helping us buy sofa, etc. Also how much do you have in bank which is

frozen. The amt you left in
your acct when you left for
Japan which you can't touch now.
I thought it was a small amt
only few dollars. Can you
recall or tell me where
bank book it.

maybe we can ~~contact~~
gunt - they're helping ~~us~~
they can ~~do~~ but your ~~supervisor's~~
note is imp & maybe you can get it
from ~~them~~

Just the rate of pay & 5 day
vac relief man. Ok? Brown the

letter - they'll hold up everything
else until it comes.
I've

I'm trying to get black pepper for you
but at a time
