Dear Anne

In on the bus on way back to Mpls. after a nice week - and I tried to think things out all while I was there - The rest was what I needed after a week of packing etc. and I needed sleep too. Thanks for your letter + Henri's too. I enjoyed them a lot.

Now that I don't have a job commencing July 1st, I can go back. I'll wait + see what the WRA says about the train fare etc. I can help pay as well as you and nothing makes a person happier than to be needed by someone. I think I'll go to Chicago first for a week - and before I go West. One never knows if there will be any other chance. Will write when I get to the city. Am moving to Albin's tonight. Mervin
