Dear Sammie:

I had planned to write you before this, but since I didn't, & it is rent time, this makes it as good a time as any to answer your note.

I am enclosing one check for \$80<sup>00</sup> and one for \$75<sup>00</sup> - The large one for January rent, the small one to cover the balance of last month's rent. The OPA has not been here, so, it is my understanding that a refund is in order after this first month should they decide less, and vice versa.

About the house, at long last we are comfortably settled - and it was not an easy task. The man worked 55 hours at \$1.58 an hour, plus two women for three days each at \$1<sup>00</sup> an hour - the scavenger charged plenty to move the debris in the basement, and we also had to put a new iron basket in the furnace - but it's all done now,

and I do not believe you will recognize the house - the Bentels said they are surprised and do not see how we did it. Today was our first "warm" day so the children started on the yard - it's a long, hard job - they are in the process of turning the soil and weeding the ground now.

By the way, who fixed the lock on the garage - it is not securely enough fitted to allow opening from the outside with the key.

I imagine you are elated with the new "Blessed Event" - it is grand to have the children close and raise them at one time.

Oh yes, we covered the dining room chairs & they look very professional.

Write us when you can. Don't worry about your house, it is being well cared for.

kindest regards from Mr. Faber.

Sincerely,

Arthur Faber
