We have received a telegram from Joseph K. Yamagiwa stating that he would like to interview you at the Beeson Building in Salt Lake City, Utah on September 29 and 30.

We, also, have a telegram from Dillon Myer stating that the American Council of Learned Societies will reimburse trip expenses for those called for interview irrespective whether they are offered job or accept them.

We are arranging for a car from the carrier service to make the trip to Salt Lake City Wednesday, returning Thursday after the interview is completed. If you are interested in this interview, please let Mr. Cornwall know immediately.

Sincerely yours,  
Charles F. Ernst
