Dear Henri,

I'm leaving tonight for Jopaz & will arrive on Monday, July 2nd. Transportation westward is hard to get, but managed through travel service.

WRA says I can visit camp, but for getting transportation, it takes time & I wouldn't be able to go today so I'm paying my own way. They will reimburse me if I relocate to San Francisco. You must first write a letter saying we have housing there. You can write it to the Jopaz address.

I asked if my baggage ~~was~~ can be sent to S.F. through WRA but they said they can't unless I go through the above red tape so the only alternative was (1) leave baggage here until the grant goes through - this is not so good because I had the baggage at the dorm and they won't keep any. "there this summer because they're doing over the entire basement. I'll have to get a transfer to move it from the dorm to another place for storage & from there to the R.R. station. ~~They~~ The WRA won't send it by ~~for~~ express because it's expensive & they say I'm not in a hurry to get it since I'm stopping off at Jopaz. So it means I'll have to pay transfer from depot in SF to home. Maybe it is

still more expensive but it will eliminate lots of headache so I sent them by ~~the~~ railway express, collect.

They are: 5 cartons  
4 fruit can size  
1 long — containing golf clubs  
1 foot locker  
1 trunk

total 7 pieces

Rate on that is 9.93 + tax / 100 lbs. Therefore, I suppose the whole thing will cost more than \$20. — Please be prepared to pay that much. I'll pay you back. And be sure to keep the receipt — it may be necessary just in case the WRA may reimburse it though I doubt it very much.

I'm going to stay in Dapay as long as Dommie needs me and then help her to S. F. I can settle everything there too. I've had a terrible time trying to decide what to do, and I still feel that the Mid-West is the place for me & for other nice as far as that goes but I know that I can be of some help to you & Dommie is a few months from here won't hurt. Aiko, with whom I'm staying, is really swell & has been a life-saver.

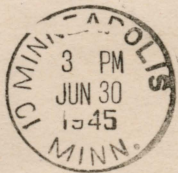

Am sending ration points bl. & Red. If you don't need them for yourself, please stock up on crises & salad oil! We probably

won't be able to get those things very much later bec.  
of high pt. value. Use the blue pts on catsup  
and low pt. fruits. Don't know if sugar stamp is  
any good. Keep ret tokens but don't let the stamps  
expire.

I have lots to do yet so I must make this  
short.
