RESIDENTS OF MINIDOKA RELOCATION CENTER

Hunt, Idaho

★ DEDICATION ★

We, as residents of the Minidoka Relocation Center at Hunt, Idaho, take pleasure in dedicating this book to the "America of Tomorrow" and reaffirm our faith in the principles and ideals of the founders of the United States.

In dedicating this book to the greater America to come . . . when victory has been won over the forces of aggression and greed, it is our firm conviction that a nation so great, so powerful and so wise whose very foundation of government and principles of living is based on equality and justice, will solve her domestic racial problems in a just and equitable manner.

This America, whose greatest strength is the determination of her people to uphold the democratic principles of life, liberty and the pursuit of happiness, will stand as a shining example to all the world in demonstrating that the people of all nations, all races and all colors can live happily together united by a bond of mutual respect, true understanding and love of freedom.

We have every confidence that this nation of ours will lead the way toward a post-war peace which will bring to all everlasting security based upon those principles of freedom, equality, justice and humanity which so many of our sons and brothers are fighting . . . and dying . . . to uphold.

MAY WE DEDICATE THIS BOOK to "the land of the free and the home of the brave," where the Star-Spangled Banner shall wave in triumph; to a truly free and democratic America, where men shall be judged by their actions, not by their race, color or creed; to our homeland and the homeland of our children, the United States of America!

By Looking Back, We Look FORWARD

Commodore Matthew C. Perry, in command of a fleet, entered the Bay of Yedo in 1854. He thought that he was merely opening Japan to American commerce, but he actually opened America to Japanese labor. When the Chinese Exclusion Act was passed in 1882, Japanese were encouraged to come over as a new source of cheap labor in opening up the rich empire of the West. The number jumped from 184 in 1880 to 24,000 in 1900.

In 1907, a treaty was made with Japan to restrict her immigration. Although only 185 Japanese a year would have been admitted under the quota system, Americans passed in 1924 a clause barring all Japanese immigrants.

AMERICA, OUR HOMELAND

Originally, they came to this country to acquire wealth and return to their native country. However, they learned to love the American way of life. They joyfully watched their children grow up with their American friends and become good American citizens. Despite the agitation and the prejudice, they chose not to return to their "Fatherland of birth," but elected to cherish the privilege of living permanently in their "Motherland of dreams."

We are their children. Thanks to their choice, we are in the land of freedom and opportunity. We attended American schools and learned the basic principles and the traditions of our country. We learned to love our country, to support our constitution, to obey our laws, to respect our Flag, and defend it against all enemies.

Our associations and customs of living have followed the course of Americans. We have participated in the advancement of community life, and contributed generously to charitable enterprises. We have exercised our right of franchise for the promotion of a democratic government, and purchased War Bonds to provide for our national defense. We have been law-abiding, and enjoy the lowest criminal record of any racial group. We have made a remarkable record of self-support, literacy, and freedom from juvenile delinquency. In fact, our Americanization in two generations has been more complete than that of most national groups. We have lived, believed, worked, and aspired as Americans.

WAR AGAINST JAPAN

On December 7th, 1941, Japan made the perfidious attack on our unready forces at Pearl Harbor. Next day, Congress declared that a condition of war existed between our country and Japan.

For us Japanese Americans the war was a revolutionary war; because we had long been accused unjustly of being loyal to the Japanese government and we were determined to fight against Japan, just as the thirteen colonies had done against their mother country in 1775. For us the war was a civil war; because we had long been the victims of race prejudice and we were ready to do our part for the preservation of democracy by destroying race prejudice, just as Americans had fought against each other in 1861 for the preservation of the Union by abolishing slavery. For us the war was a war on ideals; because we had long believed in the ideals of democracy and we were willing to take up arms on the side of democracy in defense of our rights as free people, just as Americans of German descent had done in 1917 against Germany.

We were ready to fight in this one war those three greatest wars that have made the glorious history of our mighty nation. With the Army refusing to accept us, however, we were forced to stay in the background.

The FBI arrested a considerable number of Japanese aliens whom they regarded as suspicious. The

Army placed all the military forces on a war footing. Assuming that these measures would forestall any possible danger of fifth column activity or sabotage, the public remained comparatively calm. Thus, for a while after December 7, there was no general outbreak of resentment against us.

Through our papers, we expressed our loyalty to the United States and our willingness to serve her. We felt fortunate to be in America, and never dreamed that evacuation of loyal citizens would be permitted in a democratic state.

MISSTATEMENTS ABOUT HAWAII

It was only about six weeks after Pearl Harbor that the public sentiment began to change, due to the appearance in the press of stories of elaborate sabotage by Japanese residents in Hawaii on December 7th. Later on, all these stories were denied by responsible Hawaiian officials. To this day there have been no known acts of sabotage, espionage, or fifth column activities committed by persons of Japanese descent either in Hawaii or on the mainland.

On the contrary, a fact became known that on the fateful day, Honolulu Japanese stormed the blood-bank center with offers of blood. The United Press later revealed that the first prisoner of war taken by the United States was captured by a Japanese American on December 7. Nevertheless, the truth about Hawaii never caught up with the misstatements.

By the end of January, 1942, many newspapers which did much in circulating the misstatements were demanding the evacuation of all Japanese from the west coast.

On January 29th, Attorney General Biddle tried to solve the problem by ordering the evacuation of all enemy aliens from certain limited strategic areas. The order affected in all, less than 10,000 persons. It satisfied neither the politicians, the press, nor any of the agitators.

The hysterical popular pressure for indiscriminate evacuation of the Japanese might have been checked. Americans as a whole would have heeded a stern appeal to refrain from lawlessness and to honor the Bill of Rights, if it had been issued by the President and backed up by the press. It would have been a credit to our American democracy if the President had recommended individual exclusion program.

THE EXECUTIVE ORDER

On February 19th, President Roosevelt signed the Executive Order, empowering the Secretary of War or any military commander the Secretary might designate to prescribe military areas and to provide for the exclusion from such areas any persons whose presence was deemed dangerous to the national defense.

On March 2nd, Lieut. General DeWitt, the commanding general of the Western Defense Command, responded to the Presidential Order and issued the first of a series of proclamations. It prescribed the western portion of the three west coast States and the southern part of Arizona as Military Area No. 1 and stated that all persons of Japanese ancestry, including us American citizens, would be excluded from this area.

To us who had faith in the Constitution of the United States, it was a profound shock that our citizenship did not matter and that the rights guaranteed under the Constitution would be so easily taken away from us without due process of law. To us this evacuation of a minority group seemed to have violated the Bill of Rights.

But we were determined to accept the order with the full realization of the crisis which threat-

ened the democracy of the world and with the deep sense of responsibility common to all free men. We realized that all these sacred, inherent, American privileges, as well as our national welfare and freedom were at stake. We realized that the best interests of the few had sometimes to be sacrificed for the good of the many. We felt that our sacrifices would be a real contribution to the victory of our country and to the preservation of the principles in which we believe.

EVACUATION STARTED

On March 14th, the Wartime Civil Control Administration was established as an agency of the Western Defense Command, under Col. Karl R. Bendetsen, to have direct supervision of the evacuation program. In carrying out the program, the War Department felt the necessity of legislation providing penalties for persons violating orders issued by military commanders. The law, as passed by Congress on March 21st, was criticized by Senator Taft as "the 'sloppiest' criminal law I have ever seen or read anywhere."

On March 23rd, 1,000 volunteers from Los Angeles went to the assembly center at Manzanar to assist in preparing the new community for the later arrival of 9,000 others. On the same day, Lieut. Gen. J. L. DeWitt issued Civilian Exclusion Order No. 1, directing all persons of Japanese ancestry to evacuate Bainbridge Island on or before March 30.

At first we were permitted or even encouraged to move voluntarily out of the prescribed area and resettle inland on our own initiative. Some 8,000 who moved out, however, met strong protests in many communities in the intermountain region. In some areas, violence appeared imminent. Consequently, on March 27th, the Commanding General issued an order to become effective on March 29th, prohibiting further voluntary migration.

On March 27th, the curfew order became effective, requiring all persons of Japanese ancestry in Military Area No. 1 to be in their places of residence between the hours of 8 P. M. and 6 A. M.; forbidding possession of firearms, explosives, cameras, radio transmitting sets or shortwave receiving sets; and barring travel more than five miles from home without permits.

ASSEMBLY CENTERS

Ninety-eight more Civilian Exclusion Orders were issued by the Commanding General to complete on June 8th the evacuation of 100,000 people from their homes into assembly centers. Practically all of the centers were set up in race tracks or fair grounds. Accommodations were simple even to the point of crudity. Inevitable idleness, overcrowding, lack of privacy, and deficiencies did not make our living content or wholesome as much propaganda made the American people believe.

The War Relocation Authority, a non-military agency, was created by President Roosevelt on March 18th. The agency with Milton S. Eisenhower as its Director was vested with authority to formulate and carry out a program for a planned and orderly relocation of persons evacuated.

The WRA decided that Government-operated centers would be established to be temporary homes for the evacuees. When Dillon S. Myer became the director on June 17th, sites for ten relocation centers had been selected and construction work was well under way. In the meantime, we had to spend a whole summer herded together in assembly centers.

EVACUATION IN AREA 2

Evacuation of approximately 10,000 people of Japanese ancestry from Military Area 2 in California started on July 9th with movements direct to relocation centers instead of to assembly centers. This area was far back from the coast and sparsely populated.

General DeWitt had assured us that he did not expect to order evacuation and encouraged resettlement in this area during the brief period of voluntary migration. However, members of the Associated Farmers were active in demanding the evacuation. It was

evident that the evacuation was ordered not because of military emergency but because of the concealed greed of certain men and interests for the farms and produce businesses made prosperous by the Japanese.

EVACUATION COMPLETED

Evacuation of 106,656 people of Japanese ancestry from their homes in Military Area No. 1 and the California portion of Military Area No. 2 was completed on August 7, 1942. Final movement from assembly centers to relocation centers was accomplished on November 1st.

It was the first time in the history of the United States that the government ever evacuated all members of one racial group and confined them in designated areas surrounded by barbed wire and guarded by soldiers fully armed. It was affected without trial, and with no charges of misconduct or disloyalty on any person involved.

We were the victims of the most unprecedented incident in American history and of one of the most unfortunate episodes in our civilization. We could not handle our properties except at great loss. The total loss was estimated very conservatively at 60 percent or \$400,000,000.

The greatest victim of the evacuation, however, is our country. For the first year of the evacuation, the country paid \$200,000,000; for the second fiscal year, she appropriated \$70,000,000. The tremendous cost of the evacuation was not only in money but also in manpower. 5,000 nisei were in the armed forces at the time of the evacuation and would have been as many more if general enlistment through selective service were not cancelled. At least 50,000 who had been employed were made idle and the country discarded millions of man hours of labor.

EASTERN DEFENSE ZONE

On September 10th, Lt. Gen. H. A. Drum, commanding the Eastern Defense Command, announced individual exclusion program for 16 states along the Atlantic coast. It provided for the exclusion of any person whose presence in the Eastern Military Area would deem dangerous to the National defense.

Our east coast was more vulnerable than the west coast because of shorter distance from the source of threats and also because of more defense plants located within the area. Furthermore, the evidence of the cooperation of a considerable number of alien Germans and Italians with enemy governments had been far greater than any alleged against the Japanese. Still, mass evacuation of persons of German and Italian descent was not contemplated. It couldn't have been the military necessity that caused the mass evacuation on the west coast.

HAWAIIAN ISLANDS

Beginning November 23rd, the Army carried out a small scale evacuation of people of Japanese ancestry from the Territory of Hawaii to the mainland, affecting only 1,037 of the total 157,905. The islands had been attacked before, and the Japanese comprised 37 percent of the total population. Surely those islands were far more in danger of attack than the jittery west coast where the Japanese comprised a mere 0.1 percent.

One might have expected more drastic treatment of the Hawaiian Japanese. However, the Hawaiian military command refused to take the easier and undemocratic way of shutting them up. General Delos C. Emmons, as well as civil officials and leaders of public opinion, did all in their power to preserve the self-respect of the Japanese residents. They applied their full force and prestige to check hysteria and violence.

This policy of trust and respect instead of mass evacuation and expressed or implied distrust and disrespect won the grateful and ardent cooperation of the entire Japanese population. The Japanese continued to produce 90 percent of the food raised on the islands and played a leading part in defense work and other occupations. They helped to make Hawaii safe from attack. Why couldn't a similar

policy been applied to advantages on the west coast?

GALLUP POLL RESULTS

Gallup Poll Results, reported Dec. 30, showed 31% of California, Oregon, Washington, Nevada and Arizona voters as being against our return to the coast after the war. Are they in favor of betraying the democratic objectives which our nation and her allies are fighting to preserve? Do they wish to amend the Constitution of the United States to legalize exclusion solely on the basis of race?

97% of those questioned approved the Army's action in evacuating us from the coast and sending us to detention camps. Have they considered the policy adopted toward the Hawaiian Japanese and come to the conclusion? Have they realized that the evacuation cost the government millions of dollars of unnecessary expenses and robbed the nation of millions of work days? Have they thought that it would have taken a great amount of sabotage by the Japanese on the west coast to equal in damage the sabotage of our relationship with allies by this wholesale evacuation? Have they known that enemy aliens by receiving hearings before civilian boards were treated better than their fellow American citizens? Have they believed that the evacuation impaired the value of American citizenship and that all those rights and privileges guaranteed under the Constitution might be denied to them for just as poor a reason?

More than two-thirds of the voters who were opposed to allowing the Japanese to return thought that they should be sent back to Japan. Haven't they learned that Japanese Americans are American citizens and they have absolutely nothing to do with Japan? How do they expect to send a group of their own people against their will to some place they do not belong?

We are proud that our government is of the people, by the people, and for the people. We are proud that our government is based on the principles of "Liberty and Justice for All." When people think or act not in accord with these principles, we feel that the government ought to inform them of their mistakes. It is our hope that our government will try to point out to her people the significance of the issues raised by our evacuation.

JAPANESE AMERICAN COMBAT UNIT

The War Department on January 28, 1943 announced the formation of a Japanese-American combat unit of 4500 to be recruited from the ten relocation centers and points outside on the mainland and from the Hawaiian Islands.

In centers, only 1,000 offered their services. Even though volunteering was permitted only for admission to a special combat unit, the ratio here was just as high as it had been for the country as a whole where volunteering had been for gaining certain advantages. In Hawaii, where there had been no mass evacuation, 10,000 volunteered against an expectancy of 1,500.

This situation on the islands merely suggested what would happen if loyalty was taken for granted and accepted as the prevailing fact. In fact, the entire situation on the Hawaiian islands is a dramatic illustration of the happy results of an American method of dealing with the Japanese residents.

ANTI-JAPANESE RACE BAITERS

A Congressional group, under the chairmanship of Rep. Martin Dies, began its inquiry of WRA activities on May 12. From that point on, a steady drumfire of criticism and accusation directed against the WRA and the evacuated people appeared on the press. The Dies Committee was used by anti-Japanese race baiters to discredit the WRA and raise doubts as to our loyalty.

After fifty years of name calling, scare headlines and anti-laws, these race baiters climaxed their cam-

paign against the minority group with the wholesale evacuation. They were not satisfied with what damages they had done.

They accused the WRA of "pampering or coddling" us. A permitted maximum of 45c a day for food, ill-equipped one barrack room for a family or two, and extreme winter and summer weathers are hardly the atmosphere in which coddling is usually conducted. The American standard of life cannot be maintained on "board and bed" plus a cash payment of from \$8 to \$19 a month. Besides, what good are Americans without freedom even with plenty of food and comfort?

They have demanded the discharge of enlisted Japanese Americans from the U. S. Army and the continued detention of all the evacuees, including us citizens, under Army, instead of civilian control. They have clamored for the liquidation of our citizenship rights, and advocated our wholesale deportation. They have protested vigorously to our owning or leasing land or even engaging in certain types of business or professions.

Those "patriotic" organizations that pose as chief defenders of the American way have certainly violated its spirit. They have violated the Constitution of the United States by fostering race hatred. They have urged the acceptance of the Axis technique of visiting vengeance upon the innocents for the deeds of others. They have poisoned the public mind, caused disunity on our home front, and slowed down our victory drive.

THE HIRABAYASHI CASE

On June 21, the Supreme Court of the United States handed down its decision on the Hirabayashi case. Gordon Hirabayashi had been convicted of violating both the curfew and the evacuation orders. The Court held that the curfew was a valid exercise of the war power, but ruled that it was not necessary to decide the question of the evacuation orders. It was evident that the evacuation orders presented difficult questions of constitutional power, and the detention within a relocation center, even more difficult questions.

The decision of the Court, however, was of minor importance to us. We did not wish to test the legality of restraints on our freedom. We believed that the obedient, quiet cooperation with the government's plan would indicate the genuineness of our loyalty and should be accepted as our contribution and sacrifice to the war effort. Of more importance is the realization of the government and its people that the evacuation was a mistake from a standpoint of humanity if not from a standpoint of constitutionality.

SEGREGATION PROGRAM

On June 25th, Dillon S. Myer announced Tule Lake as a segregation center. He stated that 10,000 adults and 8,000 minors would be concentrated at the Tule Lake center for the duration. 10,000 included those who had expressed their desire to go back to Japan, those who had refused to pledge their allegiance to this country, and 290 of 2802 persons who had been requested by the Japanese government to be repatriated. The plan was to start the segregation process in late July and to complete the transfers to and from Tule Lake by the end of October.

Those who were headed for Tule Lake had lost faith in America because of the evacuation and the confinement. They had become disappointed, just as some people would get discouraged if they were betrayed by others whom they had trusted. The case of their children is tragic, for they are American citizens, totally ignorant of Japan and its ways. We do hope that our government will aid many of these children as well as their parents by restoring them to American life.

RELOCATION PROBLEM

The enormous and complicated program of segregation of the disloyal from the loyal will soon be completed. Beyond that assignment lies the more con-majority of the younger evacuees who could be self-

BY LOOKING BACK - - - - - WE LOOK FORWARD

structive job of restoring the loyal to normal life. The majority of the younger evacuees who could be self-supporting had already been relocated and the future relocation plans would have to take care of family groups.

More than a year of racial segregation and living in camps—crowded, without privacy or conveniences, with inferior food and little income and with liberties curtailed—has had its effect on our morale. We have lost the pride that kept us away from charity. We have lost our initiative and self-confidence due to lack of meaningful work. We have developed an inferiority complex. We are afraid of not being wanted—of not belonging. We are afraid to re-enter economic and social competition.

We listen to long-wave radio and read newspapers and magazines. We hear of threats of mob action; of refusals of not only resettlement privileges but also business licenses by certain states, town and community officials and groups; of public reaction to unfavorable war news and to propaganda; of publicized high costs of living; and of incidents of racial antagonism. We realize that resettlement in normal society outside is our own problem which has to be solved sooner or later. We cannot become, however, too enthusiastic about going out with bare hands and starting from scratch in some new community where we may face social ostracism, economic barrier, or even physical assault.

We realize that our tragedy will increase every day of our stay in camps. We do not desire to remain in this extraordinary institution. We are willing to go out to meet the struggles and our uncertain future only if the American people have faith in us—if they remove forever the fear, distrust and discrimination which have prevented our being fully accepted as their comrades and if they insist on fair and just treatment of their fellow citizens.

We have fulfilled conscientiously and patriotically every responsibility and obligation of American citizenship. We have demonstrated by actions the definite and convincing proof of our loyalty. We do not believe what we request in return is not out of order in America.

AMERICA'S RESPONSIBILITIES

America is at present leading democratic nations in the war against tyranny and oppression. She will occupy a strong and honorable position in the post war world of peace and security. Resolving her domestic racial problems in the light of the democratic principles will be her initial step in building up the new world.

Consequently, the restoration of our rights and privileges of American citizenship is not only America's obligation to us who have been unjustly treated but also her contribution to the new world which will look to America for leadership. To meet her obligation, she has to educate the public on the ideals of democracy and freedom; to make her contribution, she has to demonstrate to the nations abroad that all nations of different races can be welded into one democratic world just as all races have been welded into one democratic nation.

America was founded and built up into one great republic by many patriots on the principles of freedom, equality, justice and humanity. Americans of today have responsibilities to uphold those principles for which their forefathers had lived and fought and died. Many Americans are fighting overseas to uphold those principles. It is up to those staying behind not to break down what had been built up through the glorious pages of American history and what their sons, brothers, husbands and fathers are overseas defending with their lives. It is a necessity, therefore, for our government to remind her people of these eternal truths of America.

THE PRESIDENT'S PROMISE

President Roosevelt has promised that we shall be returned to our homes on the coast just as soon as the

military necessity ceases. We are looking forward to the fulfillment of his promise in the very near future, since it became known that the military necessity never existed on the west coast to the extent of requiring mass evacuation.

General Dewitt was quoted by the Associated Press as having said: "It makes no difference whether the Japanese is theoretically a citizen . . . Giving him a scrap of paper won't change him . . . A Jap is a Jap." Secretary Stimson's letter openly stated that the evacuation was an alternative preferable to mob violence. The evacuation, if caused by race prejudice and fear of mob violence, is a disgrace to our American democracy. In the midst of an all-out war for democracy, America will begin immediately to rectify her mistakes.

After the segregation program is completed, all suspicious persons will be combed out and segregated under guard. Our loyalty has been tested frequently and is now an established fact. How can any loyal person be a threat to his country anywhere at any time? We are welcome to join our armed forces and fight for our country. We are permitted to go out and help out on our home front. Why can't we be trusted to do our job just as well on the west coast?

Japanese American soldiers have shown in action those qualities of loyalty and devotion worthy of the American soldiers. Those boys in the 100th Battalion are demonstrating in Italy what Japanese Americans are really made of. Those in the 442nd Unit at Camp Shelby have shown that they too have the making of good American soldiers. On the strength of the remarkable showing of all these boys, the right to serve our country through selective service is expected to be restored to us in due course.

On June 1, 1943, Dillon S. Myer announced that not a single act of sabotage or other subversive conduct had been charged against 14,000 evacuees who had been released from the centers to resettle or to take short term jobs. They have done a magnificent job of relieving labor shortage. Their participation in harvesting sugar beets and other much needed crops is worthy of special recognition.

If the selective service is to be restored to us on the strength of the showings of our volunteers, the freedom of movement will be restored to us on the strength of the showings of our pioneers on the mainland and of the Japanese residents in Hawaii.

* * * * *

As we look back, we seem to have lost everything dear in our life. Our family life was disrupted; our business and professions were gone; our savings and securities were lost; our rights and privileges were denied. We have learned much of sorrow and suffering. We have witnessed more of tragedy and sacrifice. We wonder if any other group would have taken such a beating as gracefully as we did—with little complaints and without deviating from loyalty to our country.

However, we still have our Citizenship, our ideals and our future. Our President has said: "The principle on which this country was founded and by which it has always been governed is that Americanism is a matter of the mind and heart; Americanism is not, and never was, a matter of race or ancestry." We have the support of that American way by many men in our armed forces, by many students, by influential journals, and by a host of religious, social and labor organizations. We may say with confidence that there are more for us than against us.

"The United Nations are fighting to make a world in which tyranny and aggression cannot exist; a world based upon freedom, equality and justice; a world in which all persons regardless of race, color or creed may live in peace, honor and dignity." This statement by President Roosevelt convinces us that we can look forward to the time when we shall regain our rightful places as free men in a land of free people.

A MESSAGE

By H. L. Stafford

War clouds have cast their shadows over innocent people throughout the world. Deprivation of liberty has been the accomplishment of the War Lords. The ill fortunes of war struck deep in the case of Japanese-Americans and their elders. Beguiled of their worldly goods and treasures, these folks were rushed away to the ram-parts of incarceration to endure a shattered composure. Fleet-winged vultures of hysteria brought persecution to their midst. Chaotic shrouds of barbed wire and bayonets failed to buckle the indomitable will of these people. They gained solace out of the love of the land of their birth and their adoption. Their sons went away to war to fight; to prove to all the world their title to the blessings of peace, tolerance, equality, and faith in Democracy. Lonely parents, about the shrine of faith, bide the time that Providence engenders tolerance, racial equality and liberty. We, who read the chronicle of their plight, may we observe and pause to say, "Strong folks are they who smile the while they struggle with adversity."

EMPLOYMENT DIVISION

Since the beginning of the Project, the Employment Division has been responsible for all problems of employment, both on the project and off. However, today the greater proportion of the Employment Division's time is devoted to relocation and to the filling of employment opportunities outside the Center.

At the time of this writing, the Employment Division was manned by Joseph G. Beeson, Senior Employment Officer; Victor V. McLaughlin, Leaves and Furlough Officer; L. W. Folsom, Placement Officer and George L. Anderson, Assistant Placement Officer. Harold James, with no other appointed personnel, had supervision of the Employment Division during its embryo stage.

OUTSIDE EMPLOYMENT OFFICE

FRONT ROW: K. Shigehara, C. Watanabe, Y. Tsuboi, A. Ohno, S. Takato, M. Michikami, L. W. Folsom, J. Beeson, V. McLaughlin, L. Fujihira, K. Abe, T. Hirama, M. Uenishi. SECOND ROW: M. Tajitsu, B. Yamaguchi, R. Matsunaga, T. Eguchi, Y. Suzuki, I. Teraji, Y. Ishibashi, I. Nakamura, H. Okihara, M. Mukasa, B. Miyahara, C. Kawaguchi, T. Konno. THIRD ROW: B. Ikeda, T. Kanzaki, Tanaka.

Under the direct supervision of L. W. Folsom, placement officer, the Outside Employment Office contains Outside Employment, Relocation Planning, Relocation Library, Travel Bureau and Student Relocation departments. The Office is a department of the Employment Division which receives and fills offers of employment for both seasonal and permanent jobs. It receives offers for relocation opportunities and advises people of the project as to

how, when, and where to relocate.

Victor V. McLaughlin's Leaves and Furlough department is closely connected with the Outside Employment Office. This department checks and secures clearances, holds consultations on leaves, secures approvals on privately gotten jobs, arranges for baggage pickups, grants indefinite leaves and arranges clearance hearings.

PLACEMENT OFFICE

The Placement Office, first located at Rec. Hall 2, was one of the first and busiest offices to accommodate the surge of evacuees. Harold James, employment officer, and Ken Nishimoto, U. S. Employment Service representative, first organized the office. And under Hiroshi Yamada and Frank Hattori the office endeavored to make fair selections of residents for project employment. They recruited labor in periods of shortage and did a great deal towards the success of the mass registration in February. Kinji Kanno took-over after the pair relocated; but he also left, after five months. Yoshio Urakawa now heads the office.

FRONT ROW: F. Kirihara, R. Tanada, S. Morikawa, K. Hara, S. Aoki, E. Tanaka, A. Kido. SECOND ROW: M. Hamano, J. Yorioka, G. Hara, T. Mori, Y. Urakawa, C. Shibuya, H. Soeda. THIRD ROW: K. Kanno, J. S. Ikeda, J. Beeson.

STATISTICS SECTION

COAL CREW—NIGHT

CENTRAL
SERVICES
UNIT

Central Services is a new idea in Project Administration. It has been created on the Minidoka Project after a complete, careful study and investigation. In this section is developed an overall project service supplementing the operation of the skeletonized divisions. By maintaining this unit it is possible to more fully utilize labor supply and to operate with less labor on the payroll of the total project. This unit is under the immediate supervision of the Assistant Placement Officer.

COAL CREW—DAY

REPORTS DIVISION

IRRIGATOR—CENTER NEWS

FRONT ROW: K. Iwami, H. Kitayama, T. Hijiya, N. Tomita, S. Yasui, E. Sata, C. Tanaka, M. Yasuda, K. Tambara, T. Matsumoto. BACK ROW: Y. Ozaki, J. Okamoto, S. Fukui, M. Okada, J. Bigelow, H. Kanzaki, K. Kuraoka, T. Niguma, M. Hayashi, F. Kajita.

John Bigelow and his Reports Division, through its sheet (the Irrigator) and by other means, keep the residents informed on the latest dope about WRA's policies, relocation opportunities and community activities. The Reports Office also serves as an ambassador for the evacuees—means of acquainting the neighbors "outside" with Hunt and its 10,000.

LEGAL DIVISION

LEGAL AID—EVACUEE PROP.

FRONT ROW: C. Ishida, M. Sasaki, S. Nishimura, C. T. Arai, C. W. Linville, C. M. Featherston, R. Kazama, S. Akada. BACK ROW: F. Fukui, G. Tamura, G. Ohashi, E. Y. Nishimoto, A. Hoshino, G. Hamano, Y. Koyama, M. Matsumoto.

Functioning as an organization to give legal advice to the administrative staff and to assist evacuees with legal problems, especially with reference to property problems plus work in connection with taxation and insurance, the Project Attorney's Office is giving valuable legal service to the project. Irvin Lechliter now occupies the post of project attorney.

SUPPLY SECTION

PROCUREMENT UNIT

To the Procurement Unit is delegated the responsibility of securing the materials and supplies necessary for the operation of the Center. The requirements of a community with the population as at Minidoka are comparable in range and complexity to the basic needs of any similar sized city.

Although many items are acquired by direct purchases, a large portion is obtained by requisitions to such sources as the U. S. Treasury Procurement Division, Army Quartermaster Depots, Army Engineers, Army Medical Depots and the Office of Emergency Management.

Kenneth G. Merrill heads the Procurement Office with Howard Mann as the new supply officer.

FIRST ROW: R. Sawada, J. Ikeya, H. Sasaki, M. Tsuboi. SECOND ROW: G. Hara, K. G. Merrill, W. H. Mann, M. Hayasaka. THIRD ROW: W. G. Miller, T. Tajima, W. Suzuki.

MESS MANAGEMENT UNIT—STEWARD

FRONT ROW: C. Yasaki, M. Tahara, M. Matsushima, F. Kono, S. Shimano, I. Suzuki, A. Kondo, M. Sakanashi, M. Motoki, M. Shioishi. BACK ROW: D. Fujiye, B. Powers, G. Kumagai, C. Wilder, M. Akagi, M. Yanagida, H. Iwata, S. Terada, J. Sugiura, S. Baba, I. Masumoto.

MESS COORDINATORS

Despite the complications of food rationing, the Steward's department continues to maintain well-balanced meals for the residents. Steward's control, beside their office, six warehouses and 38 dining halls, plus the appointed personnel's hall.

Leon V. Krumenacker was heading mess operations until Cecil A. Wilder came along in April, 1943.

Incidentally, it was during the reign of Krumenacker that Block 30 copped first prize in an inter-mess hall cleanliness contest.

Food costs here on the project average from 40 to 42 cents a day per person and the aggregate total cost of food is well in excess of \$100,000 per month.

FRONT ROW: I. Masumoto, T. Hirokane, C. Hashiguchi. BACK ROW: S. Osawa, J. Chikata, S. Soeda.

POSTAL SERVICE UNIT

I. Niimi, S. Furuta, J. H. Katada, S. Okumura, H. L. Stafford, T. Yamane, A. Aratani, M. Katayama, A. Fukui, S. Tanaka, H. Tada, C. Oga, M. Kishida, M. Okamoto, M. Morinaga, S. Yoshida, P. Kobayashi, K. Mori.

The Hunt Post Office made its initial opening on August 20, 1942, with the Community Service office serving as its first headquarters. In its infant stage, incoming and outgoing mails were handled by a postal personnel consisting of two girls with the help of a truck driver who delivered the mails to the block managers' offices once a day.

Later the Office was moved to temporary quarters in Rec. Hall 4 and shortly afterwards to Rec. Hall 21. However, in September, 1942 the fully organized postal staff occupied permanent quarters in the administration area. To meet the needs of the public the Post Office personnel was increased about this time.

On December 7, 1942 the office officially became the Federal Post Office, Hunt Branch, an independ-

ent branch of the Twin Falls Post Office. Functioning under the supervision of M. A. Stronk, the Postmaster of Twin Falls, and H. L. Stafford, Project Director, the full responsibility of the postal work was assumed by T. Umino, who as clerk-in-charge headed the all-evacuee staff. When Umino relocated he was succeeded by S. Okumura who heads the present staff.

The Hunt Post Office has been outstandingly successful in creating a close communication between the residents of the Center and those outside the project. The Twin Falls Postmaster and Project Director take special pride in the Hunt Post Office, for among the ten relocation centers, this is the only post office with an entire evacuee staff.

MAILS AND FILES

It is intended that the Mails and Files, which is the Office Service Section, will be responsible for the coordination of the receiving, recording, routing, mailing and filing of all official correspondence and documents essential to the proper functioning of the project.

Mrs. Gertrude B. Clever and Miss I. J. Sturtevant see to it that the office services are functioning efficiently. They have 13 evacuees to do the work.

FRONT ROW: Y. Shimizu, F. Matsudaira, K. Nagai.
BACK ROW: G. Clever, Y. Tanaka, K. Hamasaki, Y. Kishida, E. Fukuyama, J. Sunata, L. Kadoguchi, M. Ishihara.

FINANCE SECTION

COST ACCOUNTING UNIT

The Cost Accounting Unit establishes and directs the maintenance of complete cost accounting records for the entire project. Because of the unusual and complex nature of the War Relocation program, which includes a combination of government administration, municipal control, mess operations, housing, education, professional services, employment, industry, agriculture, etc., it is necessary that adequate cost accounting records be maintained to assist intelligent planning of programs, production costs and other statistics.

FRONT ROW: M. Hirose, H. Sakai, T. Ninomiya, C. Abe.
SECOND ROW: H. J. Keener, M. A. Byrd, B. J. Albertson, F. Watanabe, M. Mihara.

PROPERTY CONTROL UNIT

FRONT ROW: K. Yamamoto, S. Okada, H. Hiraki, M. Yamamoto, J. W. Wilson, A. J. Ford, A. B. Colwell, G. Newbry, T. Aoki, S. Nakano, K. Moriya.
SECOND ROW: K. Ogahara, K. Ikoma, M. Ishikawa, Y. Hasegawa, M. Abe, R. Bunya, I. Mayeda, G. Kaku, H. Fukai, K. Mori, H. Morio, L. Ohashi, K. Mori.

The control of all government property, coming in and going out, falls in the hands of the Property Control Office at warehouse 2. It checks-in everything except food and drug which are tallied in by the Mess Division and the Hospital, respectively.

The Property Control Office is in complete charge of 11 warehouses, each one with a floor space of 5376 square feet. They are divided as fol-

lows: Whse. 2—Receiving; Whse. 4—Housing supplies; Whse. 8—Clothing; Whse. 3—Agriculture; Whse. 12—Community Enterprises; Whse. 14—Adult Education classes; Whse. 15—Evacuee Property; Whse. 16—Carpenter Shop; Whse. 20—Mill work, lumber; Whse. 19—Electrical, plumbing, irrigation engineers, public works maintenance; and Whse. 18—Finished lumber, i. e. doors, windows.

FRONT ROW: K. Ogawa, A. Handa, H. Kumagai, S. Nakatani, F. Onishi, R. Tashima, M. Higo, T. Higashiyama, Y. Kuse.
SECOND ROW: R. Handa, Mr. Jones, W. E. Hughes, J. Foulk, W. Radke, J. Brazie, M. Glenn, M. Yanagita.

BUDGET AND ACCOUNTING UNIT

Payment of subsistences, nonsubsistences, travel grants, clothing allowances and payrolls for both evacuees and administrative personnels are taken care of by the Budget and Accounting Unit, headed by Marlow Glenn, fiscal accountant.

According to Glenn, approximately \$300,000 a month is paid out, and since last August approximately three and a half million dollars have been disbursed.

★ STATISTICS SECTION ★

TATISTICS, RECORDS, INDUCTIONS

It is the function of this section to keep accurate up-to-date records which will be available to departments on the project requiring this data as well as governmental agencies and others on the outside who may inquire about this information.

Induction department records egress-ingress population movements from hospital and main gate records. Reports daily to Washington as well as to the various divisions.

Records department keeps alphabetical card files on every individual who ever was a resident on the project—even those outside—with detailed particulars to date. It maintained a similar type of block or address file and also confidential record files.

Statistics department makes charts, summaries, maps and studies the egress-ingress population movements for Washington, publications, and various departments on the project.

These girls are under the supervision of Gertrude Clever and I. J. Sturtevant.

★ PERSONNEL SECTION ★

The Personnel Section headed by Fred W. Minnesang, employs all appointed employees and maintains their personal records, including retirement, bonds and tax deductions. It also prepares WRA staff payrolls, assigns dormitories to single employees, prepares travel authorization and vouchers for appointed personnels. Interviewing and recruiting prospective employees and referring them to the department in which they will be employed is also the duty of the Personnel Section.

★ HEALTH SECTION --- HOSPITAL ★

The first appointed members of the Minidoka medical staff arrived here August 8, 1942 and quickly set-up equipment and supplies to handle all emergency cases. Ward 8 was soon opened to receive patients and by September 5, the last group of hospital patients had been transferred from Puallup. Construction on the hospital building had progressed so that Ward 6 (Maternity Wing), Ward 10 and 12 could be opened.

With Dr. Lauren M. Neher at the helm as Chief Medical Officer and assisted by Mrs. Maxalyn W. Evans, Chief Nurse, the organization of the hospital was rapidly accomplished.

During the months of September and October, heating and hot water systems were completed and medical equipment was received from the Army Medical Depots and from the disbanded Reception Centers.

Evacuee professional personnel, including physicians, graduate and student nurses, dentists, pharmacists and x-ray and laboratory workers arrived from the Reception Centers. Nurses' aides and male attendants were trained as rapidly as possible.

Before many of the non-professional members of the staff had received complete training, depletions due to seasonal work leaves, became a major problem. By December all departments were fully operating.

The laundry had been completed and was doing all of the hospital washing. . . . A high school nurses' aide class had been started . . . Ward secretaries were trained to help with the secretarial work, charting and assisting the doctors with records . . . Assistant dieticians were trained as well as unskilled workers in nearly every department . . .

The holiday season saw decorated Christmas trees in every ward, and carolers singing Yuletide songs in the hospital corridors to cheer those patients who had to spend the holidays in bed.

A voluntary occupational therapy program is being carried out with the assistance of resident personnel. Bedridden patients are taught various types of weaving, knitting, wood-burning, crocheting, painting, etc. The library has established an extension at the hospital, and books are available to the patients several times a week. Other residents have voluntarily assumed the responsibility of record concerts for the medical patients.

The hospital kitchen, now fully equipped with all conveniences, care for the special diets of some 50 out-patients and the ever-changing number of in-patients, as well as the professional residents and employees of the hospital.

The out-patient department is comprised of an x-ray room; laboratory; dental clinic, which averages some 1,400 patients monthly; the pharmacy; and the out-patient clinic, which averages over 2,000 patients per month.

The health department has maintained constant supervision over the general project sanitation in all its aspects—maintenance of pure water supply, sewage disposal, garbage disposal, food preparations and general mess hall cleanliness and sanitation.

With the relocation of many of the evacuees new additions were made on the appointed personnel staff. Two physicians, a public health nurse, a medical social worker, a dietitian, as well as registered nurses have joined the medical personnel since the beginning of the year.

The hospital staff at the time of this writing consisted of some 250 employees whose services to the healthful needs of the community are "checked-in" 24 hours of the day—365 days to the year.

The policy of the WRA has always been to give the best education obtainable to future and present participants of democracy. The leaders who first laid the groundwork vowed to make the Minidoka Project Schools one of the best in Idaho—they have done creditably.

Much had to be done. With a sympathetic outlook, the educational directors worked out a plan whereby re-adjustments could be made in the classrooms. The needs of the nursery children as well as those of adults were carefully considered in the planning of the educational system—that nothing should be overlooked in the way of giving the best education obtainable. The total average enrollment of the educational system during the past and present year has been approximately 2,500 or one-third of the Project's population.

The Educational Department has taken the interests of the community to heart. Every effort has been made to carry-on the work so ably started. It is the wish of the department to provide for the welfare and the needs of each and every individual who seeks to knock at the door of knowledge and experience.

HUNT HIGH SCHOOL

THE FACULTY — Helen Amerman, Marguerite Askew, Eugene Boatright, Charles Bowen, J. V. Briggs, Ruth Candee, Edward Coad, Gwendolyn Cline, Robert Coombs, Marguerite L. Corkill, Oscar Cutkosky, Erling Erlandson, Arthur B. Ficke, Charles E. Fleischman, Gladys Gilbertson, Eunice Glenn, Alice E. Gwinn, Frances Hagland, Ellen Herndon, James Horne, Frances Hughes, Ecco Hunt, Willard Jaegar, Edna Kirton, Ruth Major, Genevieve Markholm, Jessie McNary, Erma Pattee, Betty Peavey, Marjorie Pollock, Veda Satterfield, Jessie L. Sistermans, Elma R. Tharp, Eleanor Vold.

High School put out the "Welcome" sign on November 16, 1942. In a contest sponsored by "Hi-Lites," the bi-weekly publication of the journalism class, the school was officially named "Hunt." "Wolverines" was voted her emblem, and navy blue and gold, her colors.

A temporary student council was organized for the fundamental purpose of drawing up a constitution. This group later gave way to a permanent student body government. The student councils along with the associated student body have done a good job in not only carrying out self-government successfully but also making school life more pleasant. Exchange assemblies were held with nearby communities; a carnival and numerous dances were held.

Many students have found their way in many fields of employment, getting valuable training and contributing much towards the betterment and growth of the community.

On July 23, 1943, beneath a clear blue sky with the lazy rays of the setting sun shining into their faces like benediction, the Senior Class who had chosen their motto "We Can, We Will, We Must," received their diplomas.

The graduating class combined their efforts and edited "Memoirs" summarizing activities and accomplishments of their eventful school year.

At present, 350 students are outside to relieve the labor shortage on the farms while 280 students and teachers are working side by side in the various farms within the project.

ADULT EDUCATION

Organization of an adult education program was initiated October 26, 1942 upon the arrival of Jerry J. Fogarty, Director of Adult Education. Analysis of the returns from a preliminary survey indicated a tremendous interest in courses of vocational nature, so steps were taken to provide a curriculum that would meet this demand.

Classes were opened in the High School buildings in November, and expanded to the elementary buildings to accommodate the rapidly increasing enrollment.

In January, 1943, arrangements were completed with the Idaho State Board for Vocational Education to set-up OSYO courses in auto mechanics, farm machinery, carpentry and agriculture. Warehouse 14 was cleared and turned over to the Adult Education Department to house these vocational classes. Shortly thereafter, four full-time and two part-time Caucasian instructors were secured to direct the work of these groups.

Young and old alike have taken advantage of opportunities to utilize their time to the fullest extent. Some have studied laboriously to learn their "a-b-c" 's. Others are continuing in their studies which were abruptly halted by the evacuation.

It is the purpose of the Adult Education to assist in the program of relocation by keeping alive skills already developed by the residents and through developing new skills in those fields where employment possibilities seem most promising.

Efforts are directed towards the Americanization of isseis desiring to make their home in this country through a study of the English language, our history and folklore.

The Adult Education Department has done much towards the growth and readjustment of the lives and minds of the people of Minidoka.

NURSERY SCHOOLS

Clutching tightly to their mothers' hands, the little youngsters wended their way to Recreation Hall 26 just a few weeks after their arrival in their new homes.

The nursery school in Recreation Hall 26 had the distinction of being the first school to be opened in the Minidoka project. The wheels of education had started in motion.

Through the endeavors of the efficient educational leaders, four more nursery schools in Recreation Halls 4, 16, 36 and 40 were ready in October to receive more enrollees scattered throughout the project.

Until last July, 1943, nursery schools were conducted for only one-half day. Since that time they have been in session for one whole day. Youngsters of the ages of two and three attend during the morning hours, with the four and five year olds taking their places in the afternoon.

It is the aim of the nursery department to serve the needs of the two and three year olds, and every effort is made to develop the interests of the older groups—to prepare them to the end that he or she may contribute to a democratic society.

Ding-dong! Ding-dong! The school bell called again 750 pupils to their "chalk and slate" on October 19, 1942.

Some steps were fast and eager, some were slow and hesitant. No shiny apples were in evidence, but many eyes anxiously peered into the bare barracks that were to be the first school rooms at Hunt.

The Stafford Elementary School located in Block 32 accomodates 519 pupils living in Blocks 21 to 44. While Huntville School in Block 10 takes care of pupils residing in Blocks 1 to 19, having an enrollment of 439 students.

The pupils have actively participated in worthy organizations. One of the outstanding one has been the Junior Safety Patrol, organized in December, 1942. It is the duty of the Safety patrols to safeguard children going to and from school. Since 1942 more than 150 boys and girls have served on the Patrol. The

On June 14, 1943 both schools held flag dedication services. Flags were presented to the schools by the Minidoka Project Volunteers, now of the Japanese-American Combat Unit at Camp Shelby.

The Stafford Press, and The Huntville Sage, quarterly issues of the schools, are the pride and joy of the sixth grade classes. Interviews, literary news, class news, sports news and original and impressive art work make up the contents of the sheets.

Feeling the great need for strengthening relationship between children-teachers-parents, groups have formed Parent-Teacher' Organizations in both schools. Plans are now underway for affiliation with the State and National Parent-Teacher Associations.

The WRA in organizing its project administration felt the need of providing means for evacuees to purchase various necessities not provided by the government. To meet this situation there were the alternatives of either establishing a post exchange, providing means for establishing consumer's enterprise, or permitting private enterprises.

Following considerable study on this matter, decision was reached to permit operation of consumers' enterprise stores and to adhere to the principles and organize where possible as a cooperative. Pursuant to such plans, administrative instruction No. 28 was issued to organize consumers' enterprise in the centers. John Essene assumed the duties of Associate Supervisor of Community Enterprise, coming to the project shortly after the arrival of the first contingent of evacuees.

To provide temporary facilities for the sale of various essentials to the evacuees, pending formal organization of a Community Enterprise, Y. Takayoshi was chosen manager and with Essene's supervision, the first store in the Project was established in Block 6 on August 13, 1942.

Shortly thereafter, C. M. Beltt arrived to assume the duties of Supervisor, Community Enterprises and through his coordinated effort with Essene made plans for establishing Cooperative stores. The Supervisors appointed T. Sakahara as evacuee organizer and program was immediately launched to lay the groundwork for today's Consumer's Cooperative.

The Cooperative is proud of its record and financial standing, and it has always been the policy of the Board since the election of the Temporary Board, that the merchandise are available as services to the residents and are not sold for the purpose of accumulating profit.

The Co-op invites all residents to become members and participate not only in utilizing the available services but also enjoy the privilege of sharing cash rebates as evidenced by the savings of the organization which in normal business would correspond to profits. The publication of this annual is another service made possible by the Co-op.

The first arrival of the evacuees here was on August 16, 1942 and the steady flow of transferees continued until September 15. Perhaps, as far as Housing is concerned, this was one of the most congested periods that it has ever been through.

During this transitional period the Housing Division, under the supervision of Lorne Huyke, had assigned many families, some doubled up and some crowded in small apartments, with the understanding that these assignments were only made on temporary basis. This lack of apartments resulted in great congestions at the Housing Office day after

WELFARE

★ SECTION ★

The Welfare Section consists of the Ration Office, the Housing Unit, the Clothing Allowance Unit and the Welfare Office.

The primary function of the Welfare Office is that of giving service to individuals and families in need of help. This service includes assistance with problems of personality and family adjustments, problems of care for the aged, of dependent children and of delinquents.

More specifically, the Welfare Office arranges transfers between Centers, takes repatriation applications, assists with funeral arrangements, handles Red Cross messages, administers Public Assistance Grants, determines eligibility for travel grants, assists in making applications for rehearings of internees, and other.

Carl V. Sandoz heads the office with Vernon P. Shook as associate.

RATION OFFICE

The Ration Office issues food ration books to all persons leaving the Project on seasonal or indefinite leaves. This service is given in order that those persons will not have to make application for ration books as soon as they arrive at their destinations.

All persons returning to the Project for re-induction are required to turn their ration books in at the Ration Office. The books are held there until their owners leave the camp again. Kiyo Kawasaki is the ration supervisor.

day and the reorganization which was brought about to meet this situation is still in function today.

The second reorganization took place after most of the readjustments were completed. Earl B. Ingham was the superintendent during most of this period.

Housing's job is not only the allocation of apartments, but it has complete control of bedding issued, and keeps detailed statistical records of all the residents. This work is now being carried-out by Superintendent C. W. Abbott and his staff of twenty-two.

★
RELIGIOUS
WORK

FEDERATED CHRISTIANS

The Protestant churches, representing six denominations, pooled their resources and emerged as the Federated Christian Church. Although relocation has claimed many of its members the Federated Christians continue to pursue these three aims: assistance in personal problems, aid in relocation and the development of Christian faith and character. It has been a year of hard work and excellent results.

UNITED BUDDHISTS

In order to create harmonious atmosphere among all Buddhists and to discharge their common task, four Buddhist ministers of this project, including two Shinshu, one Shingon and one Nichiren, have joined hands and are working together as the United Buddhist Church. The camp is divided into three districts with directors chosen for each.

CATHOLIC CHURCH

Although depleted at present in number, because of resettlements which have proceeded swiftly and methodically, the Catholic parish continues to function in the manner of the past. With Father Tibesar at the helm, it has not missed a Holy Mass since evacuation, along with its usual routine of Sunday devotions and society meetings.

CLOTHING ALLOWANCE

The Clothing Allowance unit is responsible for determining the clothing allowances due to those persons who work or who receive unemployment compensation and their dependents.

All workers on the project and their dependents receive the specified monthly allowance of \$3.75 for those over 16 years of age, \$3.25 for those between eight and sixteen and \$2.25 for those under eight. These allowances will be paid to the worker only if he has worked 15 days of the month.

With George Ishihara as general supervisor of the Community Activities, leaders worked energetically to set-up programs for the young and old. The project had been divided into seven sections with a coordinator in charge of each. Their job was to plan, supervise and coordinate all activities for their respective sections.

The Community Activities department is now headed by Walter E. Kipp and aided by three assistant supervisors and four coordinators. Because of the far-flung geographic layout of the project, the camp was converted into two "areas" instead of the sections—this change was made from October, 1943.

The responsibilities of safeguarding "life and property" are the duties of the Internal Security Section, headed by Chief Barclay and his Assistant Chiefs, V. K. Barron and R. H. Church. The evacuee personnel under Captain S. Kaneko consists of fifty men.

Vested with police authority the Internal Security Section has handled more than 900 cases of various degrees in the past. With the cooperation of the residents, the section has found its duties of law enforcement to be extremely tolerable.

★ EVACUEE PROPERTY SECTION ★

Formerly a division under the direction of the project attorney, the Evacuee Property Office came into its own, last April with C. W. Linville as evacuee property officer.

This department functions, as an organization by assisting the evacuees with their property problems, both real and personal, coordinating its action with the field supervisors in the evacuated areas. It aids the evacuees in the sale of property, in

the renewal of leases, in the collection of rents and accounts receivable, in settling disagreements with their agents, in the recovery of their property, in their banking problems and in matters pertaining to taxes and insurance.

Clarence T. Arai, an evacuee attorney, has been designated by the project attorney as counselor to Linville.

FARM

The project farm on March 1, 1943, consisted of 50 square miles of raw sagebrush land and seven miles of temporary irrigation lateral to bring water from the Milner-Gooding Canal. Approximately 270 acres of land have since been cleared, irrigated, and put into garden crops.

Open ditch irrigation was something new to most of the ex-northwest people and even to experienced irrigation experts, the raw sagebrush land and a rolling, irregular terrain presented problems. The first water of the season arrived on May 15 through the temporary ditch.

A contract was approved and let for excavating the permanent canal, lateral 21.5 from the Milner-Gooding Canal to the northeast boundary of the center. The work of the contractor, begun at the east end, caused the water to be shut of the temporary ditch before any effective use could be made of it. Not until June 6 did the project farm receive an uninterrupted supply of irrigation water.

With the short season in this area, the farm faced with the possibility of crop losses from such a late start—but they ran the risk. Planting continued through August for late fall crops and double cropping.

By June 8, project-produced radishes were served on dining hall tables and even with the late start over 75,000 pounds of early green vegetables were harvested in July alone. Over 2,200,000 pounds of crops were harvested this past season with 145 men working out on the farm during the harvest peak.

Ambitious plans are being laid for the coming season. With land subjugation going forward, the construction of permanent structures of masonry in the canal and a considerable amount of new land plowed in the fall, a program to include from 1500 to 2000 acres of land in cultivation during 1944 will provide food for the population of Hunt and a few root crops like potatoes for other centers.

FARM WORKERS

POULTRY FARM

In May, 1943 the Poultry Farm first saw light. Baby chicks were purchased and 4½ months later the initial pullet egg was found. Pullets are now producing about ten dozen eggs a day.

The farm has just started to furnish eggs and poultry meat for the project. There are 6878 chickens now on hand to provide 2000 laying hens and 4800 meat birds this winter. By December over 1000 eggs will be gathered daily and will be delivered to the mess halls. 1200 capons are now being fattened for Christmas dinner.

Plans are underway to expand the poultry farm to 7000 laying hens and 14000 meat birds a year—the total of 15,000 is needed to make the project self-sufficient for poultry needs.

STORAGE AND ROOT CELLAR

Measuring 200 feet by 40 feet, the Cellar has a capacity of 50 carloads, including fresh vegetables. The project farm has delivered to the newly constructed Root Cellar potatoes, carrots and cabbage for the winter's supply. More cellars are expected to be built where salting brining and packing will be done on a large scale.

CANNERY AND PICKLING PLANT

With 13 people employed, the Cannery and Pickling Plant has sealed 13,125 cans of tomatoes. 12,000 pounds of immature cantaloupes and honeydew melons as well as nappa and cabbage have been pickled to suit the residents' taste.

HOG FARM

The Hog Farm started in the spring of 1943 with feeder pigs, weeners and brood sows being purchased from time to time and by July, the farm boasted 250 heads. At present, 416 hogs including 48 sows and gilts are utilizing approximately 6 tons of garbage a day.

By November, the farm will be delivering twenty-five 250 pound hogs per week to the mess halls. The new construction authorized for the hog unit will make it possible to increase this production to about 50 hogs per week, which will meet the entire demand of the project for pork. The capacity of the hog farm will then be increased to 1000 hogs.

ENGINEERING

★ SECTION ★

The Design Section was first headed by Joseph Bacca, project engineer, and his assistant architects Allen Arai and Frank Toribara with their 16 draftsmen including Milton Maeda, electrical engineer, Tom Toyota, mechanical engineer and George Fujinaka, landscape engineer.

The section is now called the Designing and Drafting Unit, which forms the new Engineering section, together with the Construction-Maintenance Unit and the Highway-Roads-Drainage Unit. The new section is headed by Dan Sheehan, project engineer, G. R. Green, superintendent of construction and maintenance, and W. Maxey Jr., Highway and Irrigation engineer.

IRRIGATION ROADS DRAINAGE UNIT

ACCOMPLISHMENTS—

1. Constructed of concrete and masonry; 10 drops, 4 check drops, 1 weir and 1 check.
2. Installed culverts for drainage of roads.
3. Regravelled about 2 miles of road in Camp area.
4. Cleared sagebrush from approximately 600 acres of farm land.
5. Landscaped hospital and staff housing areas.

FUTURE PLANS—

1. To complete lateral canal 21.5 constructing drops, checks, turnouts, weirs and bridges.
2. To regravel all main roads in Camp area.
3. To gravel hog farm and garbage pit roads.
4. To construct new roads in the farm area.
5. To clear as many acres of farm land as possible before 1944 planting season.

Forty-three carpenters under K. Ishimitsu, supervisor, and 6 evacuee foremen are constructing 17 units of staff housing, the high school gymnasium, 79 units of the hog farm and 13 units of the poultry farm.

Toshio Toyoji and his 44 whse. 20 carpenters make and finish practically all of the office furnitures. They remodel and alter barracks for schools and evacuee housing as well as the staff housing. The project sign shop is also located in whse. 20.

In taking care of the project electricity, Roy Nakagawa, the senior foreman, has four foremen assisting him. Paul Tsunehara, the Construction foreman, supervises the wiring of new buildings. Kats Nakayama, the Maintenance foreman, sees to the complaints coming from the residents all over the camp. Ben Yanagimoto, the Linemen foreman, keeps his crew busy with the transmission lines. Ben Hashimoto, the Refrigeration foreman, directs his crew to keep all the refrigerators in the Hospital and mess halls in running order.

Repairing all leaks and broken parts pertaining to water, sewage, and steam lines in dining halls, laundry rooms, boilers, disposal plants, and pumphouses are the tasks of the plumbers. Foreman Jim Kiyono and his ten

plumbers have also constructed water, sewage, and steam lines for staff housing, dehydrating plant, and the hog and poultry units.

Thirty workers under foreman Taneichi Ota perform duties pertaining to all maintenance and construction work of project water supply, sewage lines and water-pump operation. Approximately 5,000 gallons of water are being used daily, but 200,000 gallons are always kept as reserve for emergency purposes.

Harry Hatate heads the Sanitation Department with R. Sawaji in charge of 72 boilermen and K. Hara in charge of 72 janitors and janitresses. Boilermen provide hot water in sanitary-laundry-shower buildings; janitors and janitresses keep these rooms clean.

John Kiuchi, assistant chief sanitary engineer, and his sixteen men see to it that the disposal plant is operating efficiently. He also supervises landscaping, testing of drinking water, and repairing sewer and water lines.

Keeping the stoves in working condition in the evacuee housing, dining halls, laundries, showers and boiler rooms, beside other mechanical work has kept Jack Saoka and Juzo Kakutani and their crew of 12 workers busy throughout the year.

CABINET MAKERS

FIRE PROTECTION SECTION

Supervised by Ivan F. Burke and assisted by Gordon M. Nimmo, the Hunt Fire Department at present consists of 43 evacuee firemen and officers. Two fire engines comprise the principal fire-fighting equipment with a set of range fire-fighting equipment also on hand.

The spirit and the efficiency of the department is largely due to the guidance and efforts of William Yeager, former Fire Protection Officer, who organized and supervised the department during its first twelve months. Much of the credit for the extremely low fire loss record belongs to the work of the Fire Prevention and the Inspection Units. Summer of 1943 saw 135 volunteer fire-fighters battling 20 different off-project range fires covering thousands of acres.

ACTIVITIES

On January 28, 1943 the War Department announced that the doors to military service would be re-opened to Americans of Japanese descent. With dramatic effectiveness over 300 from Hunt put in their claims and volunteered.

This was the initial step in enabling us to join actively in the great victory push. The first contingent of 39 vols left Hunt on April 30 with the rest following in close intervals.

HUNT

Those boys are now training with the 442nd Combat Unit at Camp Shelby, Mississippi, in preparation for overseas duty in the very near future. They are our "Ambassadors to Tomorrow."

As their faces pass in proud review, they wear a look of Japanese. But behind their parental masks, they treasure a decision—an impetus to yield justice and equality for that tomorrow they want to come back to.

P.-S. A.

With an average of four to five servicemen in the project each day, a group of girls known at first as Serviceers organized to entertain soldiers home on furlough. As the Serviceers depleted in number due to relocation, a new group, officially and nationally recognized as the Hunt Chapter of the U.S.O., was formed with Mrs. Eva Osawa as advisor.

The purpose of the P.-S.A. is to establish a firm understanding amongst the parents concerning the enlistment of their boys in the armed forces. A fund is created thru' membership dues out of which the boys on furloughs are assured an enjoyable and live-wire stay. With Seiichi Hara as chairman, the group came to life on April 17, 1943.

HI-Y

Sam Okazaki assumed the responsibility for the first organizational meeting of the Hunt Hi-Y, when Everett Harding, staff member of the Pacific Northwest Area Council YMCA, met with approximately thirty boys. Ray Fukutomi was elected the initial chief executive. Ray was later replaced by Tsuguo Ikeda and more recently by Bunzo Nakagawa.

The Hi-Y has been responsible for the success of the Junior Red Cross drives in the two elementary schools as well as the high school. They have ushered at Kirby Page's lectures, Sunrise Services on Easter and at the exchange assembly with Twin Falls high school.

BOY SCOUTS

Scouting in Hunt district was organized according to the Snake River Area Council and officially recognized on December 11, 1942 when leaders met with Kendall E. Dayley, then field scout executive. Much of the good work was initiated by

the leadership of George Kakehashi, former commissioner. The Hunt Drum and Bugle Corp has made appearances in Twin Falls, participated in activities for the volunteers, flag dedications and other outdoor events.

GIRL SCOUTS

The initial meeting of former Girl Scouts and those interested in scouting was held on September 15, 1942. Mrs. George Kashiwagi was chosen supervisor for the girls. There are six troops registered with the National Headquarters.

Ruth Stephenson, national field staff

member, who visited the project on November 9 and 10, left various suggestions for leadership training and program.

Some of their more outstanding activities have been as follows: campwide bonfire, Eden hike, jamboree, Sawtooth Mts. camping trip, parent-scout night, and the Memorial Day poppy sale.

Evacuation brought us together . . . relocation will disburse us into far-flung communities . . .

We shall all be relocated some day, and our life in Minidoka will be just a memory. Although we all wish to forget unpleasant occurrences experienced together, we will wish—some future day—to reminisce our friendships and the associations we had made.

A souvenir annual, "Minidoka Interlude," was suggested and Project Director H. L. Stafford gave out with an official sanction in September, 1943. The staff was chosen by the representatives of the Co-op, Community Activities and the Irrigator at a meeting held soon afterward.

The task of publishing books of this nature was not a simple one. The staff worked hard to make these pages worthy of possession. For the many valuable suggestions they have made, the staff is obligated to John Bigelow, Reports Officer, the Irrigator staff and to Walter E. Kipp, Community Activities Supervisor.

GIRL RESERVES

On September 19, 1942 an advisory committee called an organizational confab for the Y.W.C.A. group. A temporary board of six members were elected with Nobuko Suzuki as chairman and Ise Inuzuka cavorting as secretary.

Ester Briesmeister, national secretary for re-

location centers, visited Hunt during the week of November 2 to 7 to help with the organization of the following Y. W. groups: Girl Reserves, Young Matrons, Business and Industrial Girls, and College Co-eds.

Ellen Herndon replaced Mrs. Suzuki as chairman for 1943 while Sonoko Matsuo took over Ise's job.

Hunt 7, Filer 1

Behind the masterful twirling of Nobu Sato, the semi-pros whipped the visiting Filer aggregation in their initial contest. Hunt—4 hits, Filer—5.

Hunt 15, Jerome 5

John Kawaguchi started on the hill and knuckle-balled the enemy scoreless for four frames and a 10 to 0 lead. Having tossed the majority of the innings, Ralph Takami got credit for victory. Hunt—14 hits, Jerome—13.

Hunt 23, Rupert 6

Rikio Kumagai relieved George Hayakawa in the second canto and went on to win after Rupert had been "given" a 5-run lead. Hunt—19 hits, Rupert—4.

Hunt 8, Jerome 7

A last inning "do or die" rally enabled the all-stars to eke a closely-fought tussle at their pasture. Kumagai again cavorted in the fireman's role to stop the last Jerome effort. Hunt—11 hits, Jerome—15.

Hunt 8, Rupert 1

Besides tossing good 6-hit ball for the locals, Takami also contributed a double and a single in their downing of Rupert. Hunt—7 hits, Rupert—6.

Hunt 24, Nampa 2

Kumagai roughly frustrated the "all name" Nampa niseis with a superlative 1-hit exhibition of soup-boning. A homer with one on in the first stanza was all the losers were able to mooch. Hunt—16 hits, Nampa—1.

Hunt 12, Burley 4

Led by the willow wielding of Koichi Suto and Takami, the all-stars copped their seventh straight tilt; Kumagai, his fourth on the rubber. Hunt—15 hits, Burley—9.

Hunt 4, Idaho Falls 6

In the opening round at Idaho Falls under the lights, the all-stars dropped a hard-fought contest to Jack Hawkins and the Merchants as 15 niseis whiffed at the

dish. Hunt—9 hits, Idaho Falls Merchants—8.

Hunt 16, Filer-Jerome 3

With imported Ichiro Nagatani turning-back 16 via the "K", the Huntites advanced into the quarter finals of the tourney. Hunt—11 hits, Jerome-Filer—7.

Hunt 14, Hunt M. P. 1

Being neighbors meant nothing to the niseis who trampled all over the hapless soldiers, while Joe Asahara played scotchman on the mound. Hunt—14 hits, M.P.—7.

Hunt 3, Idaho Falls 7

Takami tried again against the Merchants but again they were beaten—this time for good, as Hunt had lost twice. However the boys returned with the snatch on 4th place at the State Tourney. Hunt—9 hits, Idaho Falls—13.

Hunt 13, Burley 9

The all-stars brought the 1943 season to a close with what probably was their sloppiest display. Suto whangdoodled 5 hits in 5 attempts. Hunt—17 hits, Burley—13.

It took a relocated nisei lad, Ichiro Nagatani, to finally beat a Hunt ball club and only after they've gone through 11 cantos of tussling. Hunt—8 hits, Eden—12.

Hunt Super Bees 7, Eden 4

Hunt's young bees grabbed a revenge victory over Eden behind the steady chucking of Joe Asahara. Hunt—11 hits, Eden—7.

SPORTS REVIEW

During Hunt's embryo stage pigskin enthusiasts intensively beat the drums on a camp football squad, what with the presence of such top notchers as Yoshihara, Yanagimachis, Sugai, Kashino, Fujino, Fujioka, Kurose, Baba, Mizuki, Okamura and a list too numerous to name.

But the sugar beet fever threw the football program for too big a loss—lacking in participants and also equipments.

The Hallowe'en marathon race was another sports event that succumbed to the pale but deadly beets.

While their older brothers and sisters were out topping beets, the younger fellows had football arguments but their's wasn't any too loud. Only to mention that

the "tomboys" of Section III and Section V clashed in a football game with the Section III girls out-touching the ex-Portlanders, 2 to 0.

As soon as the water started to freeze, the ice-skating season bloomed upon the project with young and old cutting the sheet. Chick Uno, athletic supervisor then, started to brew a gala Ice Carnival but it also melted away. The weather and a reported "some" failed to cooperate with the promoters.

At the initial sign of spring, casaba started to ripen, but strangely the "name clubs" soon grew tired of playing each other so often and called it quits. Hunt high school Wolverines grabbed the unofficial distinction of "champs" by outshooting such sharp twin-ticklers as the Celtics, Main Bowl, Showa-Cardinal-Midgets, Kashiwagis and Section III.

The high school Wolverines also entered the Inter-Relocation Free-Throw League, sponsored by the Heart Mt. P. E. Dept., and came in third behind Rohwer and Heart Mt.

With the more frequent appearance of the sun, the prepsters donned their monkey-suits and ventured on to the diamond. Coach Ralph Takami's boys snatched a pair from the Twin Falls Bruins, 10-6 and 16-5, in a home-and-home series. Then the Olympiad Cadets, a local aggregation, bashed the Wolverines twice, 19-2 and 9-8, to close the short-lived prep horsehide season.

"Doc" Uchida, veteran golfer, won the first open 6-hole tournament held by a group of enthusiasts with rounds of 26-26. Then the very next week Frank Yoshitake who had scored 26-27 in the tourney turned-in a card of even par 23 to surprise tee followers.

Hunt's golf team, consisting of nineteen clubbers including one lady (Mrs. Kashima), traveled to Twin Fall's Municipal Links during the Labor Day holidays, but came back from the session without placing.

★ SECTION 6 SOFTBALLERS ★

Section Softball

Despite the fact that Jupe Pluvius threw showers of monkey-wrenches at the softballers schedules, both the Major and the Old Timers Leagues played enough contests to determine the laurel wreath winners in their respective circuits.

Section I copped the crown in the Major Loop by grabbing six straight wins. The schedule was not completed but it was called off as the championship was cinched by the Eastenders.

Meanwhile, the old men provided a more interesting joost with Sections VI and I battling neck-to-neck up to the final curtain. Section VI eked a hard-fought 7-6 victory from Section I at the last act.

Takayoshi and Company . . .

Tome Takayoshi and his Block 12 nugget-pounders annexed the first Old Timers' project-wide softball tournament by pulverizing Block 36's "ojisans", 16 to 8 in the finals. Although the clouting was even, Takayoshi and his gang packed too much distance for Block 36.

Block 36, however, jumped all over Block 13 to come in with second best honor. This, of course, gave 13 third place.

They Dood It!

Coupling steady chucking with their powerful club-wielding enabled the O. T.'s to put the snatch on the Class A softball championship for 1943.

Instead of getting into the winners' side of brackets, the O.T.'s snuck into the consolation side by virtue of their first—and only—whipping by the hands of Section VII, 16-13. With little trouble the Purple and Golds swept through the back way to cop the consolation honor.

Then in the play-offs they showed Sections III and VII where to get off, 14 to 2 and 16 to 6 in that order.

They Dood It Again!

To give those who did not or could not participate in the Class A softball tournament a chance to show their wares, a Class B joost was run-off immediately following.

O. T.'s No. 2 took-off just where their big brothers left off and rambled home with the club's second hunk of bacon. After dropping one to Section III they bested the Dark Horses 5 to 2 in the final curtain.

"REC" PICNIC BY WILSON LAKE

Hunt first community-wide model airplane contest was won by Frank Okazaki (in rubber model, Class C), Mino Okazaki (in rubber model, Class D) and Shigeo Okada (in gas model).

Among fifty-two players participating in the first project-wide goh tourney, Moriichi Mihara emerged the winner with a clean sweep of fourteen games. In the 5 to 9 classes tourney, Shoji Ito (8) copped first prize.

During hot summer days, residents looked to Wilson Lake for picnicking. Warehouse 19 was the first to go there on August 15. Community Activities invited their volunteer workers to spend a day together there on September 19. Operation division and Warehouse group are looking forward to their dates sometime in October. Agriculture section was the only group fortunate enough to make a trip to Shoshone Falls on July 28.

When the torrid wave of summer hit the project, aqua lovers took to the canal—sportsmen's Shangri-la. A voluntary crew cleared strips of land and improved the natural cove located behind the warehouse area, thus the Ole' Swimmin' Hole was born.

The popular resort measures 20 feet wide and 200 feet long and has a depth from 5 to 9 feet. Life guards are on duty from 9 a. m. to 9 p. m. during the open season for the safety of the swimmers.

To give the residents, especially the issei members, some kind of amusement and entertainment, the Minidoka Fuki-Yose Kai was organized following a meeting on September 10, 1942 of all those interested in the continuation of Japanese cultural activities.

A committee of nine were chosen to handle all such activities. The committee included the following: Z.

Hayashi, J. Kiuchi, F. Kubota, R. Matsunaga, D. Morimoto, T. Nakamura, C. Ohya, J. K. Tabusa and M. Yanagita.

Its policy was to provide a monthly entertainment in each of the then seven sections with usual runs of seven nights. The Fukiyose Kai, with the cooperation of Mimasu Kai, Yayoi Kai and Hatsune Kai, has been very successful.

Norakuro Harmonica Band, named after the Mickey Mouse of Japan, got its start in January, 1943 with the collaborated efforts of Roy and Henry Matsunaga and Seichi Nabeshima. It was during that initial month that the sixteen members made their debut when they became affiliated with the Fukiyose Kai entertainment group.

Since then, they had appeared in close to fifty entertainments around the center. Segregation movements, however, forced the band's disbandment as Hunt said goodbye to 75% of the boys.

The organization, playing American and Japanese lyrics, was not limited to harmonica alone. One piano, a sax, two guitars, two trumpets, a banjo, two mandolins, teaming with seven harmonicas composed the band. These, plus six singers and dialogues made the Norakuro Bandwagon top attraction at entertainments.

HATSUNE KAI

MINIDOKA MASS CHOIR

There was a choir, there was music and there was an audience . . .

It was in November, 1942, that an organization meeting was held. Mae Hara became its director; Mike Hagiwara, its manager.

They practiced . . . Christmas came, and the choir gave Yuletide concerts on the project. Critics said they were only mediocre—the choir knew it.

Then their biggest test came January 28, 1943 when they traveled to Jerome to communicate before 1300 of its populace in two performances. Mrs. Hara swept the choir through crashing crescendo upon crescendo and at the end, the crowd was on its feet, cheering both the choir and their three accomplished soloists—Sachiko Ochi Kodaira, Teruko Akagi and Yosh Uchida.

Fresh from their Jerome debut and triumph, the Mass Choir and their soloists paid Twin Falls a visit, a week and a half later, and once again, they went over big. A crowd of 1000 elbowed their way into the First Methodist Church.

Then on March 14, Rupert was honored by the 89 voices and the distinguished trio.

But finally it came . . . relocation . . . after a grand total of 4200 people had proved Serge Koussevitsky's point that "music—not 'name'—was what counted," and after a trip to Pocatello was in the making . . .

On March 11, 1943, Mae Hara made her farewell appearance in a concert held at D. H. 21 and left shortly after the Rupert concert for greener pastures. Meanwhile, others followed that golden path . . .

There was a choir, there was music and there was an audience . . .

★ HARMONAIRES ★

The smooth strains of "Moonlight Serenade" gave-out up and down the Coast the summer of 1941—into Portland, Gresham, Sacramento, San Jose, San Francisco, Oakland, Berkeley, Los Angeles, Stockton and Fresno. That was the year of their barnstorming tour.

Ex-Coast dance lovers should well remember Hayashi's music-makers, the Miks of Swing and later the Harmonaires. They had come a long way in establishing themselves high in the hearts of nisei grasshoppers.

Let's begin at the beginning. It all started in 1939 in Seattle. Jackson Hotel was the place, first floor, in a room occupied by a Koichi Hayashi. Originally, it was a "just for fun" toy-band with some seven members practicing off-and-on instruments valuing in the neighborhood of a dollar.

Birth of the blare

After a while Hayashi and his boys switched to the real stuff—spent their savings on higher priced tools and popular sheet musics. At high school the boys participated in prep band activities and like a ball of rolling snow, enthusiasm gradually blared-out into the Miks of Swing.

However, during their debut the boys did not measure up to Queen City's high-toned publicity and it took real courage for the young musicians to bounce back and face their sour notes.

Nelson on the ivory

Hard work, patience, Hayashi and the addition of a topnotch arranger-pianist in killer-diller Kenny Nelson did the trick. Their tour down south gave them their first taste of public approval and success. Thereon, they were polished—improvements followed improvements until . . . evacuation!

Taking full advantage of the situation, the Harmonaires hepped out with the solid stuff almost nightly for the evacuated cats in Puyallup Assembly Center.

Upon their ingress to Hunt, the boys immediately applied for a seasonal to Twin Falls and did yeoman service in cementing the friendly relations between this center and the nearby communities. The boys went all-out, by harvesting the crops by day and rehearsing and playing for weekly F.S.A. camp dances, besides making appearances at the Twin Falls and Filer high school proms.

★ HAWAIIAN SERENADERS ★

Music, the Hawaiian way, was first provided by a group of boys calling themselves the Hawaiian Serenaders, who made their initial appearance at the Block 26 dance in January, 1943.

Members of the orchestra included: Harvey Shirai, guitar; Fred Tachibana, ukelele; Ted Shimano, clarinet; Mac Nishimoto, ukelele; Don Sugai, ukelele and vocal; Jim Yoshi, ukelele and Hiro Nishimoto, vocal.

ART & HANDICRAFT

★ EXHIBITS ★

304 general art and handicraft articles, representing hours of tedious work by the local residents, were displayed at the Twin Falls public library on June 24-25-26, 1943.

Vases, tables, lamps, birds and animal figures and inlaid work fashioned from the twisted, gnarled limbs of the bitter-brush were among the articles. The ingenuity shown by the people was received by the Twin Falls public with astounding praise.

In addition, all types of crocheting, knitting and embroidery as well as crepe paper flowers were displayed. The affair sponsored by the Union Church Association also had paintings and sketches.

Prior to this "big" exhibit at Twin, three others had been successfully shown within the camp under the sponsorship of the handicraft leaders.

★
 SANTA
 IN
 MINIDOKA
 ★

Minidoka's first white Christmas was truly a gay and grateful occasion especially for the many thousands of children on the project—however, it brought back memories of other Christmases long ago and miles away.

Hi-lights of the holiday celebration were: (1) the Yuletide dinner-party in each dining hall; (2) Santa's distribution of gifts, candy and nuts to all the children and young folks up to and including 18 years; and (3) the dining hall-decorating contest.

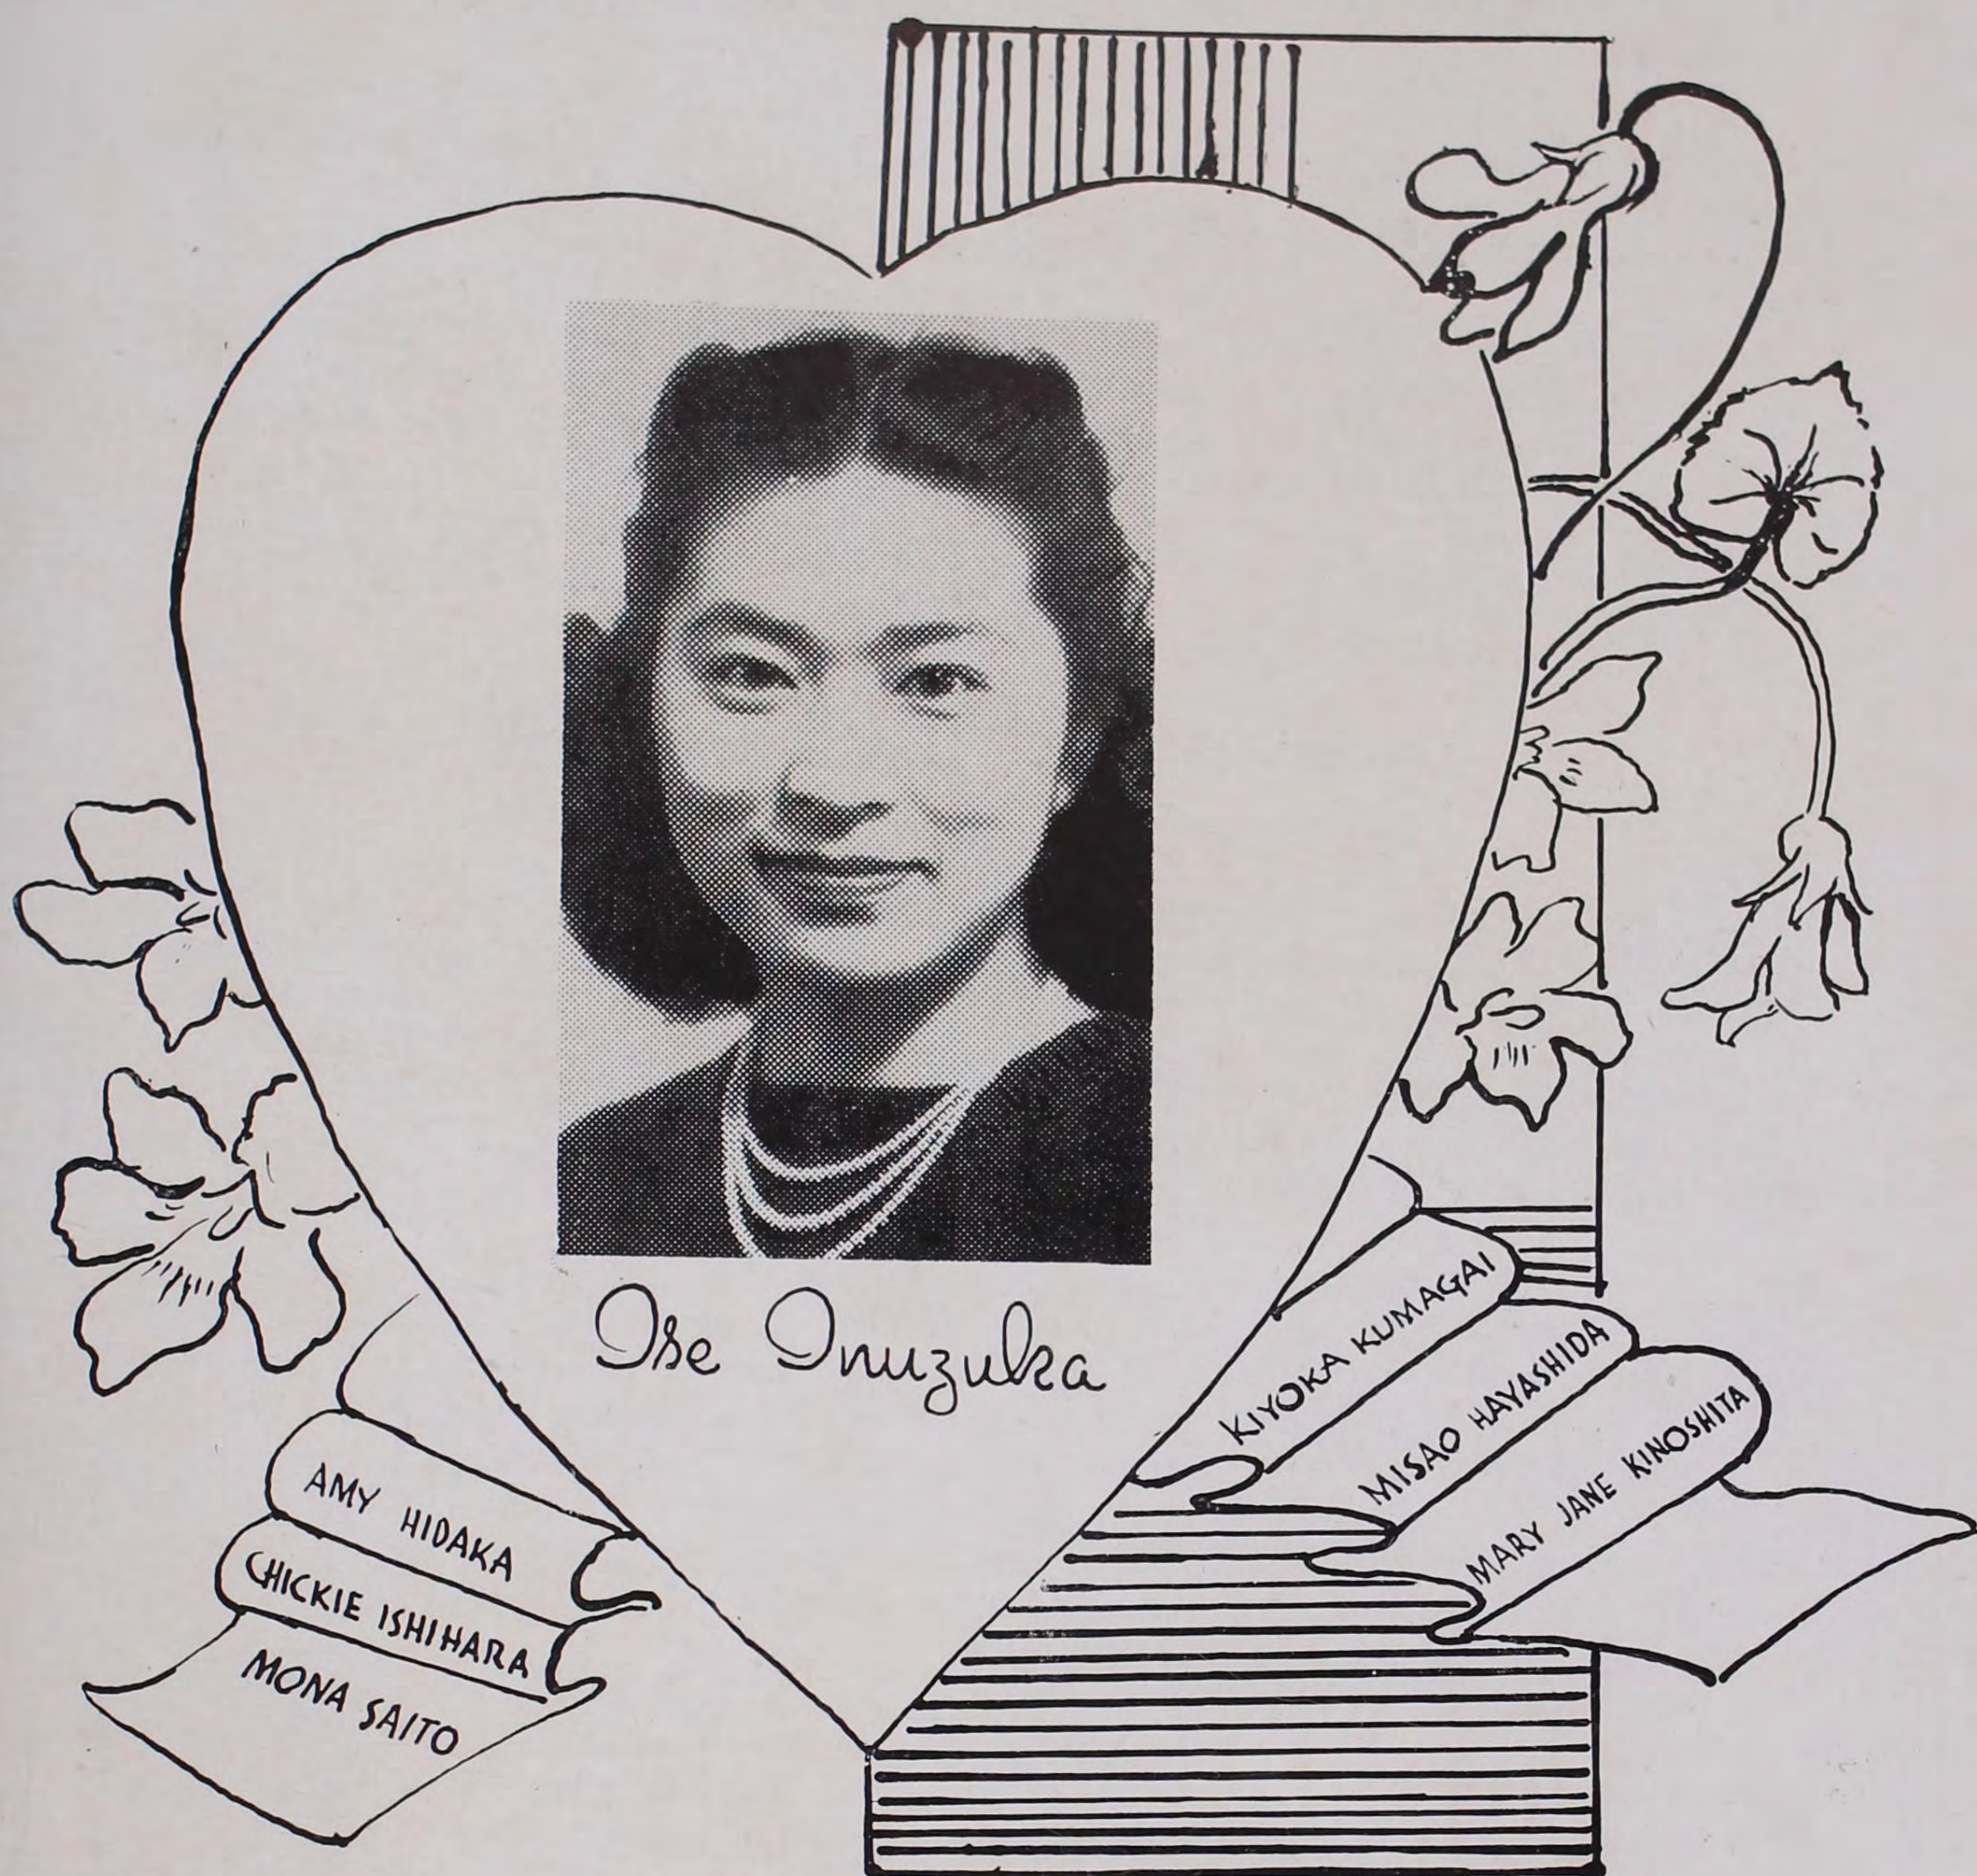

Approximately 17,000 gifts were donated from hundreds of well-wishers and organizations throughout the country. Ah, but if, only these "friends" could have really seen the happy faces of the many youngsters as they hustled to receive their gifts, their hearts would have truly felt the appreciation of their gestures.

In stride with the holiday impetus each block decorated its own dining hall with all the spirit and atmosphere of the initial "transplanted" Christmas. In this decoration contest, D. H. 17 and D. H. 36 tied for top honors in the eyes of the six appointed personnel judges.

"SWEETHEART OF MINIDOKA"

Ise Inuzuka

Microscopic masculine eyes are constantly putting the stare on women; because, strange animals as they are, some do come in beautiful packages. For this reason, Daiki Miyagawa and Yuji Hiromura, then of the Irrigator, and Hisashi Hirai of the former Art Department put their heads together and vociferously came-out with Minidoka's first "sweetheart" contest. This was January 27, 1943.

Ise Inuzuka, the charming lady from Section 5, Blk. 32, copped that contest with stiff competition from Misses Kumagai, Hayashida, Kinoshita, Hidaka, Ishihara and Saito. The winning bundle of smooth behavior, meaning the former Ise (Mrs. George Azumano, now), was graduated from Franklin high school in Portland and the University of Oregon at Eugene.

"SAGEBRUSH REVUE"

The local recreation staff's first all-nisei vaudeville, the "Sagebrush Revue," had its opening on January 15 and 16, 1943 in Recreation

Hall 34 and later, two nights engagement at Recreation Hall 8.

It featured the talents of Genya Oye, Suzie Takimoto, Frances Ishihara, Don Sugai, Abe and Mike Hagiwara, Andrew Morimoto, Masaru Horiuchi, Lucy Torii, Frances Sono, Yuki Sato, Eddie Sato and the recreation staff members.

"FUNTASIA"

"Funtasia," million-dollar extravaganza featuring the cream of Hunt's talents, drew a gigantic and enthusiastic crowd of 3000 on May 8, 1943 at the open air theater west of Block 22. Despite the biting night wind, the huge turn-out found the first outdoor pageant and revue to be excellent entertainment.

Featuring two major scenes, the Hawaiian and the night club, with the addition of numerous soloists and minor acts, the show lasted nearly two hours, getting under way a half hour late. The show opened with the fanfare of the "Call to Colors."

Producer-director Koichi Hayashi had such top-notch veterans as Suzie Takimoto, Eddie Sato, Yoshi Uchida, Genya Oye, and Chickie Ishihara on the spotlights. While Harry Nakata a comparatively new face then, and the charming Eileen Nakamura stole the show from the oldsters with their respective wares at impersonations and vocaling.

Hula girls, majorettes and tap dancers lent their entertaining talents and added a decorative note as well. Also on the billing for the evening were the local high school glee clubs and the drum and bugle corps.

Throughout the show, a five-piece ork, with the Harmonaire influence, set the scenes with its

blending background. They "beat it out" on a couple of numbers to the delight of the younger set.

"Funtasia" concluded to a stirring finale with the entire troupe and audience, 3000 voices strong, singing "God Bless America" under the starlit jet sky.

FOURTH OF JULY SHOW

Fourth of July evening, 1943, was marked into Community Activities' books as another success story. Three thousand some odd spectators stood and sat at Central Field through a variety program cleverly mapped out by C. A.

The Boy Scout Drum and Bugle Corps proved again their reputation as one of the best, when they opened the show with "To the Colors." Helen Kinoshita made her debut to the general public as a vocalist by leading the audience in the "Star Spangled Banner."

T. Nakamura was in charge of the program which included: speech by Walter E. Kipp in behalf of the appointed personnel, song by Section 6 girls, Hatsune Kai folk dance, Eileen Nakamura vocal, Mary Chino's tap troupe, Yakosan dances, Yukio Ozaki vocal, Chickie Ishihara vocal, Miss Kinoshita vocal, Mimasu Kai dances, Norakuro (harmonica) Band, and a mysterious "Monsieur X" Koresawa.

Stars glimmered at will in the sky as the audience rose to sing the concluding number,

"God Bless America," accompanied by the accomplished piano of Miye Hata.

★ THE END ★

The "Minidoka Interlude" has come to its end. From the dark overhanging clouds, the sun—the Freedom's light, the symbol of hope and opportunity, and God's blessings—is coming out to shine on Minidoka and its people. The end of "Gloomy Days" marks the beginning of "Happy Days."

Let us not look mournfully to our past. Let us look cheerfully to our future. Rather, let us GO FORTH to meet the future with faith in America, confidence in her people and belief that right makes might and the truth will triumph.

Americans All

In the muddy fields of Italy, across the hot desert sands, in the steaming jungles, in white hot streams of whining lead, many men are in there pitching over there, telling those who would deprive man of his liberty and his sense of honor, that we mean business.

Over there a man's color or race does not matter. They are all wearing the same red, white and blue of the armed forces of the United States.

And out of the smoke of battle such men as the Colin Kellys and Ben Kurokis rise out to shake their fists into the faces of those who preach hatred and intolerance.

Over there, a platoon of men from the 100th secured an important military objective. A platoon of men who bravely faced the withering enemy fire and when the smoke had cleared away—only 11 men came back.

At home, we must match man for man all that these brave heroes in the service of his country have sacrificed.

It is our duty to put our shoulders to the wheel and give all we can, in money, in energy and in man power, to our country—America.

We are not afraid and we are not alone in our fight against intolerance and prejudice. There are millions of other people of all colors, who are our friends and who will help us. Other people who know the true meaning of democracy. We are part of this country no matter what anyone says.

White, black, red, yellow and brown, no one is superior over the other. We are one—Americans all, fighting for the same thing, freedom from fear, want, freedom of worship and speech for all.

Sugar Beet Growers**

Since the Minidoka War Relocation Center was established only slightly over a year ago, thousands of volunteer victory workers from Hunt have helped to thin, cultivate and harvest sugar beets for our growers in Idaho and other intermountain states. Thus precious crops have been saved. Beet growers and other farmers have been able to maintain production despite the manpower shortage; evacuees have been given a start toward relocation when in the beginning, at least, there were few if any other relocation opportunities.

Book Store**

Like many other typically American customs that make our way of living ideal for all of us, the University Book Store serves the students and community.

The student body of the University of Washington is actually the owner of this friendly store—participating in earnings and service.

Here text books, stationery, sportswear and equipment, cameras and supplies, phonograph records, ceramics and other distinctive gifts, and many other needs are supplied.

Here friends meet in a pleasant atmosphere. You are welcome, too, when you are in Seattle.

三月十日 華府本部より各所長に宛て、所内娛樂機關の經費を大削減するやう指令が發せられる。更に此日臨時隔離所たりしユタ州モアブをアリゾナ州レアップのインディア合宿場跡へ移動する計畫完了す。

三月十三日 スタッフオード所長は『ミネドカ精神』と題し、九千三百卅三名に上る當所内人の意氣を推賞し左の如きメッセージを發表す。

重罪	無	公共事業への協調	優秀
輕罪	二件	規則遵守	優秀
不忠誠的行動	無	食糧配給に對する反響	良好
團体的紛擾	無	所當局との協力	優秀
理不盡なる不平	無	宗教上の努力	良好
背任行爲	無	志願兵應募	優秀
風紀紊亂行爲	無	戰時資金及赤十字寄附	良好

右の箇條は僅か一部分に過ぎないが、之がミネドカ居住者によつて作られた優秀なる記録である。斯くの如き優良なる團体的動向は金錢によ

つて左看されるものではない。之は極めて正直な、正しい人々の態度を現はし、想像以上の社會的、經濟的悲境に沈淪しながら、而も猶敢然として邁進する沈着と勇氣とを反映するものである。迫害の鞭は膚肉を傷害しても、之等意氣高き人々の精神を挫く事は出來ない。ミネドカ精神は『名譽』にある。當社會の各般を通じ、上は聖者の如き長老より、下は頑是なき童子に至る迄、ミネドカの記録は今後も同様に擁護されるであらう。この記録は當局者側には無く、居住者諸氏に所屬するものである。良心ある人々の内心より發露せる普遍的な現れがこのレコードで過去數ヶ月の事實が此間の消息を如實に物語つてゐる。之等の人々より自由、經濟的保證、世俗の物資、心の安靜等を剝奪し、更に加ふるに抑留收容の束縛を以てせんか、而も猶彼等は燃ゆるが如き熱意より、其單純、堅實さに於て、後世模範とすべき社會道義を創設する。これこそ十誠に豫言されたる倫理の法典である。當所に樹立された記録が他所に居住する人々をも擁護する所以となればよいがとはミネドカ人がひとしく祈願するところである。

三月十四日 布哇より日系人二百廿六名の立退班がトバズ轉住所着。

三月十五日 ミネドカ消費組合最初の居住區代表者七十名選舉さる。

三月十六日 本日より向ふ四日間毎晩午後七時半より第七、第十三、第卅及第卅六の各食堂に於て、志願兵諸氏に對し壯行饗宴が催され、當局側からはス所長を始め、セーフア副所長、ピーソン職業部長等が出席し、立退者側からは志願兵諸氏に次いで、其両親、夫人及び現役兵の父母等が夫々招待され、其總數一千二百名に上る。

二月十日 WRAプログラムの調査を目的とする上院軍事小委員會の

聽問會が再會さる。

二月十二日 志願兵募集計畫につきスタッフフォード氏はこの日次の如く言明した。「若し今次の志願兵募集計畫が失敗に終れば、日系市民に對して徵兵令を實施せぬ事となり、日系市民が今後再び軍隊服役の機會を與へられるや否や頗る疑問とされる。此の故に、米國に於ける日系人の將來は、今次志願兵募集計畫と頗る密接なる關係を有するものと言ひ得られやう。若し當轉住所居住者を平常生活に復歸せしめやうとする全面的計畫の一部たる今次の志願兵募集計畫が失敗に終れば、これに伴つて他の諸計畫も亦失敗に終るものと推定されなければならぬ。」

二月十五日 所内食堂に必要とする食料問題に關して、自給自足の方策施行を強調せる指令が農業部へ通達された。

二月十六日 ポストン所の城戸三郎殴打事件に關し、五名に對し、一年以上四年以下の懲役が言渡される。

二月十七日 第十區居住小野寺豊亮氏令息孝、寛、悟の三氏は今次の志願兵募集に應じ、來訪中のアノールド中尉を深く感激せしめた。

二月廿日 戰時生産局は所内に於ける小學校舎建築に關し、之まで許容せし優先權の取消しを通知す。但し高校の校舎建築には影響なし。

二月廿三日 第十五區居住中の佐倉みさ夫人の令息ケニー、テッド、チェット、及びハワードの四氏が志願兵に應募し、後日陸軍省より同夫人に宛て「眞の米國主義の模範である」との書狀が送られる。
