Dear Takeko -

I got your letter yesterday and I'm really sorry to hear the news about George Asamen. It really seems unbelievable.

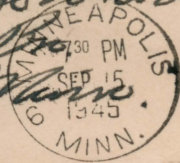

The pictures that I took in Boston were stolen in Salt Lake City so I can't send them to you. Somebody broke into your car and took everything that was inside including my camera.

School hasn't started for us as yet so we're just loafing doing nothing every day. I haven't much to write for now.

Bill
