## Better Treatment and Facilities Offered by Evacuee Service Office

Through the efforts of Ben Yoshioka of the United States Employment Service, who has been transferred to the Wartime Civilian Control Administration office at Seventh and Spring St., Japanese were assured of better treatment by Mr. Watson, head of the office.

This report was made today by the local chapter of the Citizens' League.

It was also announced that the W.C.C.A. office will be open seven days a week to aid the Japanese who wish to have advice on their problems.

Arrangements were made so that men, subject to the draft, will be given special blanks at Owens Valley so they may notify their local boards with the least amount of trouble.

Permits for those who wish to leave the state temporarily

**Committee of Three to Help Tom C. Clark**

Supervisor Gordon I. McDonough, Mayor A. I. Stewart of Pasadena, and Mayor Ray Darby of Inglewood, yesterday were appointed as a committee of three by the executive board of the County Defense Council to work with Tom C. Clark, chief of the wartime civilian control authority, on the alien enemy problem.

### STORAGE PLANS TO BE EXPLAINED

An explanation of the evacuee storage plans will be given at the regular English service of the Japanese Methodist church tomorrow, it was announced this morning by Rev.

Through the efforts of Rev. Suzuki and other Methodist leaders a comprehensive method of storing household goods has been worked out.

## A Pair of Suggestions

Typists and clerks are needed by the Maryknoll Center in enrolling volunteer evacuees who wish to go to Owens Valley. All typists and clerks, who can do so, are asked to offer their aid at the center.

It is suggested that all nisei who still have firearms, explosives, radios, cameras or photographic equipment dispose of them by storing them or by surrendering them to the police or sheriff's station in their district.

## Use Service Centers--Plea

SAN FRANCISCO, March 21.—Japanese Americans should contact the "service centers" established by the Wartime Civilian Control Administration as soon as possible if they wish to make disposition of their property before the evacuation deadline, two W.C.C.A. representatives last night told 30 Japanese farm leaders who met at the Japanese-American Citizens' League headquarters.

The Wartime Civilian Control Administration representatives were Wallace Howland, assistant chief of staff of the civil affairs branch of the W.C.C.A., and L. I. Hewes, Jr., W.C.C.A. staff member and regional director of the Farm Security Administration, which is handling the disposition of agricultural property.

"Right now we have today this week, but nobody knows how soon you will have to move," Howland said. "It is essential that you report to the W.C.C.A. 'service centers' established in U.S. Employment Service offices in 60 Pacific Coast cities."

He was informed—the farm leaders that there are no other government agencies except the W.C.C.A. set up to assist them, and that no Japanese needs a lawyer, intermediary or any outside help in seeking aid to Owens Valley.

### ARMY CALLS TAKEO HIROSE

Takeo Hirose, formerly of 833 South Vermont Avenue, is to report to his local draft board for a physical examination at 11 a.m. Monday.

### Continue to Give Pay To Unemployed Aliens

SACRAMENTO, March 21.—The California Employment Commission tonight announced that until legal matters are settled it will continue the present policy of paying unemployment benefits to aliens on the basis of their availability for work.

Hewes explained that Farm Security field agents established at the "service centers" will assist Japanese in making fair disposition of their land. Federal Security Agency representatives at the Employment Service offices will help the evacuees in problems of moving, employment, etc., and officers of the Federal Reserve Bank, representing the Treasury, will assist in the disposition of non-agricultural property.

Hewes said that even if Japanese were making their own arrangements to sell or lease their land, or to obtain employment, they should by all means check with the "service centers" at the U.S. Employment Service offices.

The commission announcement was made after consideration of a resolution by a Senate interim committee on unemployment insurance urging that jobless insurance benefits be denied Japanese alien evacuees who leave the state.

The commission said it was discussing the matter with other state and federal agencies.

### RED CROSS ASKS FOR GARMENTS

All Red Cross workers are asked to turn in their finished garments to their church or to the Japanese Y.W.C.A. immediately.

Answering questions from the floor, Hewes said that the Farm Security field agent would have Federal appraisers look over Japanese agricultural land to determine its fair value.

The question of whether Japanese farmers will be allowed

### WANTED—TO BUY 1936-39

make 1½-ton Chevrolet or Ford, long body. Mitsunaga, 10608 Crenshaw Blvd., Inglewood. Tel. TWInoak 8019.

ed to take their equipment with them will probably be decided according to the individual case, Hewes said. He said that efforts will be made to help Japanese take their equipment if they have a place to farm, but that in some cases arrangements will probably have to be made to leave the equipment to keep the vacated land in operation. Farm Security can arrange to store equipment until Japanese are relocated and need it, he said.

## Church Activities Tomorrow . . .

### HOLLYWOOD PRESBYTERIAN

4011 Clinton Street

9:30 a.m.—Sunday school.

10:30 a.m.—Junior church.

10:45 a.m.—English and Japanese worship service.

5:00 p.m.—Christian Endeavor meeting.

### METHODIST CHURCH

3500 S. Normandie Ave.

9:30 a.m.—Sunday church school. Special classes for upper Jr. High and Sr. High.

10:30 a.m.—English service.

Sermon, "The Practical Meaning of Christianity."

11:00 a.m.—Japanese service.

11:30 a.m.—John H. Wesley League meeting.

7:30 p.m.—Fellowship Circle program by Negroes.

### FREE METHODIST CHURCH

210 S. Chicago St.

9:15 a.m.—Sunday school.

10:30 a.m.—Y.P. worship service.

Rev. Harry Hosaka, speaker.

11:30 a.m.—Adult worship service.

3:00 p.m.—Adult meeting.

7:00 p.m.—Nisei Church, Mrs. Gene Gerrard, speaker.

### BAPTIST CHURCH

E. 2nd and Evergreen

9:30 a.m.—Sunday school for all ages.

11:00 a.m.—Worship service.

2:30 p.m.—Intermediate B.Y. P.U. meeting.

### CHRISTIAN CHURCH

824 East 20th St.

6:30 a.m.—Friends of Jesus

### BRICK BRADFORD—On the Throne of Titania

## Education Still Big Problem

Whether Los Angeles City teachers may be offered the opportunity of removing to Inyo County's Manzanar reception center to continue the education of Japanese children evacuated from this area was a big question yesterday.

### TEACHERS' PLEA

The Affiliated Teacher Organizations of Los Angeles, which speaks for several thousand school instructors, yesterday urged the Board of Education to establish and maintain schools for children evacuated from the Los Angeles School District. It also asked that Los Angeles teachers staff such schools and enjoy full continuity of service under retirement and seniority.

Harold Kingsley, spokesman for the group, said about 9200 students are involved, and that this migration involves the jobs of about 300 teachers.

### CODE PROVISIONS

Under the recently amended school code, school district boards may establish and maintain schools outside the boundaries of such districts and are eligible to credit for apportionment purposes when the students involved are instructed outside their district boundaries.

This insures that Los Angeles would get State funds for the average daily attendance of evacuated children whether the district educates them or not.

Many of the Japanese children scheduled for removal from Los Angeles will enter the Independence Elementary and the Owens Valley Union High School districts.

### CONCERNED VOICED

Owens Valley community leaders yesterday expressed concern at the prospective large influx of evacuees of school age. These school districts are faced by the problems of low assessed valuation and current near-capacity attendance. Under the law the Los Angeles and not the Owens Valley school districts will receive State funds for education of these children whether the former districts educate them or not.

Kingsley said many teachers have expressed their willingness to "follow our students" to Owens Valley.

### WE ADVISE OUR READERS

We advise our readers to follow Army instructions implicitly. Correct information may be obtained, not from rumor-mongers and tipsters, but from the Maryknoll Center which the Army has designated as a temporary evacuation center, or from evacuee service centers in 23 Southern California communities.

### WE URGE NISEI AND ISSEI

We urge nisei and issei to have courage and during the days of resettlement, and to wait, with unflinching faith, for the day when all the people of the earth will unite to co-operate in the reconstruction of a new and better human society.

### LET US JOIN THE EVACUATION

Let us join the evacuation movement, which is of vital necessity to our country, cheerfully and without rancor, for this is the supreme test of our loyalty and worth as an integral part of the American nation. Remember always that we are doing this to serve the interests of the majority of our fellow Americans and we must never allow ourselves to become bitter and cynical by viewing it as a result of racial prejudice.

## Notice

Since General DeWitt, in a statement on March 18, warned that evacuation of Japanese from critical military zones will begin next week "with or without their co-operation," the California Daily News has urged everyone, particularly those living in the Los Angeles area, to speed up preparations for the exodus.

Because we, the employees, wish to comply with Army advice, and because of the time needed to terminate the complex affairs of a newspaper, the California Daily News will temporarily cease publication with today's edition.

With the establishment of the Owens Valley reception center, and the expected establishment of similar centers, under the Wartime Civilian Control Administration, we believe the utility and necessity of the Japanese vernacular newspaper has come to an end. It is reasonably certain that the government will establish some facilities for the dissemination of information at these centers. We further believe it is no longer advisable for Japanese-operated newspapers to seek to continue publication in government-controlled centers.

We have sought means of continuing our paper by moving the staff and equipment to an area outside military zones, but because our publisher, Sei Fujii, has been detained, and because we can foresee no situation in which we may have sufficient subscriptions, this plan has been abandoned.

We also had planned to turn over our entire facilities and personnel to government authorities for the duration and to continue publication under government supervision, but for the same reasons, this plan was, too, scrapped.

Since our editor and publisher, Mr. Fujii, was confined to bed five days prior to the outbreak of Pacific hostilities, we employees have carried on with sole responsibility for the editorial policies and financial operation of the paper, and, as Mr. Fujii wished, we have continued as long as it was financially and otherwise possible.

For its eminent fairness to us during this period, we pay profound tribute to the United States Government. We are grateful that we have been able to continue so long with a freedom, possible only under a democratic form of government.

We also thank Father Hugh Lavery and other Maryknoll leaders for their invaluable advice in the absence of our publisher, and feel that all Japanese, issei and nisei alike, owe a debt of gratitude to them for guidance in this unprecedented crisis.

Finally, we thank, on behalf of Mr. Fujii and ourselves, our readers for their constant support throughout the years, and hope that we may again enjoy their patronage in the future.

We advise our readers to follow Army instructions implicitly. Correct information may be obtained, not from rumor-mongers and tipsters, but from the Maryknoll Center which the Army has designated as a temporary evacuation center, or from evacuee service centers in 23 Southern California communities.

We urge nisei and issei to have courage and during the days of resettlement, and to wait, with unflinching faith, for the day when all the people of the earth will unite to co-operate in the reconstruction of a new and better human society.

Let us join the evacuation movement, which is of vital necessity to our country, cheerfully and without rancor, for this is the supreme test of our loyalty and worth as an integral part of the American nation. Remember always that we are doing this to serve the interests of the majority of our fellow Americans and we must never allow ourselves to become bitter and cynical by viewing it as a result of racial prejudice.

Whatever our fellow Japanese might have in Hawaii at the time of the Pearl Harbor attack, we Nisei on the California coast certainly do not wish to be looked upon as potential saboteurs or fifth columnists. Neither do we have any desire to be charged responsible if and when any single bomb is dropped here, for it is quite certain that an enraged public will look for a scapegoat in us on such a event...

## 83 Workers Leave for Manzanar This Morning To Prepare for Others

Eighty-three professional workers, who have volunteered to show the way for Monday's 1000 and the thousands to follow, left the Maryknoll Center early this morning for Manzanar in Owens Valley.

The advance guard included

The Maryknoll Hall has become the main information center for Japanese evacuees, and information will be given in both English and Japanese.

A Post Office representative is present at the hall to take notifications of address changes, traveling permits, and a representative from U.S. District Attorney Palmer's office will be present tomorrow evening to issue a blanket permit to those leaving on Monday morning.

Automobiles which are taken to Manzanar will be taken by the government during the temporary sojourn at the camp, but will be returned to the owners when they leave for inland resettlement areas.

Forty square feet will be allotted to voluntarily evacuating families who wish to store their furniture. It must be well-packed and taken to storage places to be designated later. Members of the first 1000 may take their belongings to the Nada Saku Company, 810 4th Place.

### AIKO YOSHINAGA WINS C.S.F. PIN

Aiko Yoshinaga, active member of the St. Mary's Episcopal Church choir, was among the students to receive a California Scholarship Federation pin for outstanding scholarship at Los Angeles High School.

### Ishikawa and Bruins Win Another Match

Joe Ishikawa, U.C.L.A. wrestler, aided the Bruin team in a 16-14 win over the San Diego State College yesterday.

### Five Scouts Sent Out

A five-man scouting party to look for a place suitable for group evacuation will be sent out by the Honpa Hongwanji Temple next week.

The party has the sanction of Tom C. Clark, and will spend five days inland in an attempt to find a district to which the Buddhists may move as a group.

Among those who may leave on the trip are: Masuo Sakamoto, president of the church board, and Mrs. H. Y. Ohara, vice-president of the women's auxiliary in charge of location areas.
